Biographical Note

Born in May, 1933, to Eugene M. and Roka Gilkison Wanger in Chicago, Illinois, Eugene G. Wanger moved to Lansing, Michigan, as an infant. In school he participated in drama and debate, was interested in nature and won several forensic contests. He received accolades as a magician, which he began studying at the age of eight. He was a member of the International Brotherhood of Magicians and later entertained American Troops overseas for the Department of Defense. He attended Lansing Sexton High School and worked as a Y.M.C.A camp counselor.

For his undergraduate degree Mr. Wanger attended Amherst College in Massachusetts. Following his degree he attended the University of Michigan Law School in Ann Arbor. It was in law school that he met his future wife, an Ingham County native, Marilyn Morris.

After law school both Eugene and Marilyn worked as attorneys. He had his own private law practice, and at one time was Lansing City Attorney. She served as an Assistant Attorney General, and later as Commissioner for the Michigan Court of Appeals. Mr. Wanger was a delegate to the State of Michigan Constitutional Convention in 1961-1962, where he authored the state's constitutional ban on the death penalty, and since 1972 has co-chaired the Michigan Committee Against Capital Punishment.
He wrote three books and contributed to and worked on numerous historical publications and civil projects. He was a member of the Jaycees, Rotary International, the Ingham County Board of Commissioner and was one of the original incorporators of the Friends of the Lansing Public Library.

Collection Scope and Content Note

These holdings were collected and produced by Mr. Wanger over a period of several decades. The majority of the collection was acquired. However, the collection includes both published and unpublished material from Mr. Wanger himself. There are books, maps, atlases, newspapers, reports, small press publications and ephemera. The time span covered by this collection dates from 1849 to 2001. His bibliography *Discovering Ingham County* was published in 2003, and is a sequel to his 1977 publication *Ingham County Histories: An Annotated Bibliography for Students, Buffs and Collectors*.

Arrangement

This collection contains 17 boxes and 89 shelved books. The shelved books are organized alphabetically by author's last name. The series titles and organization are the same system Mr. Wanger developed. However, the box location of items varies due to constraints on box size and the fragile nature of some items. For inventory purposes, a separate listing of items per box and shelf listing of books by item number identified in Wanger's bibliography are included below. Additionally, a list of items found in *"Discovering Ingham County"*, but exempted from The Morris Collection, is also included.
