# TRY ME!

## WHEEL MASTER PRO™ 12

### FEET-INCH MEASURING WHEEL

The Wheel Master Pro 12 is a heavy-duty measuring wheel designed for professionals. The balanced center-line design is easy to use, lightweight and folds to half size for convenient transport and storage. Well-built and ergonomically designed, it is a tool that will give you accurate results you can count on for years to come.

1. **Pistol grip handle for ergonomic comfort**
2. **Hand brake on pistol grip for precise measuring**
3. **Re-set the counter from grip handle or counter unit**
4. **Folds to half size (from 38" to 19") for easier storage**
5. **Built-in carrying handle for easy portability**
6. **Easy-to-read magnified counter measures up to 9,999 feet, 11 inches**
7. **Sealed, gear-driven transmission for durability**
8. **12.5" diameter heavy-duty wheel**
9. **Convenient, sturdy flip-down kickstand**

**Designed for:**

Contractors, Estimators, Engineers, Landscapers, Paving Contractors, Real Estate Pros, Appraisers, Utility Personnel, Surveyors, Law Enforcement, Telecommunications Contractors, Facility Engineers; Fencing, Flooring and Janitorial Specialists
