CADL Mobile App

Minimum Requirements:

The Apple app requires an iPhone, iPad, or iPod Touch running iOS version 7 or higher. The Android app requires a phone or tablet running Android version 4 or higher. The app will work on 2nd generation Kindle Fire tablets and newer. Blackberry devices require BlackBerry OS 10.3 or higher. You will need 25 - 30 MB of storage to install and run these apps.

What can you do with it?

- Search and browse our collection
- Place holds on physical items
- Check out digital items
- Use your digital library card at checkout
- Search by scanning an ISBN or UPC code
- Manage your account - renew items; cancel, freeze, and unfreeze holds; view and pay fines; receive push notifications about account activity
- Browse and search our calendar of events
- Contact us with one touch calling, contact forms, social media, and branch information
- Discover premium subscription resources for lifelong learning
- Raise a reader with help from our special section for Kids & Parents

To attach library card:

1. Select My Account
2. Select Link My Account
3. Input library card number and the password/pin used to access your library account on the CADL website (if you get an error or cannot remember, please call or visit your **local branch**)
4. Note! Only one account can be linked per device

To checkout with your digital library card:

1. Select My Account
2. Select Digital Library Card
3. Present to staff at checkout or scan the barcode with the self-checkout scanner
