Died, at his residence in Lansing, on Thursday, May 19th, E. P. Boswell, aged forty years and six months.

This brief sentence records the loss of one of the most active business men of our city. Mr. Boswell removed to this place a little over two years since, from Henrietta, N. Y., some twelve miles from Rochester, and opened a Boot & Shoe store. By his prompitude and fair dealing he

and was a consistent chistian. He leaves behind a wife and four children to mourn his loss, as do we all. Requiescat in pace.

He picked up the trade of mapping, and by it acquired a fortune. He was frugal, temperate, and self denying. During the late session, he called at this office, and while here, exhibited signs of derangements. From the Detroit Free

He removed to Detroit in 1821, and took charge He removed to Detroit in 1821, and took charge of the school then kept in the old University building, recently demolished, which stood on Bates street. At that time this was the only school kept in the city, and many of those who are now actively engaged in the pursuits of life; and many more who have retired from active business, will remember with pleasure that old school and its teacher, as the place where and the person from whom they obtained the first and last of their education. Mr. Farmer was in charge of that school two years. On the 5th of April, 1826, he was married. He was always a diligent scholar and a hard worker. passion for map-drawing, and early in life turned his attention to that business. In 1825 he drafted a map of the surveyed portion of Michigan for Mr. O. Risden, copies of which are still ex-

tant and are known as Risden's map. In the following year he published one of Michigan in his own name. From that time he continued to be deeply interested in the geography of Michigan, and probably more than any other man has contributed to a perfect knowledge of its soil, resources and points of interest. For thirty-three years he has devoted rare powers of mind to the prosecution of his chosen pursuit. So ardently did he devote himself to this labor that

impaired a good constitution and induced that sad malady which has unhappily been the cause of his death. Farmer's maps of Michigan have obtained a wide-spread repulation, and have been for many years been looked upon as the most authentic and reliable maps of the State in existence. He has also published, at

different times, maps of the city of the city of Detroit and of the different counties of the State. His last work, weich he completed about the first of January last, was a map of Michigan and Wisconsin, embracing also a great part of Iowa, exhibiting the swamp and mineral lands. This is the best of his productions, and has already been extensively circulated, and been received

with much favor.

and his home, Ontonagon. He was born near Saco, Maine, in 1818, but removed with his parents very early to Macomb county, in this State. He passed some years at school at Hamilton, N. Y., after which he returned to Pontiac, and entered the office of Hon. Randolph Manning, as a student.

Mr. Hanscom was admitted to the bar in May, 1838, at Pontiac, and at once entered upon a bribiant and successful career of practice. His legal perceptions were clear, he was eloquent, quick, of imperturable good nature, and unbounded resources. He was without conceit, vanity, or egotism, was of the kindest temper, and the

most genial address and social manners. As a young man he had almost every grace of person, mind and manners, and but for one fatal infirmity would have realized, to their fullest extent, the

would have realized, to their fullest extent, the high anticipations of his friends. Mr. Hanscom served in several public capaci-

ties with credit. He was Clerk of the House of Representatives in 1842. He was Speaker of the House in the year 1845. He served in Mexico as captain of volunteers, at the head of a company of his own raising. He was a member of the Constitutional Convention of 1850, and at the time of his death he was Prosecuting Attorney

of the Upper Peninsula, and engaged in the ac-

tive duties of the office almost up to the hour of

his sudden death.

Mr. Hanscom was twice married—first to Miss
Forsyth, daughter of D. A. Forsyth, of Clarkson,
Monroe Co., N. Y., and next to Miss Weller, sister of Aug. Weller, Esq., of Lansing.

Poor Hanscom! he hardly had an enemy in the world. He disarmed enmity where it existed, by his imperturable good nature, his pleasant manner, and his real generosity of heart. His entire self-possession, his grace, intelligence, and natural taste, made him a welcome visitor in all circles, while his instinctive abhorrence of inflicting pain, or of wounding the feelings of others, attached to him all whom he met.

Mr. Hansoom was an active Democratic partisan, without the first spice of bitterness. He was a brilliant political speaker; and having resources of the brain sufficient to cope with the topics of the canvass, he was content to leave diatribe, invective and personal abuse, to those whose mental sphere was more circumscribed.

May he rest in peace! The blue, white-crested waves of Old Superior roll at his feet, and the sands from her depths cover his bosom, but there are many who started in life with him in whose hearts his good qualities will be "freshly

dream which she had the night before his death. And what is most singular she had related her dream yesterday, which was so strongly impressed upon her mind that she expressed the belief that he was dead, or would be returned to her a corpse. Her dream presented him coming to her residence carried on a board, as the scene appeared to those who had heard the presentiment as his body was carried from the Elgin past the Bigelow House, to his late residence, by six pall-bearers of the oldest citizens of the town.

I am not a believer in dreams, but this is a sin-

almost daily, not like other youth, full of life and sport, but with a pale face, marked by suffering, and the slow, weary gait of the hopeless cripple.

For ten years he was under our eye,

Yet with all this load of trouble, his mind was clear and active in the chase for knowledge, his heart was warm and grateful for such pleasures as were vouchsafed him, and his predominant emotions were those of kindliness and benevolence. Young Holm's had a thirst for scientific attainment, was eager for antiquities, and a collator of old coins and books, and had an unpolluted literary taste. He well knew, however, from the nature of his daily sufferings, that his brittle thread might part at any moment, hence he moved through the world as one not of it. Whatever a brief, blameless life of suffering, left to atone for, that atonement is believed to have been adequate, in a sincere and conscientious discharge of religious duty. October 7th, Mrs. CATHARINE M. HUNTOON, wife of Thales Huntoon, of Vevay, Mich., aged thirty years.

The deceased was a member of the First Pres-

byterian Church of Bunker Hill, Mich. In her we have another example of the power of the christian faith to sustain the soul in its struggle with the last enemy. She retained to the latest moment the full exercise of her mental vigor. Many were the expressions of christian triumph that fell from her lips as she passed along throughthe valley of death. Among them, "I know that my Redeemer liveth;" "I die in hope of a glorious resurrection." As we beheld her thus calmly treading the dark valley, how forcibly came home to us the language of the Psalmist, "Yea, though I walk through the valley of the shadow of death, I will fear no evil, thou art with me, thy rod and thy staff, they comfort COM. me."

HORRIBLE DEATH. A sad and melancholy accident occurred of Saturday afternoon last, by the strangulation of a child. It appears that a little girl, aged five years, daughter of John Zinzer, who resides on Jefferson Street, West Side, was swinging on the clothes line, jumping from a box which stood near. By so doing, the rope became stretched, and the child, in her play kicked the box away, got the rope twisted around her neck, and before aid could be rendered, life was extinct.—Grand Rap ids Enquirer.
