## Learn to Program with Ollie

**On iOS devices, install the Tickle app.**

Tickle is easy to learn, yet incredibly powerful. Learn to code the same way as the introductory Computer Science courses at Harvard and UC Berkeley. Tickle is a free app that enables you to learn to code with a visual programming language. It's easy and fun for both kids and adults! Find out more about Tickle at <https://tickleapp.com/>

Use the onscreen directions to use Tickle with Ollie

**For both iOS and Android devices, you can use Tynker.**

Tynker is an app that enables you to learn to code while playing fun puzzles and more. Find out more about using Ollie and Tynker at: <http://bit.ly/tynkerandollie>
