

Nature & Environment Module

Navigate Pack, Ages 8+

STEAM Academy offers an interdisciplinary approach that weaves together the science, technology, engineering, art, and math skills learned in the classroom and connects them to things kids see every day.

The goal of the Nature & Environment Module is to ignite kids' curiosity to explore the connectedness of the natural world around them. Topics in this module include cause and effect, biology, plants, weather, geology, and wildlife.

The apps, storybooks, and videos within this pack include:
