

Creation & Sound Module

Innovate Pack, Ages 5+

STEAM Academy offers an interdisciplinary approach that weaves together the science, technology, engineering, art, and math skills learned in the classroom and connects them to things kids see every day.

The goal of the Creation & Sound Module is to teach kids how creativity and self-expression apply to identifying and solving problems. Topics in this module include art, sound, color, tempo, rhyming, and literature.

The apps, storybooks, and videos within this pack include:
