## Instructions for assembly

1. Place 2 of the uprights on the floor parallel to one another (with the Ladderball logos facing out and 1" diameter holes facing in.)

2. Using 6 of the 1/4" finger bolts to secure the crossbars between the uprights, assemble one ladder by placing the blue cross bar across the top (nearest the plastic cap), the red crossbar in the middle and the white crossbar nearest the bottom. Tighten finger bolts.

1/4" finger bolt is threaded into crossbar from outside of upright

3. Use 2 of the 1" fingerbolts and two of the base bars to assemble the base bars to the bottom of the completed ladder.

Base bar insert can be removed and rotated 180°

## SET-UP

Place target ladders about 25 feet apart from each other. Play with 2 or 4 players. Teammates play entire game at opposite ladders. One player/team is blue, the other red. Players toss bolas from the area directly beside the ladders.

### Point Values:

Blue bar (top bar) = 3 points

Red bar (middle bar) = 2 points

White bar (bottom bar) = 1 point

## Classic Ladderball

Each player throws their three bolas alternately with the other player/team. Once all bolas have been tossed, each player/team adds up the total points scored for that round. If your bola was knocked off by your opponent, those points are lost. The player/team with the highest score for that round subtracts the other player/team's score from their own and this becomes their new score. The other player/team gets no points. With each round, scores are added until one player/team reaches 21 and wins.

### TEAM/PLAYER 1 lands:

1 on the blue bar (3 points each) = 3 points

2 on the red bar (2 points each) = 4 points

Total = 7 points

### TEAM/PLAYER 2 lands:

1 on the red bar (2 points each) = 2 points

1 on the white bar (1 point each) = 1 point

1 miss = 0 points

Total = 3 points

Team/Player 1 had the higher score, so they subtract Team/Player 2's score from their own (7-3=4) and add 4 points to their total score.
