TEN POLITICAL PARTIES TO APPEAR ON BALLOTS

RECORD NUMBER OF MINOR PARTIES IN ELECTION. Large Ballot To Be Handed Voters When They Go To Polls In General Election.

Voters who go to the polls November 6 will have a wide choice in choosing their political affiliations. There are 10 political parties with slates of candidates although only the Republican and Democratic parties have candidates for county office.

The Republican party is the only one to have a complete ticket. The Democrats are shy a candidate for a coroner's post.

Order Is Changed Before legislature the total vote cast for secretary of state in the preceding election governed the positions of the parties.

Two slates of candidates were nominated by the Commonwealth party. In Ingham county, at least, the slate headed by Jay W. Slaughter, Commonwealth candidate for United States senator, will appear on the ballots.

Woman for Governor If the National party elects its candidates Michigan will have a woman for governor. She is Ann L. Meadow.

The Amendments

The time has now come when the voter who desires to vote intelligently must give serious consideration to the six proposed amendments to the state constitution which will confront him on November 6.

The NEWS has refrained from a discussion of these amendments until it had reason to believe the public was in a mood to receive the subject and give it consideration. Now that the world series is over and the crops harvested and the evenings are long enough to permit careful reading, it becomes the joint duty of the newspaper and its readers to give earnest attention to the proposals offered.

Proposal number 1 provides for the election of judges on ballots with no party designation. In brief, the proposal would set up separate election machinery for the election of judges of the supreme court, circuit and probate courts and certain other courts in the larger cities. This proposal should be considered well. It will add to the expense of the elections and will do nothing toward curing the greatest ill of all, the popular election of judges. By many it is feared this process will bring to the bench, especially in the more congested areas, a more political type of judge even than is elected under present circumstances and regulations.

Amendments numbered two and three must be considered together. They are the gasoline tax and the weight tax amendments sponsored by the automobile club of Michigan and backed by the petroleum and automotive interests. Never before since the right to amend the constitution by the initiative method was adopted in the opinion of many well informed, have so vicious amendments been offered. The amendments are cleverly drawn in order to cover up and veil the sinister motives behind them. Couched in words and phrases to catch the eye of the careless voter who is led to believe the amendments would result in savings to him, these two proposals on the contrary will destroy the revenue system of the state, load a great burden back on the property tax, and yield the average motorist not a cent in tax relief.

Sinister Influences Appear

The sinister influences behind these amendments were smoked out last week when the secretary of state, on the advice and counsel of the attorney general, prepared the captions to go above these amendments on the official ballots. Copies had been forwarded the several county boards of election commissioners to be followed by printers in preparation of the ballots.

When they discovered that the cat was out of the bag, the interests behind these two amendments raised a furor of protest. They threatened mandamus proceedings. The secretary of state, busied with his campaign for governor, called upon a former attorney general to arbitrate. It is the duty of the secretary of state to draft the caption and his decree is final and must be followed by every printer who furnishes the ballots. Frightened at the threats of reprisals made by the gasoline and motor car interests, the secretary of state sought refuge, called back his former decree and later submitted a changed caption.

The captions originally submitted were complete, accurate and easily understood by the average person. Those now agreed to are involved and hazy but by no means are they as bad as the gasoline and motor car interests would have liked.

More Than on Face

These two amendments not only offend by writing legislative questions into the state constitution but they are designed to accomplish much more than a mere reduction in the gas and weight taxes.

The first amendment reads, "Such taxes (not to exceed two cents per gallon) shall be in lieu of any other taxes, state or local, in anywise based upon the value of such gasoline or other like motor fuels, or upon the use of such gasoline or like motor fuel to propel motor vehicles upon the public roads and highways of this state, or UPON THE RECEIVING OF INCOME OR RECEIPTS FROM THE MANUFACTURING, REFINING, SELLING, IMPORTATION, STORAGE, TRANSPORTATION OR DISTRIBUTION THEREOF."

The caps used are ours, employed here to bring out the hidden motive behind the proposed amendment. In amendment number 3, referring to the weight or license fees, the same language is found. "OR UPON THE RECEIVING OF INCOME OR RECEIPTS FROM THE MANUFACTURE, SALE, IMPORTATION STORAGE, TRANSPORTATION OR DISTRIBUTION THEREOF."

In other words, the sponsors of this amendment under the guise of a one cent reduction in gas tax from which the consumer will receive no benefit but which, records in other states show, will be absorbed by the petroleum corporations, save unto themselves exemption from the existing state retail sales tax and also save themselves from the possibility of any income tax or other form of tax to be applied in the future.

Results to be Expected

What will happen if amendments numbered 2 and 3 are adopted?

About \$6,500,000 will be clipped from highway revenues now going to the state. All the weight tax collected by the state and \$6,000,000 of gasoline tax is now going back to the counties. A total of \$12,000,000 is required by the state to pay the interest and retire outstanding highway bonds voted by the people, to meet the demands of existing contracts and encumbrances and to maintain the highways already built. Estimating \$14,000,000 as the amount to be collected from a two cent gas tax (three cents brings in less than \$21,000,000) it is plain to be seen that when \$12,000,000 is required for bonds and interest, existing contracts and maintenance, with not a cent included for new roads or extensions or hard surfacing, that at least all the \$6,000,000 now going to the counties will be immediately chopped off and its equivalent placed back on the local property tax levy.

But this is not all. The general funds of the state will be robbed of about \$6,000,000 to \$10,000,000 in sales tax revenues now collected. Michigan would then find itself in the strange position of a state demanding a three per cent tribute on the purchase of food for little children but exempting the purchase of a new car; gasoline to drive it; tires, batteries, motor oils and any and all accessories used on or about the automobile. When a harassed legislature would seek new methods

of replenishing its revenues and rehabilitating its fiscal system in order that the public schools might be supported and our unfortunate citizens kept from dying in the streets, its members would be forever stopped from considering an income tax measure because anyone in any manner connected with the business of manufacturing, transporting, selling, servicing, storing, or dealing in motor cars, accessories, gasoline or oils or any other articles used in, on or about a motor car or its use is exempted from any income tax or other form of tax. Can anyone imagine a legislature adopting an income tax under such circumstances?

Born of Greed

These two amendments were born in iniquity, have been nurtured by selfish greed, are designed to place the automotive and the petroleum industries in a tax exempt group, and if adopted will bring ruin and distress to every unit of government in Michigan. Their adoption will prevent any attempt to bring state aid to the relief of the property owner in the support of the public school. Their adoption will throw back on the property owners of Michigan the terrible burden of road tax lifted by the Horton and McNitt acts. Schools will close, highways will deteriorate, and the general funds of the state will be so impaired that a return to deficits and overdrafts will result. Township and county roads will go back on the tax rolls, but the property owner cannot pay and will not pay. Schools will be left with only the property tax and under the 15 mill limit, in many places they cannot exist.

Amendments numbered 2 and 3 represent the most dastardly attempt on the part of selfish corporate interests to literally destroy a state ever known.

Every property owner, every person interested in good government and the public school, indeed every motor car owner, needs to arm himself for this fight and not only cast a vote against this iniquitous and self-seeking interest but see to it that every friend and neighbor does likewise.

The remaining three amendments will be discussed next week.

Can Two Support 27?

Nearly every governmental bureau, state and national, nowadays appears to believe that without a publicity department they might perish. So a great amount of public money is expended in dishing up propaganda by which the job holders seek to milk more money from the public udder.

The Michigan Emergency Welfare Relief Administration is among those tax spending agencies which lays down a veritable barrage of canned news (?) regarding the activities of that lavish institution. In the issue of the news from that division of October 1 there is tucked away a little paragraph of extreme interest to the people of Michigan. This paragraph relates that out of 29 babies born in Isosco county during July, 27 were born to families on welfare support.

Some distinguished member of the New Deal recently complained that the people were refusing to take a "long view" attitude toward recovery policies.

Here is a good place to take that "long view." When these 29 children have grown to maturity will the two children born in self supporting homes in Isosco county during July be expected to support the 27 born in homes supported from public funds?

The same issue of the Welfare News states that 793,000 persons in Michigan are receiving public aid in some form during the present month. That total is one-sixth of the population of the state. Every five persons still supporting themselves are also compelled right now to also support one who is not self-supporting. If the number on public support increases at the rate of increase during recent months, the ratio might well be predicted to be 27 to 2.

But it is sure going to be hard going for the two.

The Mean

Some of the ancient philosophers weren't too point out that those who followed the mean in life were the happiest. Those who fell below the mean often lacked food and shelter. Those above the mean were subject to levies by Caesar, they were targets for the tax gatherers, they often were forced to stand by helpless while their goods were confiscated by those who envied them. The ancients asserted that the ideal position was one where a man had enough of the good things but not so much that his holdings created envy in others.

We saw the mean brought into play at a recent football game although the application was not a parallel with the crude explanation of the law in the first paragraph. We had fairly good seats, not too close that we were envied and not so far back that we could not see the game. Back of us were people using field glasses to follow the play. In front of us were state dignitaries in field boxes. The dignitaries were close to the play. They could follow every move with the naked eye. But the feminine members of the party were not content. They took out field glasses and scanned the crowds behind them. The occupants of the boxes could not enjoy the game because they feared they were so far out in front that no one behind them took notice of their position. People sitting far back could not enjoy the game because they had to use glasses to follow the play.

We who sat in the seats between the two extremes enjoyed the game. We were close enough to see the play but not so far out in front that we felt called upon to look back to make sure that our friends recognized our prominence.

How's Business?

"How's business?" is a question often asked. The answers vary greatly. For instance, the tobacco business is good, 9.2 per cent greater than during the first eight months of 1933.

On the other hand the same source of information from which the foregoing was gleaned reports that the Weekly Business Index shows a sharp general decline in new orders for recent months; exports of general commodities are off nearly 50 per cent and car loadings looked forward to at this season of the year are sadly disappointing.

"All that is needed," the report insists, "is a renewal of confidence and a manifestation of courage." Oh, Yeah! Confidence in the face of constant vacillation on the part of government agencies which have taken over business?

What Other Editors Have to Say

Two Veterans on G. O. P. Slate
Former service men are looking with favor upon the republican slate ticket at the Nov. 6 election because for the first time in the state's history two veterans of the World War are candidates for state posts.

Harry S. Toy, candidate for attorney general, is known from one end of the state to the other as Wayne county's fearless prosecutor. One of the first American officers to land in France, he was wounded in Belgium while serving with the British army. After recovering, Toy served as commander of a machine gun battalion and was wounded a second time. After his third visit to the front line trenches, Toy returned to the hospital as a victim of gas.

Gilbert H. Hunter, candidate for state treasurer and present register of deeds of St. Clair county, will always carry the effects of wounds received during the battle of Belleau Woods. Born in Port Huron in 1900 he was one of the youngest men in the famous Fifth Marine Corps, existing soon after the United States entered the war. His nomination has been endorsed by veteran organizations in all parts of the state.—Muskegon Heights Record.

No Incentive Left

Every man or woman in this nation, who works for a living, has a right to expect the opportunity to work and receive enough compensation so that he or she may live according to the American standards and at the same time lay aside, if they are so inclined, enough money to keep them independent during the latter years of their life. But in our opinion, no man or woman has a right to expect that when they have reached the age of sixty they may retire and be supported by the government by an old age pension, dole or any other kind of charity.

Among the different suggestions of an old age pension at one being given consideration, it provides for the payment of \$200 in cash each month to those having dependents and being more than sixty years of age. Several methods of collection of money are suggested as a means of obtaining cash with which to pay the birth-right for a mess of pottage. It is the sugar growers. Sugar growers do not need government dole. All they need is the same right to produce as nearly as possible the full amount of sugar consumed in the United States, just as other American farmers are protected in our home markets. If that were done the need would be no need for acreage reduction, or public hand-outs. Instead our sugar growers would rank among the most prosperous of all agriculturalists.—Fred D. Keister.

Payment Assured

We congratulate the sugar beet farmers who now seem assured of receiving their government funds between now and election day. The national administration has forced American producers to surrender a large part of the domestic market so that American capital invested in Cuba may be favored. It is therefore proper that the government should reimburse the farmers for some small part of the profits they are losing because of this unwise policy.

If ever a group of free American farmers were forced to sell their birth-right for a mess of pottage, it is the sugar growers. Sugar growers do not need government dole. All they need is the same right to produce as nearly as possible the full amount of sugar consumed in the United States, just as other American farmers are protected in our home markets. If that were done the need would be no need for acreage reduction, or public hand-outs. Instead our sugar growers would rank among the most prosperous of all agriculturalists.—Fred D. Keister.

Ten Years Ago

The home of Mr. and Mrs. George Gillespie, Alaledon, was the scene of a charming home wedding when their daughter Ruth became the bride of David W. Powell of Lansing. 165 guests were assembled.

Friends of William F. Richards, chemist for the Laboratory Products company, were surprised Friday to learn of his marriage to Miss Helen A. Palmer of Yale. The wedding was a quiet affair, only immediate friends and relatives being invited.

A tax of one and a half mills has been determined upon for county road purposes this year. The county road commissioners had asked for only a mill but the supervisors wanted more roads and so tilted the tax rate to include some projects not contemplated by the road board.

Mrs. Robert Laxton has left for California where she will spend the winter months.

Twenty Years Ago

The new cheese factory at Onondaga opened for business last Monday and promises farmers of that locality a fine market for their milk. The late potato crop in this vicinity is reported the best in years. The price is now down to 40c per bushel.

Announcement has just been made of the marriage at Eryan, Ohio, on August 27, of Miss Jesse Noxon of this city and Mr. Clifford Parrish of Atascadero. The young couple will make their home in Mason.

E. A. Tyler, Detroit, is with Mason friends for a time.

Mrs. C. E. Hill is at Grand Rapids attending the sessions of the Grand Chapter O. E. S.

Fifty Years Ago

The October term of circuit court will open in this city next Monday. The republicans of Wheatfield raised a Blaine and Logan pole last Thursday. The democrats and greenbackers will unite in raising a Cleveland and Hendricks pole at Fitchburg next Thursday. Many other pole raisings are being planned by both parties in various sections of the county.

Dr. A. Stanley Dolan, Dansville's promising young physician, is leaving that village to take up a professorship in the homeopathic medical college at the University of Michigan to which he has recently been appointed. Cattle are now being marketed. They are bringing the farmers 6 to 8 cents per pound alive.

Only 76 cases appear on the term calendar for the present term. Of these there are 12 criminal; 38 civil cases; 23 chancery, of which 12 are divorce cases.

AROUND THE STATE

IONIA—A. Willison of Grand Rapids, a commercial salesman, will not pick up any more hitch hikers for a while. Last week he picked up a youth who wagged his thumb. The salesman drove a few miles and then the hitch hiker pulled a gun. He relieved the salesman of \$33 and his car. The car was found on the outskirts of Grand Rapids an hour later but the hiker was missing.

CHEWANING—Forty coal miners started a co-operative mine a year ago. Last week the miners uncovered a thick strata of good coal. The shaft has been completed and the mine will be in production within a month.

ANN ARBOR—The Washtenaw board of supervisors pared the circuit judge's salary \$3000. Judge George W. Sample is now paid \$11,000 of

living. While it might be argued that the present scheme of living needs to be changed, we cannot help but believe that a method that has placed this nation in first place in living conditions and that continues to hold it far above other nations despite progress there, year by year, is not one to be lightly tossed aside.

The change in plans for living, would be great. Most of us, being lazy by nature and workers because we must, would find it an easy thing to slide along during the first and best part of our life time and we would constantly look to that golden age period when the government presented us with our living upon a golden platter. There of course would be some, who would not be content with the government allotment and upon these few would be forced the job of making the country's progress, and when a nation fails to make progress it ends the peak of its career as a nation and begins the gradual slide down the ladder.

A pension for the aged is in some instances a method of charity that must be given in one form or another, but to assure all that they will have a golden old age without undue effort upon their part will halt the progress of those people. In our opinion, no nation ever became great, no people ever became outstanding and no civilization ever progressed without the constant effort of man to build security, financial and otherwise, for himself. If we give him that financial security he doesn't have much incentive left and he stops climbing.—The Allegan News.

Committees have been appointed by the Worthy Matron, Mrs. Maebelle Howlett, and are as follows: Dinner committee, Zaidce Allen, Irah Braman, Helen Young; dining room, Veda Dayton; and decorating, Iva Corwin.

Surprise Party

Several friends of Wayne Walker surprised him Saturday evening in honor of her birthday anniversary. Games were enjoyed, after which light refreshments were served by Mrs. Walker.

Methodist L. A. S.

The Methodist Ladies Aid society will hold their next regular meeting Wednesday, October 24, at the town hall. The business meeting will be held in the afternoon, followed by a penny supper which is public. The committee for the supper consists of Mrs. Ada Lee, Mrs. Iva Corwin and Mrs. Hattie Richards. The menu at this time has not been decided but a good variety has been promised.

Rev. Whims Coming

Next Sunday evening Rev. S. R. Whims, pastor of the Free Methodist church of Williamston, will deliver the sermon in place of Rev. V. J.

Anderson, who is conducting evangelistic meetings at Leslie. Rev. Whims is beginning his second year in Williamston, and previously was in Saginaw.

Woman's Missionary Society

The Woman's Missionary society of the Free Methodist church will meet Mrs. Elsie Freer. The meeting will be called at two o'clock and presided over by Mrs. Ella Hayhoe, president.

Community Aid

The regular meeting of the Community Aid was held last Thursday at the home of Mr. and Mrs. George Prost. A potluck dinner was served to about 30 at noon, followed by the business meeting and program, the latter consisting of singing. The next meeting will be held with Mr. and Mrs. Chapman the second Thursday in November.

Stamp Club

The stamp club is preparing for items for their exhibit to be held soon according to the president, David Tilford. It will undoubtedly be in connection with the school fair, November 22 and 23.

O. E. S. Meeting

The O. E. S. met Thursday evening in the Masonic hall. Mrs. Irma Hullberger, associate matron, presided

over the meeting in the absence of the Worthy Matron, Mrs. Maebelle Howlett, who was attending grand chapter. Delegates were appointed to attend the county convention, which is to be held in Stockbridge, Thursday, October 25, and are Iva Corwin, Vera Dayton and Zoa Hobart.

Missionary Meeting

The Woman's Home and Foreign Missionary society met at the home of Mrs. Ruby Dixon, Wednesday afternoon. A short business meeting was held at which time plans were made for sending canned fruit and jellies to Esther Hall, Detroit, and for a public thank offering sometime in November. The next meeting will be with Mrs. Frank Grimes, the second Wednesday in November.

Teachers' Institute

There will be no school Friday, October 19, on account of teachers' institute in Lansing on that day. This institute will be for all schools in district No. 3 and the majority of the sessions will be in Prudden auditorium.

Student Council Advisor

Last Friday afternoon the officers of the Student Council held their first meeting and appointed Miss Marcia Detloff, English teacher, as their advisor. A short, snappy assembly program was enjoyed Monday forenoon when Jack Dunn from the Hawaiian Islands, and Carl Shopture Farmer of the school. Mr. Dunn is a delegate from the Hawaiian Islands to the national convention which is held at Kansas City, October 19 and 25. He arrived on the continent September 20, and has been visiting since that time, spending the most of his time with the National Future Farmer officers. As Carl happens to be the National Future Farmer secretary he is visiting him. Jack's talk was on comparison of climate, agriculture and other conditions in the islands to the mainland. He also spent some time in discussing the present movement in the islands. Carl Shopture will attend the convention from October 19 to 25.

F. F. A. Initiation

The F. F. A. will hold their green-hat initiation Wednesday evening, October 24, at the school when several new members will receive the degree. The degree is put on by the officers of the organization, who are president, Norman Smalley; vice president, Philip Moran; secretary, Donald Crakes; treasurer, Donald Haggerty; reporter, David Woods; and Mr. Alton, advisor.

Football

Dansville held Haslett scoreless last Friday afternoon at the local field and won by the score of 39 to 0 for their fourth successive victory. Moran and Hayhoe scored the first quarter, then Dansville was apparently satisfied with the score and did not play very enthusiastically for the remainder of the game. The half ended with the score 26 to 0. Then at the second half Dansville made a touchdown on a pass from Vogt to Diehl and Hayhoe intercepted a Haslett pass and made a touchdown after a 40-yard run. Smalley also scored late in the last period. The only man on the Aggie's team to play good ball were Haggerty and Berger. Then at the second half Smalley and Smalley in the backfield. Haslett had a hard fighting team, with a strong offense, but rather weak defensively. Because it was considered an easy game Dansville did not put forth their usual good fight but this week when they journey to Williamston and play there Tuesday afternoon it is expected they will show their usual good form, which has been prevalent this year in the pinches.

Home Furnishings

The Ingham home furnishings group held its first meeting Tuesday afternoon at the school. The meeting was called at one o'clock by the chairman, Mrs. Pearl Terrell, with 30 members and 5 visitors present to receive the first lesson on "Recognizing and Selecting Suitable Furnishings from the Standpoint of Quality." Plans were made for an exhibit of last year's work at the school fair November 23 and 24. The recreational leader, Mrs. Maebelle Howlett had charge of a few interesting and amusing stunts during the intermission of the lesson. A review of the last two years' work was given by the leaders, besides the presentation of the new lesson. The next meeting will be held November 26 at the school.

Masonic Supper

The Dansville F. & A. M. No. 160, have made plans for their annual supper which will be held Tuesday night, October 23, at the school. B. A. Walpole from the department of education from M. S. C., will be the speaker. There will also be entertainment from the boys' vocational school or some other feature equally as attractive. The menu will be roast beef, mashed potatoes, rolls, salad, pickles, pie and coffee. This supper and entertainment is public. A small charge will be made.

Farewell Party

Last Friday evening, the neighbors and friends of Mr. and Mrs. George Ruff honored them at a farewell party at their home. Mr. and Mrs. Ruff expect to leave soon for their new home in Lake City. The evening was spent in visiting after which light refreshments were served.

W. O. T. U. Meeting

The regular meeting of the W. O. T. U. was held last Friday afternoon with Mrs. Mabel Hedglen. Mrs. Clara Vogt acted as leader for the occasion and chose a Biblical verse as her topic. All other members read a few lines from "The Union Signal," a temperance paper. The next meeting will be with Mrs. Ruby Dixon.

Y. P. M. S. Meets

The Young Peoples Missionary Society met Friday evening at the home of Rev. V. J. Anderson and Mrs. Anderson. The meeting was presided over by Albert Osborne, president. A program was enjoyed with Mrs. Jessie Osborne in charge, consisting of a report on "Missionary Tidings" by Eva-deen Hayhoe, and a contest on Bible pictures which was very interesting.

Junior Missionary Society

The Junior Missionary Society of the Free Methodist church met Saturday afternoon at one o'clock with Miss Orrene Freer. The children started to make Missionary penny bags and are studying a book in the course of lessons by Margaret Baker. The society meets once each month and will meet with Warren and Lowell Anderson for the next lesson. At

present there are 14 members, an increase of four over last month.

FILM NEWS MASON THEATRE

Ken Maynard and his wonder horse Tarzan are coming to the Mason Theatre Friday and Saturday in another thrilling drama of the great open spaces, "Smoking Guns." Ken rides and fights his way through many terrific battles to establish his innocence of a murder charge. You'll witness a thrilling battle with man-eating alligators when Ken and a Texas Ranger, played by Walt Miller, fall into a river filled with the reptiles. In the cast are Gloria Shea, Harold Goodwin, Ben Corbett, and a score of rough-riding western players.

A Corthell and Hurst comedy and the novelty reel "Stranger Than Fiction," complete the program. Interesting but different, is the critic's reaction to "The Crime Doctor," the feature attraction for Sunday and Monday. Otto Kruger, Karen Morley and Nils Asther head the cast of this outstanding departure from the usual screen drama, depicting an apparently perfect crime that collapses at the moment of triumph. Neither a mystery nor an underworld picture, the picture tells a suspenseful tale whose secrets are unfolded to the audience as the story progresses, but are hidden from the innocent characters in the drama.

"The Detroit Tigers in Action," showing interesting shots of each Detroit player, is a special attraction for Sunday and Monday, in addition to the comedy and newsreel.

Two complete feature pictures and an added short subject are promised for next Tuesday and Wednesday, inaugurating a new policy of the Mason Theatre. James Cagney's new starring picture, "Jimmy the Gent," is a hilarious comedy romance about two crooks who are each trying to expose the other to impress the girl they both love. Bette Davis is Jimmie's sweetheart, Alan Dinehart is his rival. Alice White, Allen Jenkins and Mayo Methot supply plenty of comedy in supporting roles, and the rest of the cast are well known players. Second on the program is "Embarrassing Moments," with Chester Morris and Marjorie Nixon, also a lively comedy, this time about a practical joker who delighted in playing tricks on his best friends, and they turned the tables on him with a vengeance.

The Mills Blue Rhythm Band is an added attraction for the wide-week program, which is offered at the usual popular prices.

Coming next week are Stuart Erwin and Pert Kelton in "Bachelor But," Margaret Sullivan in "Little Men, What Now?" Ben Bernie in "Many Happy Returns" and Tim McCoy in "The Voice in The Night."

Dansville And Okemos Maintain Leadership

OKEMOS GETS PAST DIMONDALE BARRIER EASILY.

Dansville and Okemos are still without defeats or tie scores to mark their conquests in County League play. Dansville maintained its high-scoring record by trampling Haslett 39 to 0 last Friday while Okemos hurdled the Dimondale barrier 12 to 2. Leslie was upset 27 to 6 by Fowlerville and Holt bowed to Williamson 18 to 0.

The Aggies leaped to the front in the first quarter when Hayhoe and Moran each crossed the line for a touchdown. After the first scoring spree the Aggie attack slowed up although the pace yielded a touchdown in every succeeding quarter.

Okemos found stern opposition in Dimondale. The Indians blocked a punt to pave the way for the first touchdown and played smarter football to gain the second. The Indians kicked off and the Maroon back allowed the ball to bound free, believing the rule on the kick-off was the same as with a punt.

An alert Okemos back pounced on the ball on the Dimondale 15-yard stripe and gained possession. From the 15-yard mark the ball was lugged across the goal. Dimondale's brace of points came when an Okemos back was tackled behind his own goal on an attempted punt.

"What made you so late quitting tonight?" "I wasn't doing anything and couldn't tell when I was through."

REVAMPED MASON TEAM TO MEET HIGHLANDERS

TOUGH GOING AHEAD FOR MAROON GRIDDERS.

Coach Dawson Has Been Forced To Build New Team To Meet Strong Howell Eleven.

When Mason and Howell high school football teams clash at the Livingston county seat Friday afternoon Coach Gordon Dawson will send forth a revamped lineup to face the Highlanders who bowled over Eaton Rapids 26 to 12 last week. Eaton Rapids had an easy time with Mason two weeks ago.

The Mason team has been rebuilt the past week. Aseltine, end and halfback, and Merle Whipple, back, have left the squad. Coach Dawson has been seeking a backfield combination from among Burt, Sedy, Fredson, Fuller and Sussor this past week. King has been sent into the forward wall to strengthen the defense and provide interference for offense.

Sanford Silsby is back in the line after a vacation due to inelegibility. His return will aid the Maroons materially. Haskell, Lamphere and Youngs are three newcomers who have been making rapid strides in end play. Lundy, Snow, Smith and Gruhn are others who have made creditable showings in the drills of the past week.

Just to keep his boys in practice Coach Dawson has secured a home game for them the Friday following the Howell encounter. Lansing Central reserves will come to Mason to take on the Maroons November 26.

ELECTRICITY is cheaper than EYES

You have only one pair of eyes.

When measured against precious eyesight, electricity is a bargain of rare value. Modern electric light—right light—contributes a daily public service in helping conserve eye-sight in home, school and business.

A few cents a day buys all the electricity needed in the home to improve your lighting, add brilliance, color and cheer, and spell the difference between eye strain and eye comfort.

The price of electricity in the home is now the lowest in history. It also does more things and does them better than ever before.

LARGEST RIVER SYSTEM

The Amazon, which with its tributaries comprises the largest river system in the world, is navigable for 3,000 miles, the distance from New York to London. In many places the Amazon resembles a sea more than a river.

USELESS PARLIAMENT

The parliament convened by Charles I on June 13, 1625, adjourned on Oxford August 1, and dissolved August 12, having done nothing but offend the king, was designated the useless parliament.

It is an unwritten law that battleships always bear the names of states, cruisers those of cities, and destroyers the names of departed naval officers, secretaries of the navy or enlisted men who have performed brave deeds. Transports bear the names of Marine Corps generals, tugs are named after rivers and minesweepers after birds.

Submarines bear the same names as denizens of the deep, collars and cargo ships the names of stars, and hospital ships bear such names as "Relief", "Mercy", etc.

"Spike" Webb, naval academy boxing coach, has helped train world champions Gene Tunney, heavyweight 1926; "Kid" Williams, bantamweight, 1914; Genaro and La Barba, flyweights, Jackie Fields, welterweight, 1932; and Berlenback, light heavyweight.

Business is a game, and we are all in it. It requires a certain amount of energy to succeed. But the men who do big things are those who occasionally get away from the mass and find rest and recreation where the winds blow and the soothing waters flow; where the odor of the pines is perpetual, and where nature supplies everything in the way of health and healing that tired bodies demand.—Elihu Hubbard.

These experts who declare that American life is moving in cycles are just adopting a more comforting way of saying we are running around in circles.

BRAKES For Your Money

The ability to spend just what you can afford—and stop spending when the budget can no longer stand it—is an ability possessed naturally by few of us. Fortunately, by the intelligent use of banking facilities, we have available a brake to help us stop at the proper time. One of the best of these brakes is a checking account.

A checking account provides the utmost efficiency in the handling of your money. You have a receipt for every item expended. A checking account makes it easy to pay bills by mail. A checking account here is a perfect check on expenditures. At the end of a month you can figure right down to a dime what it cost you to live or to carry on your business. There is no guesswork about a checking account.

The small tax charged on checks is less than the fee charged on money orders. Even with the special tax in force a checking account remains the most satisfactory and economical method of paying accounts.

Rural School Teacher Is Claimed By Death

FUNERAL HELD SUNDAY FOR MISS LILA G. BLAKELY.

Miss Lila G. Blakely, 22, died at the home of her parents, Mr. and Mrs. Frank Blakely, eight miles southeast of Mason, Friday after an illness extending over several months. Miss Blakely taught the Barnes school. Funeral services were held in the Leslie Congregational church Sunday afternoon. More than 300 people assembled for the rites. The Rev. O. B. Thurston of the Leslie Congregational church officiated. Burial was in Woodlawn cemetery. Six young men of the Mason high school graduating class of 1930 served as pallbearers. Miss Blakely was valedictorian of that class.

Death could not possibly have chosen a more light-hearted, cheerful and popular victim. Although in a grave condition for the past six months Miss Blakely maintained her courage until the last. She was one of the most popular students during her two years in Mason high school and during her year in the county normal. She was regarded as one of the most capable rural school teachers in the county.

Miss Blakely was born March 7, 1912, in the home where she died Friday. Besides the parents there remain three sisters, Ethel, Erma and Dorothy, a brother, Royal, and the grandparents, Mr. and Mrs. Reuben Scofield.

Miss Blakely attended the Felt Plains school and then entered Leslie high school. After two years she transferred to Mason high school and was graduated from Mason with high honors in 1930. She entered the Ingham county normal the following fall and was graduated with the teachers' class of 1931. She attended summer school at Ferris Institute one term. Her teaching experience covered two years in the Cady district before going to the Barnes. She was on her second year at the Barnes. A substitute teacher had been employed during Miss Blakely's sickness.

Three members of the 1930 graduating class have died. Dan Donohue died before graduation and Miss Lura Blodgett and Miss Blakely have since died.

DeWolff Hopper will do the announcing.

Sanatorium Elevator Balks On Supervisors

INSPECTION TRIP OF SUPERVISORS MEETS DELAY.

Eighteen members of the Ingham county board of supervisors and a nurse at the Ingham tuberculosis sanatorium were "up in the air" last Thursday during an inspection trip of the county institution. The 18 solons were being escorted through the sanatorium by a nurse. The entire party entered an elevator. A descent was started but the heavy load caused an automatic safety device to function and the 18 men and one woman were trapped between two floors. After a long delay a crew of engineers forced open an elevator door and the supervisors and the nurse crawled out of their cage.

Other members of the junket were endangered at the county infirmary at noon when a chicken dinner was served. Several city members of the board were in dire distress from overindulgence at the chicken dinner.

Supervisor Tyler of A1aiedon all of the supervisors completed their week's work without broken bones. The A1aiedon solon was a casualty on the opening day of the session when he cracked a rib. Sup. Tyler with other members of the jail farm committee was inspecting the station in the rear of the county park. To peer into a bin Sup. Tyler jammed a stick between boards on the side of the bin and stepped up. The stick slipped and so did the supervisor. When the supervisor fell he cracked a rib. He was given first aid by other members of the party and was able to attend all sessions although he was in considerable pain.

Salary Scale Adjusted By Ingham Supervisors

(Continued from Page 1) Brogan, Edgar, Fay, Hayner, Hushcke, Kaiser, Speers, Tyler, Walker and Woods.

On the vote to increase the salary of the county treasurer to \$3300 from \$2800 Sup. Carven and Sup. Doxtador voted in the negative while Sup. Walker voted with the majority. The vote was 18 to 12 in favor of the increase.

The Vevay and Onondaga supervisors remained with the minority on the 17 to 13 vote giving an increase of \$500 to the register of deeds. Sup. VanBuren also joined the minority while Sup. Walker voted in the affirmative.

The 18 to 12 vote granting the county clerk a raise of \$400 the negative votes were cast by Brogan, Carven, Doxtador, Edgar, Fay, Hayner, Hushcke, Kaiser, Speers, Tyler, Walker and Woods.

The salary of the prosecutor was adjusted on an 18 to 12 vote, the negative votes being cast by Brogan, Carven, Doxtador, Edgar, Fay, Hayner, Hushcke, Kaiser, Speers, Tyler, Walker and Woods.

A proposed salary boost for the county agricultural agent was killed 22 to 8.

The salary scale as it was finally adopted was approved by a vote of 22 to 8, the eight voting against the schedule being Sups. Beatty, Edgar, Fay, Hayner, Speers, Tyler, Walker and Woods.

Rising costs of food, fuel, clothing and rents were cited by those who favored the increases. The salary plight of rural taxpayers was pointed to by supervisors who voted against the increases.

Politics Charged. Supervisor Tyler of A1aiedon livered the discussion by hurling the charge of politics when the salaries of county road commissioners were discussed. The charge was hotly refuted by Sup. Carven of Vevay. The road commissioner's pay was discussed at length and Sup. Doxtador claimed the county has probably been paying out money illegally in paying mileage and per diem to road commissioners. The pay of the commissioners is \$4 per year. Arthur H. Phillips and Charles Murray, two of the commissioners, have been paid mileage and per diem in addition. The payment of the extra compensation has been frequently discussed on the board and court action threatened but the practice has continued.

Sup. Doxtador defended the policy of having one road commissioner working nearly full time. He asserted such service by one of the commissioners is a necessity.

The salaries committee recommended a salary of \$600 per year for Commissioner Phillips who was elected Thursday for another six-year term. The stipulation was made that no mileage or per diem would be granted for Mr. Phillips. A move was then launched to fix the pay of all the commissioners at \$600 per year. A motion and three amendments were finally offered but eventually the recommendation of the salaries committee was adopted.

A move to raise their own wages of \$4.00 per day to \$5.00 per day was defeated by the supervisors.

Salaries paid the present year and those to become effective with the beginning of new terms of office in January, or July, in the case of circuit judges, are given below:

Table listing salaries for various judicial and administrative positions, including Judge of Probate, Judge of Juvenile Court, County Clerk, and various court clerks.
