CIVIC GROUPS DISCUSS MASON SCHOOL ISSUES

CRITICISM OF SCHOOL ASKED BY AUTHORITIES.

Churches Ask That One Friday Night A Month Be Given Over For Church Affairs.

Representatives of 14 Mason fraternal, civic and church organizations met in the school library Monday night to discuss school problems with Supt. Edwin M. Boyne and Principal Clifford Walcott. The meeting was called by the school authorities to go over criticism of present trends in school operation, in schools in general, not especially the Mason school.

Criticisms discussed at the meeting included statements that boys and girls do not know how to live, refuse to assume responsibility, do not respect for authority, are not courteous and are lacking in respect for older people, are not observant, do not respect property rights, do not know the value of money, do not appreciate what is done for them, think that the world owes them a living, and are unable to spell and read well.

On several of the criticisms no decision was reached. On others it was agreed that the school, homes and churches must work together to remedy situations.

Supt. Boyne presented charts showing that the Mason pupils were far ahead of the national average in ability to spell and read and in arithmetic and language. He stated that the Mason school is attempting to cater to the interests and purposes of boys and girls, to improve work habits, to present opportunities for creative work, to help in making social adjustments and to develop a functional, social philosophy of life.

The school superintendent stated that many radio and movie programs are harmful to youngsters.

Defends His Plan

Operation of the Mason school bus on educational and pleasure trips and to furnish transportation between Mason and Pleasant Lake for children's swimming parties last summer was defended by the superintendent. He also explained the division of bus operation costs between the district, two rural districts and the state.

School costs, enrollment figures, the school debt and other administrative problems were discussed.

Two concrete decisions were reached. The first was that beginning next fall the school will give up one Friday night a month to the churches. Heretofore nearly every Friday night of the school year has been occupied with school dances, class dances, school entertainment or basketball games. Spokesmen present from the churches Monday night complained that churches are unable to develop programs for young people because of the continual Friday night school calendar. School authorities agreed that the criticism was well founded and that beginning next fall at least one Friday night a month will remain vacant on the school calendar.

Another decision is that to avoid conflict of dates between the school, churches and other organizations that a calendar will be kept by the Ingham County News, and that major events listed several weeks in advance. A representative of the Ingham County News explained that the calendar will be printed in the newspaper not more than 10 days ahead but that an event calendar will be kept weeks in advance provided churches and other organizations co-operate.

In closing the meeting, Supt. Boyne declared that the school authorities want honest criticism of the school to be made by parents and organizations. He also urged that parents visit school and confer with teachers.

CHAIRMAN OF BOARD

JOHN B. FAY

Enough Republicans joined with the Democratic minority on the board of supervisors Tuesday to elect John B. Fay, Democratic supervisor from Delhi township, chairman of the board. He defeated Sup. Joseph Speers, Locke Republican, 19 to 14. Although the election was by secret ballot, the rumor persists that the 12 Lansing city supervisors split their votes between the candidates, with enough going to Sup. Fay to turn the election.

Sup. Claude D. Young, Leslie Democrat, was not a candidate for the chairmanship. He threw his support to the Speers candidacy.

The Ingham board of supervisors does not operate along partisan lines because Lansing, East Lansing and Mason supervisors are chosen on non-partisan tickets. The 16 township supervisors are elected as Republicans or Democrats.

Sup. Speers was nominated by Sup. Floyd Shaw of Lansing as temporary chairman. He was elected unanimously to the temporary office. Sup. Shaw nominated the temporary chairman as permanent chairman and Sup. Ralph W. Crego of Lansing nominated Sup. Fay. On secret ballot Sup. Fay won.

The Locke supervisor was unanimously chosen vice chairman.

The new chairman is serving his 13th term as a member of the board. He was first elected supervisor in 1918 and served through 1922. He returned in 1932 and has served continuously since. Sup. Speers is serving his 5th term on the board. Sup. Fay's supporters made it plain that they had entire confidence in him and that according to an understanding were voting for Sup. Fay.

SUBDIVISION PROPERTY ADDED TO EAST LANSING

HUGE HOUSING PROJECT IS BEING ERRECTED.

County Takes No Action On Claim Of Woman To Recover Costs Of Sanitary Probe.

East Lansing is bigger by about 15 acres and Lansing township has shown that much by action taken by board of supervisors Tuesday. By unanimous vote, supervisors approved the annexation of 15 acres of land in Lansing township adjacent to East Lansing to the college city.

There was no Swastika banner or the pomp of Mussolini's legions yet the annexation went through. There was just one protest: Sup. Roy B. Moore of Lansing township appeared before a special committee and pointed out that the annexation of the area which lies between Grand River and Saginaw street, north of East Lansing, will cause his township to lose tax-paying property.

On the site is being erected a 300-family apartment by a Detroit syndicate. The apartment development is expected to increase the exodus of Lansing people to East Lansing which has been thriving mightily at the expense of Lansing. Work on the apartment house project has already begun.

NEW FARM LEADER

ELMER A. BEAMER

Elmer A. Beamer of Blissfield, appointed commissioner of Agriculture by Governor Luren D. Dickinson, will assume duties of office April 15. The new department head succeeds John B. Strange, of Grand Lodge, who became a member of the Civil Service commission as a result of the change.

Beamer and Strange were in conference Wednesday and Thursday regarding matters of the department, following which Beamer announced that he intended to devote his time prior to April 15th to the closing of private business matters, preparatory to taking over the commission.

The incoming commissioner has tendered his resignation as president of the National Livestock Marketing association. Owner and operator of a large Lenawee county farm, Beamer has pledged to "bring a practical farmer's viewpoint to this state position."

SUPERVISORS SUPPORT DELINQUENT TAX BILL

WANT STATE LAND BOARD TO HANDLE LIQUIDATION.

Oppose Turning Of Northern Lands Over To The State Conservation Commission.

Ingham county's board of supervisors voted unanimously Tuesday on the adoption of Sup. Grover Barnhart's resolution instructing Governor Luren D. Dickinson, Senator Harry F. Little and other senators to take action on the house bill No. 220, the so-called Knox bill. The Knox bill provides that certain tax delinquent lands in the northern part of the state be withheld from the state conservation commission and turned over to a newly-created state land board for liquidation.

Clarence V. Lock, county treasurer, appeared before the board and explained that under the 1937 act establishing the land board that the state gets absolute title to delinquent lands. Under the act the state land board is to sell the lands on bids with the understanding that the land shall be returned to tax rolls as soon as possible, and in a period not longer than four years. As explained by Mr. Lock, the state land board has only four years to work out delinquencies extending over 15 years. The state land board, of which V. J. Brown of Mason is the chief, has control of the delinquent lands south of the Arenac-Oscoda line while the conservation commission will handle the lands above the line.

State Demands Probe Of McKay Commission

GOVERNOR DICKINSON ORDERS INVESTIGATION OF BRIDGE BOND COMMISSION PAYMENT.

Gov. Luren D. Dickinson has demanded a complete investigation of the payment of \$92,300 by Stranahan, Harris & Co., Toledo bond brokers, as commission to Frank McKay, Grand Rapids Republican czar, on the sale of Blue Water Bridge bonds. The Blue Water Bridge connects the United States and Canada at Port Huron and Sarnia.

No state funds are involved in the bond transaction. The province of Ontario built the Canadian approach and the Michigan state highway department constructed the American approach to the span. A private corporation was set up to build the bridge and float \$2,300,000 in bonds. A goodly share of the revenue bonds were turned over to PWA to secure the loan. Remaining bonds were disposed of to the public and it is between the bond broker and the public that the McKay commission was paid.

Whether the commission paid McKay was a bona fide commission for securing bond buyers, whether it was a wash transaction to cover a discount or whether it was plain chisel is what is concerning Governor Dickinson. The probe will extend further than Michigan, however, as federal funds are involved.

Information regarding the bond transaction was disclosed before the house ways and means committee in congress Tuesday. Immediately on receipt of the information Governor Dickinson ordered Attorney General Thomas Read to investigate. Attorney general dispatched an assistant, James W. Williams, of Jackson, to handle the investigation in Washington.

McKay admits that he received the commission but declares that it was open and aboveboard and strictly legitimate.

The Grand Rapids politician is a business man with far ranging interests. His friends say that all his business dealings will stand investigation. His enemies accuse him of being in league with Ed Barnard of Wayne and William McKelgham of Flint in controlling or attempting to control the Republican party.

GRANT M. HUDSON

GRANT M. HUDSON

Mr. Hudson is making a comeback in politics. He has been a state buyer, which is considered to be a temporary job.

GRANT HUDSON HIRED TO BUY STATE GOODS

AUDITOR GENERAL BROWN DEMANDS CLEANUP.

Dry Crusader May Also Take Over Task Of Buying Goods For Liquor Commission.

Grant Hudson, who for several months has been standing by for a state job, was appointed by Governor Luren D. Dickinson Tuesday as state buyer. Mr. Hudson will work under Lawrence Niendorf, secretary of the state administrative board, and will have charge of the state buyers who are under civil service. The job is not regarded as permanent inasmuch as several bills before the legislature provide for abolishing the state purchasing department.

Mr. Hudson is a lifelong supporter and co-worker of Governor Dickinson. Both have long been active and have held office in the Michigan Anti-Saloon League. In religious circles the state's most prominent Methodists while Mr. Hudson is a former Baptist preacher and a leader in the state Baptist organization. After serving in the state legislature Mr. Hudson was elected to congress, representing the sixth Michigan district from 1922 to 1930 when he was defeated by Secretary H. Person in a pre-emptive showing of anti-prohibition strength.

An anomaly is that the state prohibition worker may supervise the buying of liquor for the liquor control commission. According to Muri H. Defoe of the liquor board the liquor purchases may be placed under Mr. Hudson's supervision. Under the last two administrations there have been numerous charges that liquor buying has not been on the level. The charges have never reached the courts, however. Mr. Defoe was quoted as saying that distillers and sellers of liquor have suggested that Mr. Hudson's department do the buying for the state.

That Mr. Hudson will outlast his buying job, should the abolition of a foregone conclusion around the capitol. It is known that he was long considered as the man to succeed Charles E. Gauss as state insurance commissioner. John Emery of Grand Rapids, former national head of the American Legion, succeeded Mr. Gauss, however. Now it is reported that Mr. Hudson is in line for another state job, listed as of greater importance and security than the purchasing post.

GOOD FRIDAY SERVICE SET ATTENDANCE MARK

Practical Christianity Recommended By Speaker.

Dr. Alexander G. Ruthven of University of Michigan Urged Tolerance.

Mason's Good Friday services held in the Presbyterian church last Friday afternoon drew a record throng of worshippers. Every seat in the auditorium and the parlors opening onto it was occupied. Scores of people, unable to secure seats, stood. Others, unable to gain entrance, were turned away. It was by far the largest audience at any Good Friday service ever held in Mason.

Dr. Alexander G. Ruthven, president of the University of Michigan, gave the address: "The world today, Christianity should be put to work in the world today. The world would not be divided into warring nations and warring races and creeds were living up to the ideals of Christianity is too much intolerance in the world. Christianity is too often accepted as an emotional experience instead of a way of life. Just as every part of a man's body goes to make up the whole, so does every race of people go to make up the human race."

Students at the University of Michigan are of every race and creed; they work and dwell together in harmony, mutual respect and understanding. Dr. Ruthven said. Education and religion must be intertwined, he stated, declaring that there can be no education without religion; that there can neither be education or religion without respect, tolerance, generosity, tolerance, bigotry, and greed are permitted.

The services were opened by an organ prelude played by Mrs. Nathan S. Davis of the Presbyterian church. The Rev. Homer Roberts of the Presbyterian church gave the call to worship. The Rev. Ernest Martin of the Church of the Nazarene led the prayer of confession. The Rev. D. L. Hunt of the Baptist church led the responsive scripture reading. Part of the cantata, "The Seven Last Words," was sung by the Presbyterian choir. Soloists were Miss Geraldine VanPatten, Mrs. George McArthur, Miss Ethel Adams, Ralph Adams, Harlan Mills and Brewster Ellis.

Dr. W. B. Old led the responsive prayer. After the address of Dr. Ruthven, Mr. Roberts gave the benediction.

The Mason Kiwanis club co-operated with a ministerial committee in making arrangements for the service. In addition to worshippers from the community there were many who came from Lansing, Holt, Leslie and Stockbridge.

WORRIED OVER HEALTH, FARMER ENDS HIS LIFE

JOINED LESLIE CHURCH DAY BEFORE DEATH.

Prominent Farmer Shoots Self Through Heart In Fit Of Despondency.

Oria B. Disenroth, 60, prominent Onondaga township farmer residing five miles northwest of Leslie, ended his life with a shotgun charge near the farm at two o'clock Monday afternoon. After dinner Mr. Disenroth and his wife, Mrs. Robert Brown, went to the barn. Mrs. Brown was in the field operating a manure spreader Mr. Disenroth held a note to his wife, placed it in a cigar box on the barn floor, took the loaded shotgun, placed the muzzle against his chest and showed the trigger.

When the son-in-law returned to the barn at two o'clock he called to Mr. Disenroth, receiving no reply the young man started a search and found the lifeless body.

According to Frank M. Fogg, Leslie justice of the peace who served as coroner, the note left by Mr. Disenroth directed Mrs. Disenroth to sell the farm and to spend only a certain sum for his burial. He asked his wife's forgiveness for his act.

On Easter morning, just a little more than 24 hours before his death, Mr. Disenroth was baptized and one of 12 to be admitted to membership in the Leslie Congregational church by the Rev. William Winger.

Friends of the family believe that a recent attack of influenza and worried over complications which developed from it caused Mr. Disenroth to be temporarily unbalanced. For several days he had appeared to be mentally disturbed.

Mr. Disenroth was born on the farm where he died although he did not spend his entire life on the place. For several years he operated a grain elevator in Lawrence and was also in the mercantile business in Eden with his father. Nineteen years ago Mr. Disenroth returned to the home farm. Before his marriage he taught in the rural schools. He was a member of the Lawrence Masonic lodge and of the Leslie Grange.

Mr. Disenroth married Miss Gertrude Laxton. They were the parents of four daughters, Mrs. Donna Archibron, a teacher at Grass Lake; Mrs. Dora Campbell of Detroit; Miss Lucile Disenroth, a teacher in the Lansing schools; and Mrs. Ruth Brown, teacher at the Eden school. Three granddaughters and a brother, who resides on an adjoining farm, also remain.

Funeral services were held in the Behrens' funeral home in Leslie Thursday afternoon with burial in Woodlawn cemetery, Leslie. The Rev. William Winger and the Rev. O. B. Thurston officiated.

LIBRARIANS OF STATE MET HERE WEDNESDAY

LIBRARY PROBLEMS DISCUSSED AT SESSION.

State and County Library Executives Ask For Continued Support For Work.

Librarians and members of boards of county libraries met at the Hall Memorial library in Mason Wednesday to attend a meeting of the county library section of the Michigan Library association. Forty-five were present for the meeting, which opened at 11 o'clock.

On the program were Mrs. Loleta D. Ryan, chief of extension in the division of state aid and traveling libraries of the state board for libraries; C. D. Young, chairman of the Ingham county library board; Mrs. B. D. Niles of Lansing, chairman of the state library board; Miss Constance Bement, head of the extension department of the state library board; Miss Leila Whitson, librarian of the Port Huron and St. Clair county libraries; Mrs. Alice O. Parker, chairman of the Gladwin county library board; and Lyle E. Torrant, chairman of the Jackson county library board. A luncheon was served at the tavern at noon.

Exhibits from county libraries were on display during the session. Mr. Torrant, an instructor in the Jackson schools, said, "We are pioneers in a great and very important movement, whose value few, except those intimately engaged in it, appreciate. We must sell our viewpoints to the public and demand adequate financial support from city councils, boards of supervisors and service clubs."

Mrs. Ryan told the librarians that continuance of county library service depended on the defeat of a senate bill which would withhold state aid to county libraries. She said that it was introduced as a budget-balancing measure. Mrs. Ryan declared that county libraries are needed as a vital part of an educational and relief program and urged those present to wire their senators and representatives, to demand the defeat of the bill.

College Students Here For Practice Teaching

SPRING TERM ASSIGNMENTS MADE AT STATE.

Twenty-two Michigan State college students are assigned to the Mason school for practice teaching. It is the third group assigned to Mason during the school year, the first group was here for the college fall term, the second group had practice teaching during the winter term and the present group will be here for the spring term.

The 22 practice teachers and the classes in which they are enrolled at Mason are Miss Edith Green, Miss Flora Anderson and Miss Margaret Jensen, home economics; Miss Margery Tebe, U. S. history and English; Miss Barbara Winston, World history and English; Miss Lois Smith, physical education and English; Miss Ruth Stinson, physical education and history; Miss Jean Barden, music; Miss Bette Louise Salle, history and English; Miss Bruce Peppier, physical education; Miss Catherine Umphrey, economics and English; Miss Bernice Sweet, U. S. history and English; Nelson Crum, English and world history; Miss Margaret Anderson, algebra and English; Miss Doris Snyder, physical education; Webb Morris, physical education and English; Berton Benz, physical education; Cleason McInnes, economics and U. S. history; Edmund Rudoni, English and speech; Miss Mary Jane Greenley, English; Eugene Cummins, speech and world history; and Darwin Dudley, physical education.

Dudley was a regular on last fall's Michigan State football team.

SOILS PICTURE SHOWN

An interesting picture was shown farmers at the Legion Memorial building Saturday night by the Thornburn Coal company, local agency of the American Agricultural Chemical company. Proper methods of placing fertilizer were shown along with scenes of the phosphate rock mines, experiments in pots, typical farms and a farm cropped continuously since 1705 with production maintained by use of commercial fertilizers.

New Offices Leased By Soils Committee

TO OCCUPY FORMER DART BANK BUILDING

Officers of the Ingham County Agricultural Conservation association will be moved May 1 from their present location in the Verhelst-Schlabach building on Maple street to the former Dart National bank building at the corner of Jefferson and Ash streets. The association used offices in the court house until last May when the Verhelst-Schlabach building was leased.

It was stated by officers of the association that the increase in the amount of office work by transfer to the former office of some of the work formerly handled at the state office, has made it necessary to secure more commodious quarters.

Sheriff Will Recover From Knifing Attack

MAN ADMITS SLASHING SHERIFF ALLAN MACDONALD.

J. C. Ponton, 40, has admitted knifing Sheriff Allan A. Macdonald in an attack made Wednesday night. The sheriff is in the Ponton hospital and will be there 70 days. In all likelihood he will recover from the slashing.

No charge will be placed against the sheriff's attacker inasmuch as J. C. Ponton is Dr. Joseph C. Ponton, and the sheriff asked for the slashing. For several years the sheriff has been suffering from periodical attacks of appendicitis and on Wednesday night the chronic inflammation became acute and an emergency operation was performed by Dr. Ponton.

Suspended Sentence Given To Morrison

MUST GIVE ACCOUNTING TO COURT FOR YEAR.

Judge Leland W. Carr of the Ingham circuit court gave a suspended sentence to Harry Morrison of Mason Tuesday on Morrison's plea of guilty to the charge of assaulting Mrs. Wynian Morrison. Under the terms imposed by the court, Morrison must find a job and work steadily and not frequent beer parlors or drink intoxicating beverages.

Morrison was paroled from Jackson prison last November after serving three years for shooting Mrs. Hazel Hunter, sister of his former wife. Instead of gaining his freedom Morrison was arrested on the warrant, issued in 1935, charging him with shooting Mrs. Morrison. Both women were shot on the same occasion when Morrison went to their home in Onondaga township west of Leslie.

Two separate charges were placed against Morrison. He pleaded guilty to the charge of assaulting Mrs. Wynian Morrison and the other charge was pressed at the time. Since December Morrison has been at liberty on bond. The bond is continued during the term of the suspended sentence.

Audition On Tuesday For Mason Broadcast

WIM TO HOLD AUDITION HERE THURSDAY

Mason and Ingham county people who have been waiting for opportunities to go on the air won't have to wait long on Tuesday night. At the Legion Memorial building Tuesday night at eight o'clock Howard Finch of WIM will conduct an audition open to all entertainers, old and young, in the community. Mr. Finch stated that enough talent will be signed up for 13 weekly Mason programs.

Mr. Finch said, "Although it has been found that adults, because of experience and training, are usually the best radio performers, boys and girls are welcome to try out at the audition. All that is necessary is that they be on hand at eight o'clock Tuesday night. With 13 broadcasts scheduled for Mason we should be able to give every worthy bit of entertainment a chance to go on the air."

Sunday Sale Of Beer May Again Be Issue

LANSING AND DELHI FOLLOWING LANSING CITY PLAN.

Closing of Mason beer parlors on Sundays may again become a city issue. Lansing and Delhi townships have suggested that Mason should follow them in halting the sale of beer by the glass on Sundays. The city of Lansing has since repeal ordered all beer parlors closed Sundays. At a recent meeting of the village of Williamston closed on Sunday closing. The Delhi town board took the closing action Tuesday night.

Mason was one of the first cities in the state to vote for Sunday closing of beer parlors. The council did not abide by the vote of the people. The vote was called only a straw vote and several members of the council declared that the council did not have a right to order Sunday closing. The statement setting forth that the council did have the right to regulate Sunday sales. After several months a Sunday closing resolution was brought to a vote. The aldermen divided three to three and the mayor cast the deciding vote against Sunday closing, explaining that he doubted the legality of the resolution.

With Lansing and Delhi townships and Williamston falling into the line, Lansing, it is probable that the issue will be revived on the Mason council. In fact, an alderman stated Tuesday that he expects to bring up the issue in council Monday night.

Singers And Bandmen In Spring Festivals

SINGERS TO LESLIE, BAND TO OLIVET.

Mason musicians will be busy the coming week. On Monday afternoon and evening, April 17, the Mason school band will join 14 others at the annual Olivet festival. On Wednesday afternoon and night Mason vocalists will join eight other schools at the county festival to be held in Leslie.

Harold Bachman of the University of Chicago will be guest conductor at Olivet. Kenneth E. Newland of the voice department of Olivet college, will direct the massed chorus at Leslie.

It has been necessary to limit the massed chorus to 250. Quotas have been assigned to each school. School choruses will sing individual numbers and then 250 out of almost 500 will be chosen to appear in the massed chorus. Rehearsals will be held in the afternoon with the festival at night. No admission charge is to be made.

Schools entered in the Leslie festival are Okemos, Dansville, Leslie, Stockbridge, Everett, Holt, Williamston, Fowlerville and Mason. Holt has the biggest chorus, made up of nearly 100 voices. Miss Geraldine VanPatten is director of the Mason vocalists.

TRUTH WILL RISE AGAIN

Truth crushed to earth will rise again. Back 254 years ago a great truth was uttered just before a man lost his head. The head fell with the axman's blow but the truth lived on. On the scaffold, where he was to be beheaded for conspiracy against the king, Richard Rumbald said, "I never could believe that Providence had sent a few men into the world, ready booted and spurred to ride, and millions ready saddled and bridled to be ridden."

Richard Rumbald was born in 1622. He served under Cromwell. In the campaign against Scotland in 1685 he was arrested as a conspirator. He escaped once but was caught, tried immediately and sentenced to be beheaded. When he was on the scaffold he stated his belief that kingly government was best as long as the king lived up to his contract with the people but that when the contract was not fulfilled that the people had the right to form a new government. He scoffed at the divine right of kings and just before the ax fell uttered the words which have lived through the centuries.

In Europe there are men obsessed with the theory that they have the ordering of people's lives; that to them is given the power of life or death; that England has the divine right to enslave India; that France has the divine right to keep millions of Africans in virtual slavery; that German and Italian dictators can mark this man for high honors and mark that man for death; that boundaries can be changed at the whim of one or two men; that Russian dictators have the right to even dictate what a man's thoughts should be; that Stalin has the right to deny work to this man, send another to a concentration camp, and have others ranged before firing squads.

Even in the United States there are men who believe that Providence has sent a few men into the world, ready booted and spurred to ride, to herd free-born Americans into this group and that, regimented and ridden by bureaucrats who have the right to say which man shall prosper and which shall be cast out.

Royalty is based on the theory that millions are born ready saddled and bridled to be ridden. Dictatorships follow the same theory. The New Deal leaders prate of social justice but actually believe that they were sent ready booted and spurred to ride. They believe that they have the right to tell this man that he must be a miner the rest of his days; that another must be a farmer and plant only the crops recommended by Washington; that this man must live on the dole; that that man should be told how long to work and how long and what to play.

There are men in Washington who would ride the people of the United States into another world war to help the riders of the English and the French peoples kill off the German and Italian people mounted by German and Italian riders.

We are free-born Americans. Our forefathers balked when they were being ridden by England. We, too, have been obsessed by the theory that it is our divine right to order the lives of Spaniards, Indians, Filipinos, Mexicans and even Europeans. Too many of us hold to the belief that it is our right to order the lives of Europeans. Richard Rumbald paid for his belief on the scaffold and the truth he uttered still stands, "I never could believe that Providence had sent a few men into the world, ready booted and spurred to ride, and millions ready saddled and bridled to be ridden."

A number of people have spoken in favor of seats in the business section of Mason. No one has spoken against them. There are two sides to every question and if there are any who oppose seats they should state their case. The columns of the Ingham County News are open for free discussion of all local issues.

THE PEOPLE'S DEBT

A high government official is reported as saying, "The billions the government has spent should not be considered as a debt because it is money spent inside of the boundaries of the United States and is owed inside of those boundaries. It is not as though it was owed to individuals and firms or governments of foreign lands."

The same logic should mean that if a man owes \$5000 to his brother, his father, his father-in-law or some other member of his family that it is not a debt, and should be considered in a different light that the same sum borrowed from a bank.

A mortgage is a mortgage whether a bank, finance company, the HOLC, the Federal Land Bank, a brother, a mother-in-law or the English branch of the Rothschilds is the mortgagee. If the money is borrowed and must be repaid it is a debt. If the money is borrowed with the understanding that it is to be repaid and is not repaid then it becomes a French, an English or an Italian war debt.

It is as true of governments as it is of individuals. When a government or an individual spends more than is received there is a deficit. If it continues very long the nation or the individual becomes insolvent because of debt. In the case of government the people must dig down to pay the debt or repudiate it. The United States is rapidly nearing the point when it must take one course or the other. The people's debt is burdensome.

Those who thought that with last week's election there would be a dearth of politics were wrong. The national campaigns for 1940 have been launched. There will be a lot of pulling and hauling before 1940 rolls around.

SCHOOL MONEY

School authorities should heed the warning which comes out of Lansing. That warning is "Regardless of how generous the legislature is in voting appropriations, school officials should take warning that funds will be cut. There is only so much state money to be spent, regardless of how much is appropriated."

Last year that warning was not heeded and many districts continued to spend on the basis of the legislative appropriation and not on the basis of expected revenues. Many districts spent their money lavishly and are now begging for aid, while other districts operated conservatively and will have ample funds to finance nine and 10 months of school.

To some people there is something almost sacred about school expenditures. To us school money should be expended just as judiciously, watched just as closely and accounted for just as carefully as any other money. If there is not \$50,000,000 in state aid but \$40,000,000 then the schools should keep within the \$40,000,000. If there is only \$25,000,000 available then the schools should operate within that limit, gaining other needed revenues from local sources.

One of the dangers pointed out when a generous share

of school financing was being switched from local property to the state was that more money would likely be spent. It is only natural that agencies depending on state funds are not as careful of expenses as when local funds are used and an accounting must be made direct to local taxpayers.

School authorities who make up their budgets on the basis of legislative appropriations instead of the money actually available will be heading their schools toward financial difficulties.

We suspect that the bill of Rep. Nelson A. Miles of Holland to license drinkers was introduced more or less as a joke. Now the bill is gaining wide support. If we license all other kinds of people, hunters, fishermen, plumbers, electricians, etc., why shouldn't drinkers be licensed? That would make drinking respectable. For a special fee a person could be licensed for at least one good drunk a month.

STATE INSPECTORS

A national defense measure would be to provide that Michigan state inspectors be enlisted in the national guard and be subject to first call in time of war. The only danger would be that under that arrangement many people would favor foreign wars so that riddance could be had of the crop of inspectors. Yes, we have plenty of inspectors now, yet what we have wouldn't make a corporal's guard to what we will have if the state legislature passes all the new inspector bills.

Here are some of them: Senate bill No. 332 creating a state commission to examine and license registered and student cooks; senate bill 271 creating a state warm air heating and air conditioning board for examinations, licensing, fees, etc.; senate bill 283 creating a state board of boiler inspectors; senate bill 394 to set up a state board for antique dealers with license fees for all dealers; senate bill 406 to set up a state board of photographic examiners to examine and license all photographers; senate bill 314 to provide for a state dry cleaning and dyeing commission with power to fix minimum prices and to license all cleaners.

Among other bills introduced at Lansing this session are bills providing for the licensing of automobile salesmen, gasoline dealers, real estate title abstractors, billboard builders, decorators, painters, paper hangers, tourist cabins, trailer camps, auto wreckers, watch repairers, collection agencies, practitioners of naturopathy, makers of butter substitutes, fight promoters and business agents for labor unions. Further restrictions would be imposed on barbers, cosmetologists, chiropractors, dentists, electricians, embalmers, funeral directors and plumbers.

Who was it who said that the best governed people are those who are least governed? Probably it was not a Michigan legislator who made the statement.

We agree with the Detroit Free Press that the queen business has been overdone. There are so many queens that no one pays any attention to them any more. Yet one can't help wondering how they choose the smelt queen at Boyne City.

A RETURN TO CHURCH

The pendulum in church affairs swings in the same manner as in other affairs. A few years ago many people were concerned over the plight of the churches. It was believed by many that half the churches could just as well be boarded up.

Yet something has happened to church interest, church attendance and church membership. Right here in Mason there are four churches exceptionally healthy and active. Attendance at the church services have reached new highs within the last year. On Sunday all four of the churches were crowded. The response to the Good Friday services was so great that seats for all could not be provided.

So-called intellectual magazines are attempting to poke fun at Michigan's new governor, Luren D. Dickinson, because his life is wrapped up with the church and the Anti-Saloon League. They are barking up the wrong tree because all signs point to a return of a higher conception of individual and public morality. The pendulum is swinging that way. Of course, the pendulum may and probably will swing in the other direction after a while.

Michigan should be proud to have a governor whose name is linked with the church. We have had other governors whose names have been linked with more taxes, repeal, breach of the peace and gambling. No one in Michigan should hang his head in shame because Governor Dickinson teaches a Sunday school class.

If we had more men in public life who taught Sunday school classes and practiced the kind of Christianity taught and practiced by Governor Dickinson we would be confronted with fewer social and financial problems. Governor Dickinson may make mistakes but they will be honest ones. In his statement last week to the effect that taxes must be reduced or people now self-supporting will lose their homes and employment had the ring of truth to it. The governor knows that money used by government comes from consumers. Other governors have known that, too, yet did not have the courage to say so.

If the decision rested on a popular vote would Canadians favor the royal house of Windsor or the Dionne quintuplets as the ruling house of the British empire?

PICKING OUT A PALACE SITE

Can it be that King George and Queen Elizabeth are in reality visiting Canada to pick out a half-dozen sites for replicas of Buckingham, Windsor and other royal palaces? Nearly every current magazine now has its article on the prospects of Great Britain moving the seat of the British Empire from England to Canada. Viewed at first as more or less of a joke, the movement has gained a number of serious followers. No longer is Britain the ruler of the continent. Her splendid isolation is gone. Her very compactness on the tight little island makes her especially vulnerable. Bombers can reach London from Germany, France and Italy within a few hours. The British lifeline to the Orient is under constant threat.

In earlier days seats of government were frequently moved. No nation has heretofore traded continents but there must always be a first time in everything.

What you don't know doesn't hurt you, but it amuses a lot of people.—Berkeley, Calif., Courier.

Down by the SYCAMORE

Bruce Bull blushed becomingly last Tuesday night when puffs of praise were heaped on him by Sup. and the Rev. Thomas Toy who served with Bruce on the Ingham County Emergency Relief commission. Sup. Toy declared that Bruce is deserving of the thanks of every Ingham citizen for the time and thought he has given to the relief problem. * * * Dr. Ruthven is a plain man as are most men with big jobs. His Good Friday address was excellent and gave every hearer something to think about and to practice.

Dunsville did things up brown in the Brotherhood banquet honoring the champion polo and basketball teams. Dave Diehl is a fine looking young man and is a credit to Dunsville. He did a good job as toastmaster. My greatest surprise was over the eloquence and delivery of Bob Curry. He has a silver tongue and should be in politics—or the pulpit.

One thing I liked about the banquet was the quality and quantity of the food. Another thing I liked was the number of wholesome girls who did the serving so efficiently. I sat across from Sup. Charles Woods. He enjoyed the food, too. Yes sir; Dunsville folks know how to stage a banquet.

Sixteen years from now a traffic officer will have to be assigned to the Aurelius road, at least on the stretch leading from Aurelius Center to the Church of St. Paul. Mr. and Mrs. Davis are going to be pestered by boys calling on Julie Ann. She has the good looks of both her parents. Julie Ann was in the office one day last week and I never saw a prettier baby. She is now nine months old. She has big blue eyes, a peach complexion and light brown hair. Perfection is lacking in just one particular. She doesn't have the crown of red hair which graces the head of her charming mother.

Dr. Ruthven is not alarmed over the election of Harry Kipke to the board of regents. He stated that he has great confidence in Harry Kipke. Dr. Ruthven took no part in the anti-Kipke campaign. The president also stated that the University of Michigan Alumni association did not join the campaign. He made it clear that it was several individuals among the alumni who fed the flames, as they had a perfect right to do for themselves.

Charlotte has purchased a new fire truck. On a run last week it was discovered that the new truck has a badly twisted frame. * * * Scholarships will be given to 940 teachers in the seven counties comprising the W. H. Kellogg Foundation community health project area for continuing studies this summer. In the past four years 1200 teachers in the area have participated in advanced training provided by the Kellogg scholarships.

Had Miss Margaret Curtis been elected school commissioner her first major project would have been teaching me to sing. In a conversation in the office she made the statement that there are few people who can not be trained to sing. I told her that I was one of the few. She had me try a few bars and then declared that mine was not a hopeless case. We were to tackle "Wagon Wheels," provided Miss Curtis was elected.

Clarence Randall was telling me some of the trials and tribulations of his business. He said that he paid \$1.00 for an old Heatrola with a crack in the pot. He hauled the stove home, paid out 55c for repairs and then hauled it to an auction sale. Bidders were not interested and the stove was knocked down for \$1.50. The buyer was a woman who bought the stove and hauled it home. He used the stove in his own home this winter. Mr. Randall has purchased a brand new truck for his business.

Thanks to George M. Thompson for his 64th annual subscription to the Ingham County News. Mr. Thompson, who will be 80 in September, moved from Dexter to White Oak township on April 20, 1876, and immediately subscribed for the Ingham County News. He has continued getting the paper every week for 63 years and has already signed up for the 64th. * * * A lot of type has been set in 63 years.

My luck has returned. Just to help a man out Saturday I took three punches on a Hostess Cake board and three times I punched a 75c cake. It was gambling, I know. Yet gambling is nowhere near as vicious when one wins as when one loses.

Did people flock to churches Sunday to practice religion or to have a look at fancy headgear? The crop of Easter bonnets was a bumper one, and a colorful one. Don Deamere viewed the hats at the Methodist church Sunday morning. He declared the shapes and colors were far beyond what he had anticipated. * * * A lot of Mason folks joined churches Sunday. * * * Said a visitor who attended the Good Friday services, "You have five exceptionally able preachers in Mason." He thought there were five preachers until I informed him that I was on the platform merely to introduce Dr. Ruthven.

Doc Robbins declares that his listing in the Sycamore column as one of Mason's three best dressed men is liable to be costly. Mrs. Robbins points out that she should be as well dressed as her husband. Doc has an suit. The female robin doesn't have such fancy feathers as the male bird.

Carter Strong, 15, played a violin in Father Jerry Strong's orchestra Saturday night. The younger man is able. He is a fine boy. Another of Jerry's sons attends Michigan State. The M. S. C. student is not a musician.

April 23 to 29 is National Want Ad week. Did you notice the ads in last week's Ingham County News? Almost a solid page for a new record. * * * Miss Bernice White is all set with her ticket for the opening baseball game in Detroit. She's still pulling for the Schoolboy and believes he will make a comeback.

PUBLIC FORUM

Townsend Plan Vote
Michigan Townsfolk has passed another milestone on the road toward enactment of the Townsend Plan into the law of the land—the Michigan state legislature has passed the concurrent resolution memorializing congress to consider and act upon the Townsend Plan legislation.

On February 16 Senator Clyde V. Penner offered senate concurrent resolution No. 11—which reads as follows:

“Whereas, there is now pending in the current session of the congress of the United States of America, legislation embodying essential principles of the so-called Townsend Plan, in which thousands of Michigan citizens are keenly interested; now therefore be it Resolved by the senate (the house of representatives concurring), that the members of the Michigan legislature respectfully memorialize the congress of the United States of America to promptly, diligently and faithfully consider and act upon at the current session, by its legislative branches as such, and not merely in committee, the proposed legislation aforesaid; and be it further

Resolved, that this resolution be spread on the journals of the senate and house, and copies transmitted to the President of the United States, the Vice-President of the United States, the Speaker of the House of Representatives of Congress, and the Michigan members in the senate and house of Congress.”

The above resolution passed the

Federal Poultry Lab
Is Now In Operation

CONTROL OF DISEASE STUDIED AT EAST LANSING.

Pre-Easter hatching of 1,300 eggs has placed in operation the facilities of the new federal poultry disease research laboratory on the campus of Michigan State college.

The hatchings which will be set each week to provide a total number of 6,000 chicks are designed for an intensive study of the causes of fowl paralysis which is taking an estimated 25 per cent toll annually from the farm flocks of the 25 midwest and northwestern states which the laboratory is to serve.

Half of the chicks are to be used in pathology or disease inoculation studies. It is explained by Dr. J. Holmes Martin, director, the other half of each hatch is to go into genetic studies to locate individuals which can be used to establish susceptible and resistant strains.

Eggs are being purchased from 10 different flocks from coast to coast in the nation, selected on the basis of quality breeding. Preliminary work includes only strains of White Leghorns to establish fundamentals. Later, results are to be tested on other breeds by collaborating experimental stations at state colleges and universities in some of the 25 states which the laboratory serves.

Dr. Martin announces three appointments to the laboratory staff. Senior poultry pathologist is Dr. C. A. Brandly, who received degrees from Kansas State college, taught there, and who served three years as associate chief in animal pathology at the University of Illinois.

Another staff member is Dr. N. F. Waters, working as senior poultry geneticist. He is a graduate of Connecticut State college with subsequent degree from Harvard and in the past eight years he has served as poultry geneticist at Iowa State college. Superintendent of the plant is J. F. Michael, transferred from the national federal research center at Beltsville, Md. Two additional aides are to report April 15 to work with Superintendent Michael.

A possible total of 11 outstanding dairy animals will represent Michigan in a nationwide exhibit of 150 animals during the New York World's Fair this summer. Five cows and a bull, all Holsteins, have been selected by the state department of agriculture from state institution herds. Other animals, whose selection was aided by extension specialists of Michigan State college, include three Guernseys owned by Mrs. George W. Dean, Albion; Dr. Thomas Barberovich, Saginaw; and Fred Cowham, Jackson; two Jerseys owned by Melvin Hartman and by The Oaklands farm, Ann Arbor.

THREE SMART GIRLS and one smart man, otherwise Charles Winninger, Helen Parrish, Nan Gray and the star, Deanna Durbin, of Universal's new production, "Three Smart Girls Grow Up," which comes Sunday and Monday to the Fox Theatre.

FILM NEWS

"You Can't Cheat An Honest Man" with Charlie McCarthy, Mortimer Sneed, W. C. Fields and Edgar Bergen comes to the Fox Theatre Friday and Saturday. Fields is the owner of a circus with Charlie and Bergen as the star act. Fields tries to keep ahead of the sheriff and his daughter, believing that she can be of help to her father, consents to marry although she is in love with the prospective groom. Fields interferes with the wedding plans and much hilarity results. A new dummy, Mortimer Sneed, who plays the part of Charlie's cousin, almost steals the show. Also on the double bill is "Song of the Buckaroo" with Tex Ritter. Ritter as the fighting hero has a chance in the picture to demonstrate four extraordinary talents. The story deals with a bad man who is forced to live another man's life for six years and then finds it difficult to return to his former mode of living.

Deanna Durbin's fifth picture, "Three Smart Girls Grow Up," is the feature picture at the Fox Theatre Sunday and Monday. Since the mailing of "Three Smart Girls" about three years ago, Deanna has become recognized as a brilliant actress and a possessor of one of the most amazing voices ever heard from the screen. In the latest picture, Deanna is seen as a rich girl and has a wardrobe unlike any in her previous films. She like any 16-year-old soprano sings four beautiful songs in the picture. In the supporting cast are Charles Winninger, Ray Gray, Helen Parrish, William Lundigan, Robert Cummings, Nella Walker and Ernest Cossart.

"Four Daughters" comes to the Fox Theatre Tuesday night. In the cast are the Lane Sisters, (Priscilla, Lola and Rosemary), Gale Page and Jeffrey Lynn.

The high, wide and handsome adventure of its first social register which causes considerable eye-rolling, lifting in Washington's upper crust when she "middle-aises it" with a roving cowboy from the western plains is both humorously and dramatically unfolded in "The Cowboy

FIRE RUNS MADE
On Saturday night the Mason fire department made a run to the L. H. Minnis farm east of Mason when fire broke out in the brooder house. The house and 200 chicks were destroyed. On Wednesday morning the department answered an alarm from the Joseph Smith residence on West Maple street. An electric motor in a refrigerator was blazing. Last week the firemen fought a grass fire which spread from the Conn residence on West Ash to the Miner property on the corner of McRoberts and South street. Fanned by a high wind the flames threatened the Miner buildings.

Make it Easy

FOR YOUR SUGAR BEETS TO GET ENOUGH POTASH

TO make the yield and quality which mean more profit to the grower, sugar beets must be able to get from the soil and fertilizer more potash than nitrogen and phosphoric acid combined. In other words, sugar beets are heavy feeders on potash. Besides increasing the yield, it makes the beets better shaped and increases the percentage of sugar.

Consult your county agent or experiment station about having your soil tested for available potash. To supply ample potash for beets apply broadcast before planting 200-400 lbs. of fertilizer containing at least 6% potash, and also 150-200 lbs. of fertilizer in the row at planting. Some prefer to apply the regular row application, and then side-dress with 200-400 lbs. of fertilizer along both sides of the row after blocking and thinning. On most mineral soils testing medium to low in available potash, use at least as much potash as phosphoric acid, as 0-12-12 or 3-12-12. On heavy, fertile soils half as much may be satisfactory, as 2-12-6, 2-15-8, 0-14-6. On sandy soils the potash should be double, 2-8-16, 3-9-18; and on muck soils triple the phosphoric acid, as 0-8-24.

See your fertilizer dealer or manufacturer about fertilizers suitable for growing sugar beets on your soils. You will be surprised how little it costs to apply enough potash for high yields and quality.

If we can help you with your fertilizing problems, please write us.

At The Churches

S. S. Cornelius and Oyrrian, Bunker Hill—The Rev. John Duffy, pastor, Mason—winter schedule 8:30 a. m. and 10:30 a. m.

Mason Baptist—Rev. and Mrs. Howard F. Sugden, of the Ganson St. Baptist church in Jackson, will conduct all music during the week of special meetings which begin Sunday night. Mr. and Mrs. Sugden were well known for their Sunday morning radio ministry, and many Mason listeners will be glad to know that they are to be with us for the week. The public is invited to these nightly services, which will continue for six nights only, closing Friday, April 21. Each meeting will begin promptly at 7:30 p. m. On Tuesday night, the Ganson St. choir will be present to provide an inspiring revival of gospel music, and on this night, Rev. Sugden will bring the message of the evening. In all other services, the pastor, Rev.

Huntwork, will preach. All these services are free. Everyone in Mason is warmly invited to attend each night. Simple, warm-hearted gospel preaching and happy, inspired gospel music will fill each evening. On Wednesday night, the Aurelius choir and the Aurelius Young People's society will be special guests. Thursday night, a special Bible School Night will be observed, with roll call of the classes in the school, and special recognition for the class with the best attendance record. Country children and their parents are particularly invited to attend on this night. Sunday morning the pastor will speak on "The Revival We Need," and at the evening service on "He Was Made Sin For Us."

Christian Science—Services are held over the Mills Store every Sunday morning at 10:30. Sunday school is held during the service. Wednesday evening testimony meeting is held at eight o'clock. The public is cordially invited to attend these services. "Doctrine of Atonement" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 16. The Golden Text (Romans 5:11) is: "We also joy in God through our Lord Jesus Christ, by whom we have now received the atonement." Among the Bible citations in this passage (John 3:16): "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following: (p. 333): "Christ expresses God's spiritual, eternal nature. The name, synonymous with Messiah, and alludes to the spirituality which is taught, illustrated, and demonstrated in the life of which Christ Jesus was the embodiment."

Mason Methodist, Dr. W. B. Oldt, pastor. "One Day With Jesus" will be the theme of the sermon at the Sunday morning, ten o'clock service. The senior and junior choirs will both sing special numbers. Rise in Egg Prices Foreseen By Lowden

HATCHERYMAN GIVES ADVICE TO POULTRY RAISERS.

Although egg prices are not as good as some folks might wish, J. Earl Lowden, of the Lowden Farms at Pleasant Lake, points out that there are several factors which tend to counteract this condition. He says that storage holdings on January 1, this year, were only 300,000 cases, as compared to 831,000 cases in storage a year ago, and a five-year average of 630,000 cases. Mr. Lowden asserted it is probable that egg consumption will increase rather rapidly with the lower prices now prevailing. He also quoted from a recent issue of Hatchery Tribune, hatchery dealer magazine, which pointed out that other factors which will tend to counteract the effect of larger supplies during the spring will be the possibility of government egg buying, a probable heavier demand for storage purposes and continued improvement in consumer incomes with consequent higher consumption. Another favorable outlook for the poultryman is continued low feed prices. When asked what advice he would give to poultry raisers of this community this year, Mr. Lowden replied, "Efficient production. By that I mean," he said, "well-bred stock. By paying a few cents more for baby chicks, poultry raisers may reasonably expect to enjoy the period of highest egg prices. He said that cockerels from early broods may then be marketed ahead of the regular spring crop which always assures a better price for them.

ly Federation of Women's clubs, on Tuesday and heard reports of the State Federation meeting. The Holt Woman's club were guests of Mrs. Hugh Wallace Tuesday afternoon for their regular meeting. Roll call named a favorite actor or play. A paper on "The Year's Best Plays," was given by Mrs. Homer Phinot of actors and movie stars. The following officers were elected: Mrs. Mae Clever, president; Mrs. Edwin Clever, vice president; Mrs. Gower Chapman, corresponding secretary; Mrs. James Fiedler, parliamentarian. The next meeting will be the annual Frolic day and luncheon at the home of Mrs. Paul Fiedler. Mrs. Hugh Wallace and Mrs. Leigh W. AMAZED!

IT BEATS ME HOW THEY CAN SELL THE BIG NEW DODGE "LUXURY LINER" FOR EVEN LESS THAN LAST YEAR'S DODGE!

TAKE A LOOK
That's all Dodge asks!

No wonder Dodge can afford to say: "Take a Look...that's all Dodge asks!"

For 1939, Dodge has produced an entirely new kind of Dodge... radical new style lines... longer wheelbase... luxurious new interior—roomier than ever before!... traditional Dodge economy and dependability!... plus more new engineering ideas than have ever been built into any new Dodge model!

Yet with all this extra value, Dodge prices are actually lower than last year!

INGHAM LEAGUE TEAMS TO OPEN PLAY FRIDAY

NINE TEAMS ENTERED IN HIGH SCHOOL BASEBALL

Eight teams of the Ingham high school baseball league will launch the Ingham race with four contests booked on Friday afternoon.

Leslie, champions last year, will go into action against Coach Paul Moyes' Haslett team. Moyes, former Michigan State college baseball luminary, is hopeful that his favorite sport may make an impression on this year's race. Ten letter-men dot a squad of 31 players among them being Garnet Cross, Casper Smith, Bob Baker, Jack Robinson, Bob Lynch, Roland House, Don Kulsor, Daryl Pulver, Dick Baker, and Virgil Douglas. Missing from the Haslett ranks, however, is Elmer Warner, reputed one of the finest pitchers turned out in this area, who graduated last spring.

Coach Elwyn R. Dell figures his team capable of putting up a good fight in defending the title. Dell has seven men back into harness including his prize battery composed of George Lake and George Losey. It was this combination that led the Hawks into six league victories as against one defeat last year. Additional veterans returning at Leslie include Carl Hendershot, David Laitter, Denzel Parker, Junior Vicary and Charles Conley.

The Danville Aggies, renowned for the monopoly held on county athletics thus far this year, are willing to relinquish their rating especially after Searl Briggs sized up the situation. The Aggies finish their school year a few weeks before the other county schools. Moreover, the uncertainties of spring, coupled with plenty of home work to be done, weather permitting, transforms Danville athletics from the fight and work for alma mater to that which forsakes a baseball mitt for a plow. Nevertheless, Briggs has five letter men for his nucleus including Lawrence Baker, Ted Hoag, Marshall Pollock, Martin Pollock and Robert Walker.

The Aggies visit Williamston and should find Coach Ed Soper's team a tough number to bump up against. Soper has Ronald Stover back, and Stover's pitching is just about enough for any one team.

After a year's absence from the game, Webberville returns to the baseball ranks as a nine-team league. Coach William J. Meyers has 32 boys out for baseball and reports Harold Wolverton and Elwyn Cranford as likely looking candidates around which the Spartans will build their team. Webberville will entertain Okemos in the first engagement.

Manned by a squad of 26 players, including four letter men, Stockbridge swings into the baseball picture entertaining Holt, Friday. Missing from the Panther ranks are Howard Berry and Marvin Stephens, pitchers lost through graduation. Berry had the league's only no-hitter last year, registered against Williamston. Letter men available are Harry Warner, Maurice Price, Harold Hannewald and William Caskey.

Pitchers Are Needed To Bolster Sycamores

Coach Gordon Dawson is casting about for a pair of hurlers to round out his high school mound staff. Lost by graduation were Roland Corbin and Raymond Underwood, leading twirlers of the past two campaigns. Paul DeRose and Jean Anderson are expected to carry the burden this year.

Another heavy loss is LeRoy Snelens, an excellent catcher and consistent hitter, and Ralph Handyside, last year's best hitter and a topnotch third-sacker. Bob Dietrich is also among the missing. Added to the loss of the veterans is the absence of Harry Michtsch, one of the best players ever to don a Mason uniform. He played a great game at second base last year. A medical examination disclosed that Michtsch will have to undergo an operation to repair a hernia before he can continue with sports. He plays basketball, football and baseball.

Back from last year's team are Anderson, DeRose, Raymond Hefland, Bill Bergin, Dick Brown, Don Lee, Duano Evans, Fred Sibley, Bob Colby, Richard Wolf, Delbert Lane, Norman Eddy, Bob Fuller, Art Gelsenhaver and Ben Wilbur. New recruits include Mike Simone, Gilbert Bibbins, Bob Reason, Louis Shaw, Bill Weston, Cliff Eddy, Fred Carrier, Hugh Johnson, George Hoblig, Milburn Curtis, Harry Riebow and Ed Hamlin.

The opener is with East Lansing at Mason on April 21. The Capitol Circuit season will be opened April 25 with St. Johns coming here.

The schedule follows: East Lansing here, April 21; St. Johns here, April 25; Grand Ledge there, April 28; Howell there, May 2; Charlotte here, May 5; Eaton Rapids here, May 12; St. Johns there, May 19; Eaton Rapids there, May 23; Howell here, May 26; Grand Ledge here, June 6; East Lansing there, June 9.

Attempt To Organize League For Baseball

HARLAN MILLS TO MANAGE MASON TEAM

An attempt is being made to organize a baseball league to be made up of teams from towns in the four corners of Ingham, Livingston, Shingwassee and Eaton. Charlotte, Howell, Eaton Rapids, Perry, Mason, Haslett, Danville and Stockbridge, as well as other towns, are to be invited to enter teams.

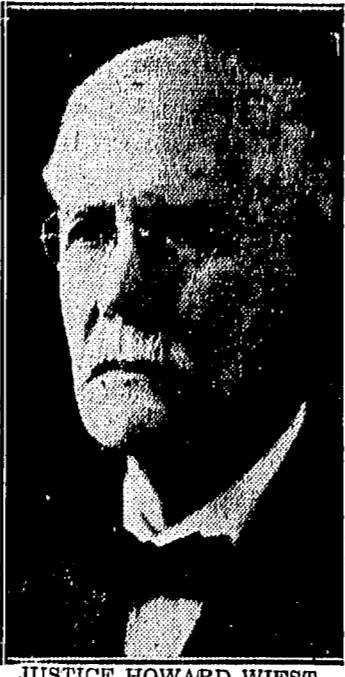

The Mason Independents intend to play baseball whether or not a league is formed. A meeting was held last week at which Harlan Mills was elected manager. Practice for the Mason team is scheduled to begin Sunday afternoon at three o'clock at the county park if the snow banks are melted.

WINS TEAM BIRTH
Paul DeRose was given honorable mention for a center position on the all-star baseball team. Bud Anderson of Danville and Murray Chandler of Charlotte were also picked for state honors.

TO OPEN TENNIS PLAY
Five schools, Stockbridge, Mason, Danville, Okemos and Fowlerville, are to compete in boys' and girls' tennis this year. This is the fifth year that Stockbridge has had the role of title defender. With the loss of Robert Dickinson, never defeated in four years of play, the Stockbridge hopes are slightly dimmed. Howard Berry and Marvin Stephens are two other Stockbridge lads lost by graduation. Nicholas Kerbowy is the Stockbridge coach. The opening date for tennis play is April 27 when Stockbridge plays at Danville and Fowlerville plays at Mason.

Four Ingham Men Chosen On State Ticket

JUSTICE HOWARD WIEST

HARRY G. KIPKE

EUGENE B. ELLIOTT

FOREST AKERS

Although Washtenaw county claims Harry G. Kipke and Wayne county claims Forest Akers, Ingham county people can lay claim to furnishing four winners in the April 3 election. Justice Howard Wiest was for many years an Ingham circuit judge. He lives in Lansing and has a country home at Shagbark, north of Williamston. Dr. Elliott is a Lansing resident and his wife has spent most of her life in Lansing. Harry Kipke is a Lansing boy who carried Lansing high school to athletic glory. He coached at Michigan State before taking on coaching duties at the University of Michigan. Mr. Kipke was a Lansing girl. Forest Akers was born and reared in Williamston. After graduating from the Williamston school he attended Michigan State, then M. A. C. He is now a leader in the automobile industry. Before going with Chrysler he was connected with a Lansing factory for several years. Justice Wiest was returned to the supreme court bench. Dr. Elliott was re-elected superintendent of public instruction. Mr. Kipke was elected regent of the University of Michigan despite the battle waged against him by many alumni. Mr. Akers was chosen as a member of the state board of agriculture, governing board of Michigan State College.

Electrical Inspector Well Known In Field

MAKES MANY ADDRESSES ON INSPECTION SERVICE

C. J. Burlingham, district state electrical inspector and city electrical inspector for Mason attended the inauguration meeting of the national adequate wiring program at the invitation of the Detroit Edison Co. Mr. Burlingham is a member of the membership committee of the Michigan association of Electrical Inspectors and is active in the National Association where he was invited to give a talk on special testing equipment at its national convention in Cleveland last September. Mr. Burlingham, until a recent transfer, was chairman of the district board with headquarters at Mt. Pleasant for 39 counties of the state. He attended a division No. 6 board meeting at Jackson, March 23, where he will have responsibility for the organization of the practical and written examinations of the division which covers the area south of Clinton county to the Indiana state line. He has also been invited to speak to the Boys Electrical club at Central high school in Lansing for the third term. Inspection in all its phases has been a specialty with him, and he is recognized in this activity in both the state and nationally as well. He talks at the Michigan State college, before contractor groups, insurance organizations and others and has created much interest in the prevention of electrical fires. His speaking schedules take up practically all of his spare time.

The next district examination for electrical journeymen and contractors will be held in Jackson April 7th.

OBITUARY
John Henry Landis
John Henry Landis was born in Waterloo township December 26, 1854, and passed away April 5, 1939, at the age of 84 years, three months and 10 days. On February 14, 1876, he was united in marriage to Nellie Coyle of Gram Lake, Michigan. To this union three children were born, Mrs. Edith Hudson, Mrs. Lanora Marsh and Herbert Landis. He leaves to mourn their loss one daughter, Mrs. Edith Hudson; 10 grandchildren; 20 great grandchildren; a sister, Mrs. Emma King of Detroit and several nieces and nephews. He united early in life with the Vantown Methodist Protestant church and was an active member until the death of his wife in 1923, when he moved away from the community.
I cannot say, I will not say
That he is dead, he is just away
With cheery smile and a wave of the hand
He has wandered into an unknown land.
Funeral services conducted by the Rev. Folkler were held at the Van-town church April 10 at 2:30 in the afternoon, with burial in Aichin cemetery.

Trial gardens for annual garden flowers encouraged seedsmen to send samples from six states and Denmark in 1938 for testing in the horticultural gardens conducted by Michigan State college at East Lansing. More than 500 standard varieties were growing in the gardens as well as 200 varieties on test.

LESLIE

By Mrs. Ernest Sherman

To Defend Title
Leslie high school is preparing to defend its baseball championship in the Ingham County Intercollegiate association. Leslie led the league in 1938 with an unusual heavy hitting aggregation. Graduation last year took a heavy toll, leaving two vacancies in the outfield, two in the infield and the catcher. Position. Cold weather has retarded early spring practice, but the team expects to be in shape for the first league game April 18 at Haslett. Dave Latier and George Lake will share the pitching burdens, with Junior Vicary or George Losey doing the receiving. Blaine Lovette, a freshman, seems to have the hot corner won. Others who are looking good are Ralph Dershem at short, Denzel Parker at second, and Carl Hendershot in the center garden. The big if in the club is the hitting power ever present the past two years. The boys will play in the American Legion baseball league last summer and showed well at the plate.

Mrs. Orpha Lucile Albert
Funeral services for Mrs. Orpha Lucile Albert, 58, were held from the Behrens funeral home Saturday afternoon. The Rev. Carl Pruitt of Jackson officiated with burial in Deepdale cemetery, Lansing. Mrs. Albert died Wednesday evening in Pottic hospital, Jackson, where she had been a patient for the past 10 days. She is survived by one son, Dr. Wilford D. Albert of Leslie; two sisters, Mrs. Lulu Trinker, of Berrien Springs and Mrs. Emma Currol of Detroit; and three brothers, A. C. Ford, Berrien Springs; Richard Ford of St. Louis, Missouri; Everett Ford of St. Louis, Missouri; also several nephews and nieces. Mrs. Albert was born in Dana, Indiana, August 27, 1880, and had resided the past two years at the home of her son in Leslie.

Mrs. Charlotte May Bartlow
Mrs. Charlotte May Bartlow, 62, wife of Frank M. Bartlow, died at their home on the T. J. Browne farm, three miles south of Leslie, Monday. She was born in Illinois, and came to Marshall at the age of eight. Besides the husband she is survived by two daughters, Mrs. Clara Taylor of Jackson and Miss Caroline Bartlow of Ypsilanti; a brother, Albert Buckingham of East Creek; and three sisters, Mrs. George Crampton of Jackson, Mrs. Ray Brees of Grand Rapids, and Mrs. Frank Warriner of Pine Bluff, Arkansas. Mrs. Bartlow was a member of the Christian Science church of Leslie. The body is now at the Behrens funeral home. Funeral arrangements will be announced later.

Annual Methodist Meeting Held
At a recent annual meeting of the Leslie church of Methodist churches with the district superintendent, the Rev. L. H. Nixon of Albion presiding, reports from the church organizations were read, showing financial conditions unusually good. Officers for the ensuing year were elected as follows: Leslie, trustees, Fred Banting, H. J. Taylor, Flavius Taylor, Paul McMeth, Alfred H. Parker, S. M. Buckingham and Paul Simpson; Stewards, Mr. and Mrs. D. E. Clay, Dr. and Mrs. L. C. Kraft, Mr. and Mrs. Adelbert Van Vleck, Mrs. Wayne Harmon, Mrs. Charles Ranney and the above mentioned trustees and the Rev. W. E. A. J. Brockie, Paul Redman, W. E. B. Goddard, W. E. Goddard, and Howard Faye; stewards, Mrs. Nettie Harmon, Mrs. Elizabeth Bowden and the trustees mentioned and their wives. Felt Plains, Clifford Ward, Floyd Rice, Artie Wood, George Higdon and Rollin Rice. The Leslie church asked that the circuit be reduced to two points. The church board appointing the following committee to purchase a new stove to install the chimneys which were recently demonstrated, D. E. Clay, Mrs. A. H. Parker, Elwyn Dell, S. M. Buckingham, and Theron Jenne, pastor. Considerable of the amount of the required sum for the chimneys has been pledged. Any one desirous of aiding in the same will contact a member of the committee.

Rehearsals for the senior play, "Well Met by Moonlight," to be presented April 27-28 began last week. Word has been received here that Miss Merle Wright, a former Leslie young woman, underwent a gouter operation at St. Lawrence hospital in Lansing last week.

Following are the names of boys recommended for membership in the Ingham County Farmers degree in April, Bernard Wilson, Hardy Wiltney, John Uren, Gale McMichael, Robert Phelps and Wayne Harmon. Mr. and Mrs. E. T. Blackmore and daughter, Maxine, were guests Sunday at the Ralph Blackmore home in Eaton Rapids.

Mr. and Mrs. E. O. Lombard and Mrs. Robert Lombard and son, Bobby, of Kalamazoo were guests Sunday of Mr. and Mrs. George Graham of Mason.

Mrs. Vernon Westervelt and son, Jimmy, returned to their home in Lyons Sunday after a week's stay at the home of her parents, Mr. and Mrs. Flavius Taylor.

Mrs. James Black was returned to her home from St. Lawrence hospital in Lansing Thursday where she had been a patient the past 16 days.

Mrs. Maurice Steeves was taken from Pottic hospital in Jackson, to a hospital in Ann Arbor Monday, in the O. J. Edwards ambulance. Mrs. Steeves has been in a critical condition for the past several weeks at her home here prior to her admittance to the hospital in Jackson.

Marion Hoskins was taken to a Lansing sanitarium Monday in the Behrens ambulance following a long period of illness.

Members of the Leslie high school band will attend the annual band festival to be held at Olivet April 17, with bands from each high school throughout the county participating. However, due to a rotation system, Leslie will not this year have part in individual numbers but will take a part in mass numbers.

Leslie high school will play its first game of baseball at Haslett Monday. Mrs. Justine Carver has been secured to teach in the school here following the resignation of Miss Garnet Faught.

About 40 agricultural teachers and superintendents of schools attended a meeting held in the school building here Tuesday afternoon and evening. The Patient Workers class of the Methodist church will meet Friday afternoon with Mrs. Gertrude Harmon. The Leslie Aid will meet in the

church parlors April 10. Circuit No. 1 will arrive lunch at noon. The 28th Annual Ladies Aid will meet April 19 for supper at the home of Mr. and Mrs. Earl Childs. The Felt Plains Methodist Aid will meet April 20 for dinner at noon.

All members of Leslie Community Grange No. 1736 are asked to be present at a meeting to be held Saturday night in the G. A. R. hall. A potluck supper will be served.

The Rev. Theron Jenne, pastor of the Methodist church, is attending for three days this week a retreat held for ministers at the Ohio Northern University at Ada, Ohio.

In honor of the 60th birthday anniversary of Mrs. Lena Smith of Olivet, a former Rives resident and widow of a Civil War veteran, Mrs. Eva Sannaman entertained at dinner Monday, Methodist church, in attending for three days this week a retreat held for ministers at the Ohio Northern University at Ada, Ohio.

UNIFIED FOR Economy

One of the many advantages of our membership in the Bell System is the substantial saving to every customer of this Company... a saving that grows directly out of the centralization made possible by the Bell System.

For example, we get our equipment from the Western Electric Company, manufacturing unit for all Bell Telephone Companies. This assures us of the finest standardized equipment at a lower cost than we could buy it elsewhere.

Instead of conducting our own research department, we pay a fraction of the cost of maintaining the centralized Bell Telephone Laboratories, "Home of Telephone Progress." In this way we have the use of the improvements developed by a complete research program which no one associated Bell Telephone Company could afford to maintain.

This efficiency... avoiding wasteful duplication... is one reason why your telephone service is better and costs less than any other telephone service in the world.

 1. That it is deemed advisable and for the best interest of said city and for the proper operation of the plant, that the contract between said city and Doris D. Granger, the Plaintiff, Contractor, on PWA Project Docket Michigan 1734-F, Sewerage Works in the City of Mason, be changed in the following respect:
 (a) In lieu of the use of a double-ported globe valve on the return line from the final tank to the pumphouse, no more required under the provisions of the contract, the contract be changed to provide for the use of a gate valve.
 2. That it is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data, prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to said Contractor with a request that such Contractor submit a proposal to said City covering such proposed change.
 3. That the proposal of said Contractor, a copy of which is hereto attached, and made a part hereof, to make the said change and accept therefor an increase in the contract price of \$134.25, be and same is hereby accepted by the city and in behalf of the said City.
 4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of said City and not until then.
 The above resolution was offered by Alderman Fletcher, supported by Alderman G. S. Thorburn and adopted by the following vote: Yeas—6. Nays—0.

Family Tuberculosis
 A difficult case is being handled by Hor maternal grandfather, her father and her uncle died of tuberculosis, two stepsisters are confined to sanatorium and Mrs. B. is now confronted with the task of caring for a brother, 41 years old, who exhibits an advanced stage of the disease. Should she arrange for her brother to enter a sanatorium or should she continue to do her "duty" and so risk acquiring tuberculosis and transmitting it to her three children?
 A physician could give but one answer. Although Mrs. B. thus far shows no sign of the disease, it is evident that she comes from a tuberculous family and is highly susceptible. To continue nursing an active case is to invite danger in any event, but to do so without sufficient training to guarantee a measure of protection is little short of suicidal. Mrs. B. must therefore decide whether her duty is to her brother or to her children. It should influence her decision to remember that home care rarely or never is equal to that offered by an institution.
 In the many years of successful operation of the Saranac Lake Sanatorium, established by Dr. Larawson Bryan, not a case of transmission of the disease from patient to attendant has been recorded. But vigilance and the establishment of every scientific safeguard has been the price of prevention.
 Mrs. B. must remember, first, that the risk of infection is very great. Tuberculosis is spread in three possible ways. By contact with an individual in the sputum of a phlegmatic patient enters an open cut or wound; by ingestion, as the meat or milk of tubercular animals is consumed, and by inhalation. The chief danger lies in the latter mode of transmission since the tubercle bacillus is protected by a waxy covering rendering it impervious to drying, freezing, putrefaction and the deteriorating action of time. Only direct sunlight is fatal to the germ. It has been estimated that a person suffering from a lung cavity may spit up 4,000,000,000 bacilli in the course of 24 hours, each one of which, when dried, floats about as dust, may serve to transmit the disease.
 It might be thought that medical students receive sufficient training in protection to guard against tuberculosis, yet in a certain well-regulated university medical school 10 per cent of the classes were found to have contracted the malady at some time during their course.
 Mrs. B.'s heredity unquestionably predisposes her to the disease, possibly through an inherited peculiarity of body chemistry and possibly through some defect in chest or lung formation. Yet she seems to have escaped, thus far, and by avoiding sources of infection and by following certain rules of health, she has an excellent chance of avoiding tuberculosis.

WEATHER OBSERVATIONS

Mrs. Minnie Hemmas already has a sunflower in bloom. Mrs. Hemmas filled a plant jar with dirt from her garden, brought it in the house and planted a begonia in the pot.

Spring is not only backward, it is downright balky. There has been snow almost every day this month.

There was snow last Wednesday night and more came Thursday night. Good Friday was bright and cold.

Snow fell early Saturday morning and the streets were coated with ice. Easter Sunday was bright and warmer.

Most of Saturday's snow was melted by Sunday noon. The temperature remained above the freezing mark Sunday night and continued warm Monday morning.

A steady rain set in Monday forenoon and continued until six o'clock in the afternoon when it turned to a heavy, wet snow.

The ground was covered with snow Tuesday morning and snowflakes were sent out to clear roads and streets. A thaw set in Tuesday but at night the mercury again dropped far below freezing.

Snow fell Tuesday night and at frequent intervals Wednesday. The weather took a turn for the better Thursday morning. Except for patches on the north side of buildings, the snow was about gone by noon.

Unless spring arrives at once this April will go down as one of the coldest in history. Actually there has not been a real spring day this month.

Farmers are far behind with their work. Oats have not been planted. Night after night the ground has been frozen.

Maple syrup is the only bumper crop here. It has been the longest sap run on record.

Mrs. Wilfred Jewett had flowers for Easter. She has a flowering quince located in a protected spot on the north side of the house.

The day before Easter the quince blossomed. No trees and few shrubs are budded.

TELLS OF LIBERIA J. E. Elliot of Chicago entertained members of the Mason Kiwanis club and their wives and guests at the Legion Memorial building Tuesday night with a pictorial journey through Liberia, the colony for ex-slaves established in Africa by Americans shortly following the Civil War.

Mr. Elliot went to Liberia several years ago in the employ of the Firestone Rubber company which has rubber plantations there. He explored the back country for the company and the months among the aboriginal tribes, several of them being cannibals.

He showed many interesting pictures taken on the expedition. Mr. Elliot was high in his praise of the work done by medical missionaries in Liberia.

During the World War, the five or six German U-boats operating in the waters of the United States, sank ships aggregating 110,000 tons, among which was the cruiser, U. S. S. San Diego.
