Eighty-ninth Year - No. 19

10 Drunk Driving **Cases on May Term Court Calendar**

Circuit Court Will Open ' At Mason Next Monday, Jury Trials Start May 17

Ten of the 26 criminal cases listed on the May term circuit court calendar are for drunk driving. County Clerk C. Ross Hilliard mailed out the printed calendars to attorneys Monday. The May term of court will open in Mason next Monday with jurors ordered to report on Monday, May 17. The other offenses in which liq-

uor is involved number three, Cases on the criminal calendar are Harry W. Darnell and Harry E. Deady, driving while under the influence of liquor; Claud B. Dean, Carl D. Coleman, George A. Close, John W. Spack, Jr., Vernon Snyder, Cecil Moore, Edwin E. Pollard, and John W. O'Callaghan, driving while under the influence of liquor, appeal;

Paul M. Fettig, disorderly conduct, second offense, appeal; June Wyatt, false indentification to obtain liquor, appeal; Harold David Kelly, larceny from a building; Myron H. Crooks, larceny from an automobile; James Elerson, assault with a dangerous weapon; John O. Chandler, driving while operator's license was suspended; Nelson Smith, disorderly and non-support appeal; Douglas A. Eveland, furnishing alcoholic beverage to min-

Wiley Fincher and Leonard E. Taylor, larceny from building Morton Eltzroth, indecent exposure; George Sweazey, larceny by conversion; Isham Bradford, lar-ceny from automobile; Vernon breaking and entering in the nighttime; Cora Foulk, cruelty to animals, appeal; William Mc Creary, aggravated assault; and Ernest L. Miller and Vivian A.

Ruttan, larceny from building. Prosecutor Charles R. MacLean indicated that several other cases will likely be added to the criminal trial list when the calendar is read in Mason Monday.

There are 43 jury civil and 87 non-jury civil cases. Many of them are the result of automobile ac-

cery cases.

On the no-progress calendar are 70 cases in which there has been no court action during the past year. They are subject to dismissal Monday.

Letting of Bridge **Scheduled Monday**

Bids on the construction of the Elm street bridge will be received at the city council room next Mon-

At the session held Monday Klohr, night City Engineer Walter E. Zimmer reported that two sets of blueprints have been taken out by contractors. He said he expects that five or six bids will be filed on the bridge.

Zimmer told council members members that the bridge has a 30foot span with a 12-foot clearance. It is less costly to build an arch bridge than a box bridge with abutments, the city engineer ex-

likely to be shrunk one-third and the street crew will probably also be trimmed. The two economy measures were urged on the city council Monday night by Alderman Gerald Par-

The newest alderman (he was elected at a special election this spring) set the pace at a busy council session Monday night. Besides placing the economy demand before the council he introduced the zoning ordinance and asked appointment of a committee to study a proposed building code and sewer ordinance.

Parsons' demands were heeded, Mayor S. A. Morrison asked the police committee, headed by Alderman W. Davis Post, to bring in a recommendation on climinating one man from the police force. There are now three; one night man and two day men.

"We must cut expenses," Parsons declared. "We can't continue at the present rate of spending and come out even. We must operate with what we've got." Alderman Lee Darling and May-

or Morrison voiced agreement with Parsons on trimming the police could see no great need for streets being patrolled all day long,

Committee Named On Building Code **And Sewer Control**

Official Hearing May 24 On Zoning Ordinance, Two Changes Are Approved

At the city council meeting Monday night Mayor S. A. Morrison named a committee to study a proposed building code and a sewer ordinance. On the committee are City Attorney O. J. Hood, City Engineer Walter E. Zimmer, Aldermen Gerald Parsons and John Shepard and Celand Lamphere. Lamphere is a building contractor.

The same committee will bring in a report on a sewer ordinance, The state health department demanded enactment of a sewer

Parsons declared a zoning ordinance will mean little unless a building code is effective as a

companion measure . Mayor Morrison said a full-time building inspector would want a salary of \$4,500

"A man capable of inspecting buildings won't work for any 50 bucks a year like the mayor," the mayor pointed out. "He'll have to have a lot more money, and how does that fit in with the economy program?'

Parsons replied that a man, perhaps a retired builder, can be hired to work part-time on a fee basis. Zimmer explained that enactment of a sewer ordinance would

Final hearing on the re-enact-ment of the zoning ordinance has been set for Monday night, May 24. Alderman Parsons, chairman of the zoning committee, reported that the triangle bounded by Park, Sycamore and State has been officially changed to B residential and that all of Cedar street has now been zoned C com-

Call List Provided For Business Men

Mason fire and police departments are being provided with a eat list of business places to be used in case of fire, break-ins, or other -emergencies,

The Chamber of Commerce is making a directory of members, giving the address and telephone numbers of each key man in a business organization. The directories will, he turned over to police and sheriff's officers and the fire chief. As explained by Chamber President Al Rice, firemen and police officers are sometimes unable to find out who to call when store doors are found open or a fire

NO JAIL VISITS SUNDAYS Sheriff Allan A. MacDonald has closed the county jail to visitors on Sundays, The Sunday crowds have grown to such proportions the last few Sundays that jail attendants have had difficulty elhowing their way through the corridors. For the next five weeks there will be no visiting hours on Sunday. Hours during which visits will be permitted are from three to four and seven to eight on Tuesdays and Fridays, Jail attendants said the new rule did not result from the sentencing of four college students to five week ends

Aggies Lose Again
The jinx of two runs is still dogging Dansville. The team played on even terms with Fowlerville for five innings with two runs each. However, in the sixth and seventh innings Fowlerville pounded across eight runs to subdue Dansville 10-2. Four hits were garnered by the team; singles by Cochrane, Young and Rappleyea and a double by Williams. Rap-

treasurer, for April, 1948, was received and placed on file.

By Alderman Darling Resolved by the city council that the city treasurer be and is hereby nuthorized to transfer \$15,000.00 from the contingent fund to the street fund.

The above resolution was supported The above resolution was supported The mayor appointed O. J. Hood, W. E. Zimmer, Gernild Parsons and John Shepard as a committee to work on a sewer ordinance and building code.

On motion council adjourned until

On motion council adjourned until May 17, 1948, at 7:30 p. m. George Kel-logg, City Clerk.

Services Friday For Mrs. Minnie Sweeney

Mrs. Minnie Sweeney, 80, died carly Wednesday morning at Mrs. Braman's convalescent home in Dansville, following several weeks of failing health. Prayer service will be held at the Ball funeral home Friday, May 7, at 11 o'clock. Funeral services will be held at the Methodist church in Brant at 2:30. Burial will be in the Brant cemetery.

Mrs. Sweeney, the oldest daughter of Chadwick and Minerva Curtis, was born January 26, 1868, in Canada. The family moved to Michigan and settled at Brant in Saginaw county, where Mrs. Sweeney spent her girlhood.

On September 12, 1889, she was married to Thomas J. Sweeney, who preceded her in death in March 1940. Mr. and Mrs. Sweeney came to Mason in 1910, and for many years owned and operated the Sweeney hotel.

She is survived by two daugh-

Legal Notice

ONE THOUSAND FIRE DEATHS THIS MONTH

Yes, here in the United States almost 1,000 people this month and another 1,000 next month will lose their lives in

Among the 1,000 fire victims a month, among the 12,000 killed by fire every year, children are in the majority. And among children fire kills five girls for every three boys.

Nearly 6,400 girls and 3,800 boys between the ages of 5 and 14 lost their lives by fire in the last 12 years. Why?

Girls are exposed more to fires than boys. Girls spend more of their playtime indoors. As they grow up they take on tasks that are performed largely inside the home. Their clothing is more apt to catch fire.

These deaths, many of them, were needless. Many of them resulted from carelessness..

Here are things we can do to reduce fires and reduce the number of boys and girls and men and women who suffer pain and death from fire: Keep matches out of reach of children, Down by the be more careful with smoking, avoid use of gasoline, benzine and naphtha for cleaning, clean, check and repair heating plants and kitchen stoves, flues and chimneys, check electric wiring and appliances, place oily rags in metal containers, get rid of litter and rubbish in cellars and attics, and don't leave young children home alone.

Just being careful will save hundreds of children from fire

left him a fortune made out of tin-plate. The fortune is being split up among lawyers and divorcees and the tin-plate king's great-grandchildren will probably go back to work and amount Ingham County News.

An inheritance of money unaccompanied by character and wisdom lasts such a little time.

GETTING 10 PER CENT MORE MILEAGE

Pete Beal of Grass Lake told Ingham farmers at the 4-H plowing contest Sunday a secret—a valuable secret. He told them how to get 10 per cent better mileage out of tractor fully. salary wasn't at the fully sala fuel, or how to reduce their fuel costs by 10 per cent.

All they have to do, Beal said, is to study the manuals stockholders will be as gracious one of the drops coursing through which manufacturers furnished with their tractors and to fol- as the MSC alumni have been." low those directions.

There are many tractor operators who have never read Ridge drug store in Lincoln last "And Adam called his wife's their manuals, who have never paid any attention to the proper adjustments of carburetors, the dealer pointed out. They are the layout. It's a good location and mother of all living. the operators who are always complaining about lack of power and about high operating costs.

Two-thirds of the complaints farmers make to implement Ridge has tossed out the liquor change in living conditions. The dealers, the man from Grass Lake declared, result from failure department and has installed a generations through Cain, Adah, to read manuals and to follow directions.

If by reading the manual and following directions savings up to 10 per cent can be made on fuel costs alone, then that's a good way to cut costs and to gain better performance. Fuel costs will not only be lowered, but the life of the tractor will be lengthened.

JUDGE YOUNGER IS DOING HIS DUTY

There are 10 drunk driving cases, eight of them appeals, on the May term criminal calendar. The appeals come from convictions in Judge Paul

Younger's municipal court in Lansing. Some people have said, "Judge Younger is cracking down

too hard. A lot of those charged with drunk driving would have pleaded guilty to just being drunk. Some of those convicted of drunk driving would not have appealed if the judge hadn't imposed jail terms along with the fines."

That's a poor way to look at the situation. If the men man, woman or child who didn't were drunk while driving, Judge Younger is doing no less than have a 10th century ancestor. No his duty in having those charges preferred against them. Municipal court juries are doing only what they should do in re- or a first century, a 19th century turning guilty verdicts.

Every man and woman who gets behind the wheel of a car to drive after drinking is a potential killer. He or she is a menace to every person using the highway.

Judge Younger is doing a courageous piece of work in applying the law honestly and vigorously. He is deserving of the support of every person who favors highway safety.

Backs Dairy Advertising Program

Bruce Clothier, North Branch, when recently elected president of the American Dairy association of Michigan, said dairymen should be on their toes with the realization that the farmers of this state must advertise their products as never before in the history of the dairy industry.

Clothier wants Michigan dairy products developed and advertised as such until the state is recognized over the nation as one of the mid-west leading dairy states. He believes it can be done through the efforts of the American Dairy association, which is an organization nade up of dairy farmers following a national program of increased advertising, further re-search to perfect dairy products and an attractive campaign to

GEORGE A. WARD, Manager

Freedom is everybody's jo

Here is an alarming fact; the freedom we now enjoy is threatened.

Subversive influences are at work in our land; perhaps closer to home than we realize. They are working hard to destroy our cherished heritage. But it is not too late. We still have time to clean house . . . to stop the undermining forces of un-American isms.

WHAT YOU CAN DO • Remind your friends that we must be as

wide-awake as our enemies. Vote and urge your neighbors to vote. • Offer your time and ideas to public service.

 Speak your mind freely. **EVERYBODY'S**

Plummer Machinery Co. R. D. Jones, Sec. Phone 5-8816 419 N. Cedar, Lansing

What To Do To Be Saved

By What Standard Is Fitness For Heaven Determined?

By What Rule Does God Decide Whether You Shall Be Lost or Saved?

Sunday, May 9, 7:30 P.M.

LEGION MEMORIAL BUILDING Mason, Michigan

The Bible Voice Evangelist A. A. Douglas

Can you be saved so long as you do not violate conscience? Is conscience an infallible guide,? Will faithful adherence to your own independent ideas of right and wrong assure you of eternal life? If the pagan THINKS he is right, is that all that God requires? If the cannibal FEELS no condemnation, is he assured of a home in heaven? If the Christian abides by the counsel of a revered minister, is this all that God expects? If your parents were godly people, and they pursued certain practices, are you perfectly safe in following their example? In determining fitness for heaven, does God employ a sliding scale, an adjustable standard, depending on what one THINKS, how one FEELS, the CUSTOMS of the neighborhood, or HOW one has been "BROUGHT UP?" Within reasonable bounds, is the individual left to choose for himself, and yet be assured of a place in heaven? The BIBLE declares that not all professed Christians will be saved. Then by what rule does God decide that some shall be lost, and some shall be saved? The BIBLE gives the answer.

This is the NINTH IN A SERIES OF BIBLE LECTURES being delivered EACH SUNDAY EVENING free to the public. A half-hour of lovely vocal and instrumental music will precede the lecture.

Does GRACE supersede LAW? Was the LAW abrogated at the cross? Are Christians freed from the obligation to keep the commandments of God? What law was nailed to the cross with Christ? Does FAITH establish the LAW or dispense with it? Can one be saved without OBEDIENCE to the LAW? Without the EXERCISE OF FAITH? What is the relation, if any, between LAW and GRACE? Between LAW and FAFTH? Does God answer these questions in His WORD? Or is there ambiguity and contradiction?

Does God's standard change with the onward rush of time? Or with the change of human events? Do age-old customs and traditions within the Christian Church necessarily bear the mark of God's approval? Does God call for a reformation in these modern times? Or was Luther's day the last day for reformation in the Christian Church? The Bible answers these questions.

Hazardous Whiter

An average of 003 pedestrians were killed each month in traffic accidents last year, but this average is by no means representative of the hazardous winter months, according to safety experts of the national conservation bureau, November, December and January are the most dangerous for the pedestrian-mainly because slippery pavements make it difficult for drivers to stop in time to avoid hitting the man onfoot,

Michigan tarmers interested in tended the Lutheran bowlers ban- poultry production problems can quet Monday evening. It was held hear a weekly discussion at 12 at the Bethlehem Lutheran church noon (EST) over WKAR, Michigan State college radio station, 870 kc.

IS ONLY HALF YOUR HOME INSURED AGAINST FIRE?

Years ago, you paid a certain price for your home, Today, it's probably worth twice that price.

Does your fire insurance reflect that increase? Is your fire insurance adequate to replace that home with a comparable one at today's prices. We'll be glad to survey your protection at no

Look who gets squeezed

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 151/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15½ cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

Unions refuse rules discussion Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other

railroad workers received. Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms. They have dictated a paralyzing railroad

You will be the victim!

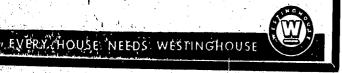

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommenda-tions. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Comp	are these wages with what y	ou make!	1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1

HONOR NOTED EDUCATOR

Known and loved by thousands who gained | Michigan to specialize in business administratheir first start in the business world through his guidance and knowledge, 90-year-old Dr. Patrick R. Cleary, founder and president emeritus of Cleary College, Ypsilanti, sits for a bust by the well-known Michigan sculptor, Julius Ayres.

The bust was commissioned by alumni in practically every village and city in the state. Still active despite his years, Dr. Cleary amazes Executive Vice-President Donald A. Houghton by appearing daily at his office to complete the final draft of a book shortly to be published.

Cleary College was the first school in

tion and commerce courses that would provide young men and women with a "bread-andbutter" education.

"The specialized training demanded in business today," reflects Dr. Cleary, "is a far cry from the general background considered adequate 35 years ago. The business girl of today may have the long skirts of her grandmother but the resemblance ends right there. Many of these girls are equipped to even take over the executive end of a business."

President Owen J. Cleary, son of Dr. Cleary, is chairman of the Michigan State Liquor Commission.

the Citizen-Patriot at Jackson MILLVILLE Tuesday. They were accompanied by their science teacher, Kenneth McKenzie.

The formal opening of Ambs Dairy bar and Arcade grill on Carney street was held Saturday. It has been announced that the fall meeting of the Jackson association of Congregational churches will be held with the Leslie church at a date in October, yet to be

We're thinking of an old one . . . "How far can a man walkinto the woods"—and the answer is, "Halfway—because after that he'll be walking out!"

THAT ANSWER'S NOT FOR US!... Maybe it applies to

woods but NOT to the business of selling new cars. When we say (as we do) "walk in and look into our operation," we don't mean just halfway. We are franchised new car dealers—factory representatives. We're also responsible members of your business community. We realize, and accept, a rigid position of ethical business practices. Just as you accept your responsibility for SAFE driving by making it a practice to have your car safety-checked, frequently.

Don't just come halfway—come all the way in, and let's talk automobiles.

George Bickert George Bickert, eldest son of Henry and Mary Bickert, was born September 24, 1857, in Ingham county, on a farm in Wheatfield township, It was located about a mile from the farm home where Porter Field, former operator of he had lived his life from the time the Mason Recreation and then of his marriage to Jennie Stoffer

His boyhood days were filled Mrs. Field are living in a house with the work and happiness of pioneer life. His schooling was gained in country district schools; the first was in the one known as ing a building 62x130 for theird the Caswell school in Wheatfield township. He lived at home until he was 21 years of age, helping with the work as soon as he was old enough. One of the things he helped to do was help get out the logs for lumber to build a frame house for his parents in Alaledon township near the Phillips school. Later on he worked at the carpenter trade for several years before

his marriage. He was converted at the age of 26 and became a member of a birthday anniversaries of Mrs. held its meetings in the German church in Alaiedon township. The Center was organized in 1898, He Mr. and Mrs. Glenn Miller and became one of its charter memchurch, superintendent and teacher of the Sunday school for many

He was a quiet, soft spoken man who loved his home and family, the week end. Sunday evening Mrs. husband, father and neighbor, and was a sincere Christian as a gladly giving a helping hand to those in need, and always speaking a kind word of his fellowmen.
