

IT'S GOING TO BE EASY to cheer for Mason's football team this year with these enthusiastic cheerleaders giving their all. Members of the cheerleading squad this year are Jennell Cappel, Karen Evans, Mary Peek, Carol Haynes, Mona Shaw and Linda Parker, captain. The

girls learned some fine points of arousing a crowd at the annual cheerleading school at Hartland this summer. Friday night they'll be at St. Johns to cheer the Mason Bulldogs on to victory. If cheerleading will do it, these girls have the game all wrapped up. (Photo by Archy Ammerman.)

## Drinks Lighter Fluid

A Mason area infant was rushed to St. Lawrence hospital last Thursday after she swallowed a quantity of lighter fluid. She was Julie Weirauch, 20 months old, of 971 Onondaga road. At the hospital she was treated and released.

## Drive Formed

Mason's area community chest drive is in the planning and organization stage. Chairmen have been picked to handle the canvassing chore. Bud Swinehart is chairman of this year's drive with Frank Guerrero as co-chairman. Mrs. William Porter will serve as area chairman. Paul Richards will handle the business and industrial drive and Val DeRosia and Dewayne Evans will concentrate on the businesses. Jim Stubbett will head the government offices part of the campaign. Ray Perkins is publicity chairman.

## Procedure Starts For Pool Project

First steps which will start the Mason swimming pool project on its way were taken by the Mason board of education Wednesday night when a resolution was passed to borrow \$200,000 to build the pool. The next step in the various procedures before the construction work actually starts is the application to the Municipal Finance Commission for authority to go ahead with the pool. When that hurdle is passed, attorneys will set a sale date for bonds and then award the bonds to the lowest bidder. A period of about 3 or 4 weeks is required to obtain the money, school officials said, and the contract cannot be awarded until the money is obtained. The board appointed a Lansing architect to prepare plans for the pool and the project will be pushed as rapidly as possible. In other action the board voted to build a 4-foot woven wire fence around the building

and grounds of the Alaledon elementary school, and a cyclone fence along the north side of the Cedar street school to the west to join with another fence already erected. Signed a special education agreement with the Ingham Intermediate school board for the intermediate board to purchase 2 rooms at the new Aurelius elementary school when they are put into operation as special education rooms. Approved the purchase of a printing calculator and IBM transcriber for the high school business machines course at a cost of about \$900. Raised the liability limits for bodily injury in the bus insurance policy. The board formerly carried \$50,000 for each person and \$300,000 per accident. This was increased to \$300,000 each person and \$500,000 per accident. The liability limit for property damage was increased from \$25,000 to \$50,000.

## Arson Charge Is Reduced

Carl Gibbs Jr., who had been charged with arson in connection with a fire that destroyed his home at Kelly road and Dexter trail last month, was arraigned before Judge George Hutter in Lansing township justice court last Thursday, when the charge was amended to "wilfully and maliciously burning personal property of the value of less than \$50, to wit \$10." Gibbs entered a plea of guilty to this charge. He was fined \$100 which was suspended and was assessed costs of \$35.35 which he paid. He was placed on probation for one year and is to continue medical treatment and make restitution for fire department services in the amount of \$100.

## Mason Fills Faculty Jobs

All faculty positions in the Mason schools are now filled, M. Chandler Nauts, superintendent of schools, announced this week. The board employed A. Leon Wheeler of Lansing as an elementary vocal music instructor, completing the roster of teachers for the year. Wheeler will teach at the Cedar street and area elementary schools. Mrs. Dorothy Brooks will teach elementary vocal music at the Alaledon and Steele schools. Robert Finch, head basketball coach, will take over the coaching of cross country teams this year. Cross country is a new sport added at Mason high school in the 1964-65 school year. Mrs. Doris Patterson will continue as cheer leading coach.

## Church Census Due Sunday

Sunday afternoon, September 20, Mason area churches will be cooperating in a religious census of the town. Census workers will meet at the Baptist church at 1:45 for instruction and will canvass the town from there. It is hoped the whole town can be covered in the one afternoon. The information will be kept in a general file which will be available to all Mason churches.

## Trapped in House Fire, Stockbridge Man Dies

Charles Marshall, 39, a Stockbridge resident for the past several years, was burned to death in a fire that swept through his small home at 340 Railroad street in Stockbridge in the early hours of Wednesday morning. Marshall lived alone in the house. His brother, Robert, lived in a house trailer a few yards from the house. Robert came home from work about 2 a.m. and said that at that time every-

thing appeared normal. About 3 a.m. Robert was awakened by heat coming through the walls of his trailer. He saw his brother's house in flames.

The little building burned quickly. Coroner Jack Holmes of Lansing was called. He said when he arrived the little house was completely destroyed. Only charred studdings remained.

The origin of the fire had not been determined Wednesday morning.

Holmes said it appeared that Charles Marshall had been awakened by the fire and had gotten out of bed and tried to get to the doorway. The coroner said approximately 80 percent of the man's body was consumed in the

flames. He said what remained of the body was found lying parallel to the threshold of the door. The door was completely burned away.

Marshall was born in Royalton, Kentucky, June 28, 1925. He is survived by his father, Franklin Marshall, his stepmother,

Thelma Marshall, and 4 brothers, Robert, Arnold, and Willard, all of Stockbridge, and another brother, Edward, of Pinckney.

Funeral services are set for Friday at the Caskey funeral home in Stockbridge. Burial will be in the Stockbridge Oaklawn cemetery.

## Mason Enrolls More

Enrollment in Mason public schools reached the highest point in history with 3,107 pupils in elementary, junior high and senior high schools, Mr. Chandler Nauts, superintendent of schools, said Wednesday. School officials had been predicting an enrollment of 3,100 for this year. On the first day of school they were short of their predictions by 64 pupils. But as of Monday of this week, the enrollment shot upward with an increase of 61 in a week. Here is the breakdown by schools: Elementary - 1,586 Junior high school - 924 Senior high school - 597 Total - 3,107.

## Board To Fill Offices

Monday will be election day at the Ingham county board of supervisors meeting at Mason.

There will be several board vacancies to fill for county road commissioners. The term of Clarence Puffenberger of Onondaga expires.

There are 2 positions to be filled on the Ingham county library board. The term of Mrs. John Edgar of Aurelius expires. In addition the vacancy caused by the resignation of Mrs. Lillian Heck of Holt will be filled.

Board members will also fill the vacancy on the board of control of Ingham Medical hospital. Walter Munyon's term on the board expires. Under the organization of the board adopted by the supervisors, he will be replaced with a member of the board of supervisors.

Other offices to be filled will be one position on the county fair board when the term of Derwood Dickinson expires and the selection of a county dog warden, a position now held by William Bravender.

Another main item of business for Monday will be the presentation of the final county budget. Under new state law the budget will have to face the test of a public hearing before final adoption. Tentative plans call for setting the hearing for the early part of October.

## Volunteer Police Sign In

Mason's police department was strengthened this past week when 13 auxiliary officers in full uniform were sworn into office by Judge Roy W. Adams of the Mason justice court. The officers will be used as additional manpower for the regular department when occasions arise and more policemen are needed.

Chief Tim Stolz of the Mason department, who is in command of the auxiliary group as well as the regular force, plans to increase his auxiliary force eventually to 42 men.

Purpose of the auxiliary force is to assist on special occasions with handling such things as parades and crowds at athletic contests, assisting with patrolling during peak rush periods and as a standby force in case of a major disaster or if needed to quell a possible riot.

## Staeble Campaigns in Mason

Neil Staeble, democratic nominee for governor, will conduct an intensive campaign tour of Ingham county Wednesday and Thursday. He will be in Mason Wednesday afternoon for a Wyeth tour and a handshaking stint in the business district. Commencing with six a.m. plant gate appearances and ending with evening coffee hour circuits on both days, Staeble will be out to meet, shake hands with or talk to as many Ingham voters as possible.

A public reception at the Democratic County Headquarters, 323 S. Washington avenue, Lansing, on Thursday noon, featuring a "stand up lunch" will be a highlight of the tour.

Business and professional people can meet Staeble at a breakfast at 8:00 a.m. Thursday at the Eagle Restaurant. Breakfast arrangements are being made by the Business and Professional Committee for Staeble headed by Frank McPherson.

Twelve coffee-hours, a tour of the Wyeth Laboratories plant in Mason, handshaking in the business districts of Mason and Holt and at Lansing area shopping centers and a public reception at Turney's Restaurant in Mason at 4 p.m. Wednesday will round out the candidate's activities.

Staeble's campaign swing is being handled by the Ingham County Staeble for Governor committee headed by Thomas C. Walsh in conjunction with the Ingham County Democratic committee and local candidates.

Democratic congressional candidate Boyd Benedict and state senate candidate George Griffiths will accompany Rep. Staeble on much of the tour.

Tom Barker is in charge of the Mason tour.

## Mason Makes Publication

Mason gained some publicity in the Saturday Evening Post. Malcolm X, Black Muslim leader advocating a separate black state and violence, dwelt at great length in his Post first-person story on his days in Mason. He attended school here in the middle 30's.

Back in those days he was known as Malcolm Little, a ward of probate court.

Some of Malcolm X's recollections don't quite coincide with Mason school records or with the recollections of some of his teachers and classmates.

## Politics Boils Over At Both Conventions

Both political parties officially jumped into the play-for-keeps political battle Saturday with the Ingham county conventions. Both parties had some intra-squad battles in their respective conventions but neither lost sight of the real political purpose in life, the lambasting of each other.

Both intra-party squabbles involved the same subject, the makeup of the county executive party committees called for by a new state law.

In addition the Democrats became embroiled in what they termed the midnight caucus activities at the state convention.

Views are different from both sides of the political fence. Here is how each party sees the state, county, national and world pictures.

### Republicans

Republican keynoter, Elly Peterson, candidate for U.S. senate, set the tone of the GOP convention.

"Integrity in government is the key issue in the November election," she told the county delegates.

Referring to the Billie Sol Estes and Bobby Baker cases, she said, "If there is an area where Democrats can make progress today it is in integrity of government."

She accused Senator Phil Hart, her Democratic opponent, of not standing up and being counted on a matter as serious as the integrity of the U.S. senate.

She went on to say he has demonstrated nothing in the way of ability except in the fields of counting cherries in pies and in sweeping Democratic dirt under the senate rug.

"What disturbs me more is that people are apparently willing to accept the situation of no integrity as part of the American system," she said.

She pointed to 3 things which she didn't want people to tell her. "Don't tell me what's wrong with Barry Goldwater. Just look at the present conditions and the record of the present administration and the past life of President Johnson," she pointed out. "Don't tell me George Romney isn't a Republican. If we had more Republicans like Romney we wouldn't be in the desperate situation we as a nation are in today."

"And, don't tell me I can't beat Phil Hart—because I am going to do it."

Named to the GOP executive committee along with the county nominees were Thomas Brown, Mary O. Black, J. Delbert Wells, Frank Wery, Lansing; Richard Anderson, Lansing township; Bruce McGuire Jr., East Lansing; Robert Robinson Jr., Meridian; Archie Lewis, Holt; Ray Perkins, Mason; Fred Ruthig, Leslie; and Maurice Durkee, Williamston.

Delegates to the state convention set for Saturday in Detroit were selected. The convention endorsed the candidacy of Leo Farhat for attorney general.

### Democrats

H. James Starr, Democratic convention keynoter and candidate for the legislature from the 57th district, set the tone for the Dems. He called for an all-out battle to stop the 18th century forces of Senator Barry Goldwater.

He also sounded the battle cry to mount a campaign to sweep Republicans out of office at every level of government.

Starr accused Republicans in the legislature of defeating tax reform measures which is the phase upon which a 20th century administration of the state must be built.

"Republican Governor Romney pledged tax reform but has now joined conservative Republican colleagues as a no-tax governor," Starr maintained.

He cited the areas of failure of Romney's administration as education, mental health and welfare.

Democrats saved a lot of their steam at the Saturday night convention for themselves. Right from the start Democrats were involved in a battle between 2 factions which reached a climax when a secret ballot was called for filling the executive committee spots.

As one delegate put it, "The organized labor faction is out to take over."

Elected to serve with the party nominees were Richard Cook, East Lansing; Kenneth Hope, Holt; Joseph Kiersey, Holt; Howard L. Jones, Lansing; Bernard Klein, Lansing; Bruce King, Lloyd; LaChapelle, Geraldine Rappaport, Harry Hill, Elton Tubbs and Nolan Owen, all of Lansing.

Another battle brewed over state convention procedures. Cook, present county chairman, demanded that the Democrats return the convention to the delegates. His suggestion that the "midnight" caucuses be boycotted was voted down.

Democrats picked their delegates for the state convocation which will meet in Lansing Saturday.

## In Mason Friday

### Bloodmobile Will Aid Hurricane Victims

BLOOD COLLECTED at Friday's bloodmobile stop in Mason will be used to help bolster supplies needed for survivors of the South's hurricanes. Storm injuries have required blood banks throughout the country to assist and the result has been a depletion of blood supplies, according to Mrs. Richard Bebee, coordinator of the Mason bloodmobile stop.

The bloodmobile will be in Mason Friday from noon until 6 p.m. at Mason Presbyterian church. Free refreshments for volunteer donors will be provided, as usual, by the Mason Kiwanis club.

A North American Van Lines truck loaded with furniture, crashed into the carport of a house on Dallas street in Holt about 7 a.m. Wednesday after the driver, in swerving to avoid a car making a U-turn in front of him, ran off the road.

Donald Hiser, 37, of Adrian, driver of the truck bumped his head on the cab as he swerved his heavy vehicle and was knocked partially unconscious. At the same time his foot pushed on the accelerator sending the vehicle through a field and over 2 ditches until it came to a stop after hitting the carport of the Robert Ladd home at 4218 Dallas street. The truck remained upright. The van was headed north on US-127, officers said.

## Dansville Church Setting For Hurford-Wing Wedding

Dansville Methodist church was the setting for the candle-light ceremony Saturday, September 12, uniting Miss Carol Marie Wing and William Lee Hurford in marriage. Performing the double-ring ceremony was Rev. Gilbert Strotti, minister of the church.

The bride is the daughter of Mr. and Mrs. Harold R. Wing of Dansville and the bridegroom's parents are Mr. and Mrs. Glenn H. Hurford of Leslie.

The bride approached the altar on the arm of her father. Her silk organza over tulle wedding gown was styled with a portrait neckline trimmed with re-embroidered alencon lace appliques and the bell-shaped skirt swept into a chapel train. Her crown was made of pearls and crystals which held her illusion veil. She wore a pearl necklace, a present from the bridegroom.

The bride's sister, Miss Joyce Wing performed duties as maid of honor. She wore a peau de soie gown of orange copper glow with a modified scoop neckline, a sheath skirt with floating panels. She wore matching headpiece and carried a cascade bouquet of full mums, pompons and foliage.

Dressed identical to the maid of honor were Mrs. Wilma Curry, Mrs. Gloria Wilkinson and Miss Ester Hurford as bridesmaids. They carried full mums, pompons and foliage also.

Miss Mary Ann McCabe was flower girl. Her parents are Mr. and Mrs. Jearl McCabe. Her dress was identical to the bride's, and she carried a basket of orange rose petals. Her dress was designed and made by her mother.

Master Ronald Wing, a cousin of the bridegroom, was ringbearer. His parents are Mr. and Mrs. Roland Wing of Dansville.

Mrs. Maurice Peatros of Lansing was soloist she sang, "Through the Years, Because and the Lord's Prayer." She was accompanied by Mrs. Dorn Diehl of Dansville.

Serving as best man was Charles R. Wing, ushers were a brother of the bride, Gerald R. Wing, Raymond J. Townsend, Lynn F. Hurford.

A dinner and dance reception followed at the American Legion hall in Williamston. The bride's cake was made of 6 tiers, separated by champagne glasses. Mrs. Leah Grosshans and Mrs. Roland Wing, aunts of the bride served at the bride's table. Mrs. Douglas Hoot, Mrs. Janet Eldridge and Mrs. Larry Launstein presided at the gift table.

Miss Diane Palmer, cousin of the bride, presided at the guest book.

Special wedding guests were Mrs. Nina Wing, grandmother of the bride, and William Hurford, grandfather of the bridegroom.

For their wedding trip to the New York's World Fair and Cape Cod, the new Mrs. Hurford wore a red plaid suit with red accessories and a white orchid corsage.

The bride graduated from Lansing Community college school of practical nursing and the bridegroom formerly attended the University of Alaska and is presently a senior at Michigan State university, majoring in engineering.

The newlyweds will reside in Lansing.

Several showers were given for the bride before her marriage. Co-workers at Sparrow hospital entertained her at the Eagles in Lansing, a group gift was presented to her.

Mrs. Ethel Hall, aunt of the bridegroom, entertained at a kitchen shower. Punch, coffee, open face sandwiches, chips and dips, and fancy cookies were served.

Mrs. Thelma Hines of Millford, another aunt of the bridegroom, entertained the bride at a miscellaneous shower. Those present from this area were the bride's mother, Mrs. Harold Wing, and sister, Joyce Wing, the bridegroom's mother, Mrs. Glenn Hurford and daughter, Esther Hurford. Sandwiches, relishes, coffee, fancy cakes and nuts and mints were served.

Mrs. Wilma Curry, former classmate of the bride, entertained several classmates of the bride at a miscellaneous shower at the home of Mrs. Deway Craft in Dansville. The afternoon was spent visiting and playing several bridal games. Cake, ice cream, mints, nuts and coffee were served.

Mrs. Gloria Wilkinson, cousin of the bride, Mrs. Leah Grosshans and Mrs. Roland Wing, aunts of the bride, entertained at an afternoon miscellaneous shower at the home of Mrs. Wilkinson in Lansing. The afternoon was spent playing bridal bingo. The hostesses served fruit salad, rolls, mints and nuts, fortune cookies, coffee and punch. Those present from Dansville were Mrs. Wing and Joyce, Mrs. Roland Wing and daughters, Mrs. Dorothy McCabe and daughters, Mrs. Nina Wing, Mrs. Dorothy Hurford and Esther and Mrs. Ethel Hull of Leslie.

The rehearsal dinner was hosted by the bridegroom's parents, Friday evening, September 11 at Turneys.

## Marian Wilson Becomes Bride

Miss Marian Wilson, daughter of Mr. and Mrs. Howard Wilson of 4407 West Delhi, Holt, and Donald H. Tuttle of 413 Lakeview, Sturgis, were united in marriage August 29 at 3 p.m. at the First Nazarene church in Lansing. Rev. Arthur Gould officiated at the ceremony with Rev. David K. Ehrlich assisting.

The bride's gown was a square neck lined dress, trimmed with seed pearls at the neck, with long tapered sleeves, accented in the back with a bow and was in walk-length. She carried a white Bible topped with a white orchid.

Matron of honor was Mrs. Kenneth Cousins of Carson City, sister of the bride. She wore an aqua satin street-length dress highlighted with a bow in front and a full skirt. She carried a colonial rose bouquet.

Flower girl was Brenda Cousins, niece of the bride and ringbearer was Michael Dunn.

Faye Hart of Sturgis was best man. Ushers were Kenneth Cousins, brother-in-law of the bride, Lavan and Robert Wilson, brothers of the bride, James Rice, Robert Hackman and Gordon Cherrington.

The church was decorated with palms, candelabra, gladioli and pompons.

Mrs. Lee Thompson played the organ and accompanied Tom O. Thompson who sang "Because, Through the Years and Saviour Like a Shepherd Lead Us." The reception was held in the church annex immediately after the ceremony. Those who served were Cheryl and Jerilyn Hoover and Nancy Wilson, nieces of the bride, and Connie Tuttle, daughters of the bridegroom.

Mrs. Herbert Irvin presided at the guest register.

After a honeymoon to Chicago the newlyweds will be at home at 413 Lakeview, Sturgis.

A pre-nuptial shower was held in the church annex with Mrs. Roland Mohler, Mrs. Arden Brown and Mrs. Percy Shaffer as hostesses. It was a personal shower, with thirty guests attending. Two games were played and refreshments were served. Special guests were Mrs. Howard Wilson, mother of the bride, Mrs. Kenneth Cousins, sister of the bride and her daughter Brenda, from Carson City, Mrs. Lavan Wilson and daughter Nancy, sister-in-law and niece of the bride, and Connie Tuttle daughter of the groom.

## Cedar PTA Gets New Members

Cedar Street P.T.A. had its first meeting Monday evening with 105 in attendance. A membership drive was initiated and 70 new members were received.

The business meeting was conducted by president, Richard Magel. A P.T.A. past president's pin was presented to Mrs. Homer Potter for her 2 years in office. The proposed budget for the year was read.

The by-laws of the organization were revised during the summer months to incorporate a father vice-president. Laurence Howe was nominated and unanimously elected to fill the post.

Committee chairmen appointed were Mrs. Jerry Bates, membership and magazine chairman, and Mr. and Mrs. Russell Parker, hospitality chairmen.

The October 5 meeting will be a potluck dinner at 6:30 p.m. The program will be Let's Keep Our Children Fire Safe presented by the Mason volunteer fire department. The Annual Kleenex shower will be held at that time, also.

The program for the evening covered an introduction to the teaching staff at Cedar street by the school co-ordinator, Walter McIntosh. He then introduced Chandler Natus who presented a short address covering education.

## Karen Irene Dillon Becomes Bride of David Edward Tift

Red gladioli and white chrysanthemums banked the altar for the wedding Saturday afternoon before 200 guests in the sanctuary of the Brookside Methodist church at Vandercook lake. The double-ring ceremony, officiated by Rev. Joseph Wood, united in marriage Karen Irene Dillon, daughter of Everett L. Dillon, 507 Cooper, Jackson and the late Mrs. Dillon and David Edward Tift, son of Mr. and Mrs. Donald M. Tift, 1049 Maple avenue, Jackson.

The bride, given in marriage by her father, chose for her wedding a beautiful floor-length gown of chantilly lace and tulle over taffeta. She wore a crown of crystals which secured a fingertip-length veil of illusion. She carried a crescent bouquet of white carnations and red sweetheart roses and a shower of satin ribbons tied in lovers knots.

The bride's attendants were matron of honor, her sister, Mrs. William Stephens of Munith. Bridesmaids, Miss Patricia A. Williams, and Marsha K. and Linda S. Tift, sisters of the bridegroom. Their gowns were red scoop neck princess style

The bride, given in marriage by her father, chose for her wedding a beautiful floor-length gown of chantilly lace and tulle over taffeta. She wore a crown of crystals which secured a fingertip-length veil of illusion. She carried a crescent bouquet of white carnations and red sweetheart roses and a shower of satin ribbons tied in lovers knots.

The bride's attendants were matron of honor, her sister, Mrs. William Stephens of Munith. Bridesmaids, Miss Patricia A. Williams, and Marsha K. and Linda S. Tift, sisters of the bridegroom. Their gowns were red scoop neck princess style

Red gladioli and white chrysanthemums banked the altar for the wedding Saturday afternoon before 200 guests in the sanctuary of the Brookside Methodist church at Vandercook lake. The double-ring ceremony, officiated by Rev. Joseph Wood, united in marriage Karen Irene Dillon, daughter of Everett L. Dillon, 507 Cooper, Jackson and the late Mrs. Dillon and David Edward Tift, son of Mr. and Mrs. Donald M. Tift, 1049 Maple avenue, Jackson.

## MSU Doctors of Veterinary Medicine Wed in Alumni Memorial Chapel

The Alumni Memorial Chapel on the Campus of Michigan State University was the setting September 5 when Doctor Phyllis Ann Johnson became the bride of Doctor Paul Ramsey Douglass. The 12:30 noon double-ring ceremony was performed by Pastor Paul Martin of Holt Presbyterian church.

Mr. and Mrs. Gerald L. Johnson of Mason are parents of the bride. Mr. and Mrs. Eldon Douglass of Converse, Indiana, are parents of the bridegroom.

The bride, given in marriage by her father, approached the altar to the strains of the traditional Wedding March played on the organ by Mrs. James Grimell of Lansing who also played Wiedemann by Carl Bohm, Andante Religioso by Slickles, Lyle by Wely, Cantilena by Goltzman and The Hawaiian Wedding Song.

Preceding the bride down the aisle were the attendants and flower girl wearing identical floor-length gowns of gold, crimson and mimosas in silk taffeta. A circle of matching material with scalloped veiling and matching satin pumps completed their ensembles. Each carried a semi-colonial bouquet of yellow gladioli blossoms and the flower girl carried a basket of yellow rose petals.

Matron of honor was Mrs. Paul Hartwigson of Kalamazoo and the bridesmaid was Doctor Peggy Horn of New York City. The flower girl was Paula Cranor, daughter of Mr. and Mrs. Donald R. Cranor of Greentown, Indiana, niece of the bridegroom.

For her wedding the bride chose a floor-length gown of silk organza over taffeta with chantilly lace, an all lace bodice with sabrina neckline, long sleeves coming to a point over the hands, full skirt with wide band of hand-clipped lace encircling skirt, backing into a chapel sweep bustle bow at waist back. A Swedish crown of pearls and iridescent crystals secured her bouffant veil of imported French illusion. She carried an arm bouquet of yellow roses and white satin ribbon bows. Also tucked in her bouquet was a white

lace handkerchief which was carried by her sister, her mother and also her maternal grandmother on her wedding day in 1899.

Assisting the bridegroom was the ringbearer, Master Jeffrey Cranor, son of Mr. and Mrs. Donald R. Cranor, and the bridegroom's nephew, Best man was Rev. Larry Johnson of Wildie, Kentucky, a cousin of the bridegroom. The groomsmen were James Chandler of Ann Arbor, Usherung guests to their seats were Doctor R. H. Morrish of Fenton, and Paul Hartwigson of Kalamazoo.

After the ceremony a reception in the chapel lounge feted the newlyweds.

Refreshments of a 4-tiered wedding cake, punch, mints and nuts were served to the guests. Honor-host for the reception was Frank Guerrero of Mason.

Assisting with the serving were Doctor Beverly Fromm of Detroit, Mrs. Charles Kennedy of Grand Ledge and Mrs. Richard Kranz of Mason.

Mrs. Donald R. Cranor, sister of the bridegroom, presided at the guest book.

Mr. and Mrs. Eldon Douglass, parents of the bridegroom, were host and hostess at the rehearsal dinner at the Albert Pick motel in East Lansing.

For traveling on their honeymoon to Florida, Mrs. Douglass chose a dark blue double-knit dress flecked with brilliant blue threads. Her going away corsage was of yellow roses. Mrs. Douglass graduated from Mason high school in 1958 and Michigan State university in 1962, receiving her doctor's degree in veterinary medicine this past June.

Doctor Paul Douglass received his doctor's degree in veterinary medicine from MSU in 1962.

Out of town guests were friends and relatives of the couple from Iowa, Ohio, New York, Wisconsin, Kentucky and Indiana.

Prior to the wedding several parties were given in honor of Mrs. Douglass' wedding. Mrs. Richard Kranz entertained at a miscellaneous shower at her home on Phillips road near Mason.

Also a shower was given by the A. G. Chapter of P.E.O. at the home of Mrs. Stanard Bergquist on Maplewood drive in East Lansing.

# Circuit Teams Toe the Mark As Teams Test New Talent

Some questions will be answered Friday night. Other questions will develop as Capital Circuit schools open the 1964 football season.

The over-riding question of where is the Capital Circuit power will take a few more weeks to answer but there may be some indication Friday night.

Right now Howell has to be considered in the role of favorite. Last year's champs should be just as strong as ever. While Howell lost some terrific players, including 3 all-league selections, there are 20 other letterwinners to build with this year.

Coach Don York isn't saying so in out words but he is not discounting his Highlanders as top contenders.

Holt is another favorite. The Rams, bolstered by the acquisition of some good Dimondale talent in the merger of the 2 districts will be surprising all the way with a new coach and a new offense. Coach Darold Briggs has a veteran backfield in Ron Karr, Mike Bostrum, Bob Bochenak, Lynn Reid and Mike Patton. He is deep in talented and experienced ends, too, with Marv Burt, the Ram all-sport superstar, leading the pack.

Over at Haslett it is the same story with a new coach probably coming up with a new style of play. Ron Rittenburg is at the helm this year and raring to go. He was line coach last year, will direct the attack again. Bill Finecut, Larry Shoemaker and Harold Campbell are seasoned backfield performers. The line is also loaded with experience and has the size to go with it.

Gabriels, another pre-season pick by some, has a rebuilding job to do but the Rocks have faced this chore in other years and come through with flying green and white colors.

Coach Phil Brooks must come up with a whole new offensive line. Dave Fellows and Fred Szedlak will form the backbone of the backfield. Both are speedy power runners.

O'Rafferty is on the way up this year. The Raiders won only one game last year and spent the season on a building job. The fruits of the labor of last year should be sweet this year. Dan Stump will direct the attack again. Steve Slavak may prove to be one of the most effective runners in

the league. It will be the veteran Raider line, though that will tell the story.

Okemos has a new head coach in Dave Jones. Graduation hit the Chiefs hard. They lost 18 lettermen but there is still some top-flight talent on hand in the persons of Russ Boykin at quarterback, Jay Guertin at half, Pat Karslake at full, Jim Oade and Tom Keller, backs.

If Jones can come up with a line to match the backfield talent, watch out.

Eaton Rapids is another team that could be a toughie if the ball takes the right bounce. Seven starters are back for another tour of duty and they are backed up by 11 other lettermen.

John McHugh, considered one

of the best quarterbacks in years as a sophomore in 1963, is bigger and should do even better. At 6-3 he will be one of the bigger signal callers. Dave Delano and Mike Wilbur are also veteran backs. Vern Williams may be the big key to a revitalized Greyhound attack, though. He is a king-sized and speedy fullback who transferred in from Indiana.

Mason rounds out the Circuit. This has been labeled as a rebuilding year for Coach John Axford but if some of the sophomore and junior talent lives up to its potential there could be plenty of surprises for opponents. Gary Blood is the only veteran in the backfield contingent. The line is almost totally new.

## Fowlerville Again Gets Favorite Role

Ingham County league teams will jump into action this week with a new team and the same old dog-eat-dog will win.

Pineckney is competing in the league for the first time. It was a good bit of timing for the Pirates for they have an up-and-coming squad with plenty of veterans to build around. Merle Michael will be a marked man as far as Pineckney opponents are concerned. He set a new school scoring record last year with 85 points. To go with him Coach Wes Reader has Hal Mills and Gary Henry, backfield regulars last year.

The line will be light but quick. It is rumored that this is another Fowlerville year, though. The Gladiators, who took the chips last year with a great

team, have 19 of those lettermen back again this season. On hand will be the biggest line in the school's history, averaging 185 lbs. Backs to watch are Greg Braun, Dave Copeland, Jim Perroud and Tom Tannar.

Dansville is looking for great things this season with 15 lettermen returning including backs Colin Curtis, Don Daman and Russ Rae.

The line will be built around a pair of 230-lb tackles Dale Dillingham and Keith Putman. Leslie could prove to be the surprise outfit of the season. Coach Dick Moon has some experienced talent ready to go including Phil Brown, Dave Lubahn, Jim Bobzien and Steve Wilcenski at the backfield posts Bob Haynes, Len Buck and Lon Cooper know their way around the line positions.

Williamston has lots of experience available but is going to be short in the weight department so opponents can expect the pass and the wide plays where speed will make up the difference. Tom Effert and Mike Honey are a pair of speedsters for opponents to watch.

Up front where it counts the Vikings are led by Steve Groom and Chuck Riney, 2 speedsters at guard. Stan Hicks and Gard Hanks share the duty at center. Dan Huffman and Chuck Morris anchor down the Haslett front wall at the tackle positions.

Defense was the major weakness in the Haslett forces last year and if the Vikings are to become contenders they must improve their defensive forces. Holding down the line will be John McGraw and Hynes at ends, Andy Gordon, Dean Armstrong and Morris forming the interior force. Mike Nestell, Dewey Fuller, H. Campbell, Groom, Potter and Huffman form the defensive backfield.

Also pegged by Coach Rittenburg to see a lot of playing time are Terry Egan, Larry Corvill, Rick Hoffman, Bill Youatt, Jack Bamford, Bill Stanek, Larry Klusack, Mike Campbell, Jeff Erskine, Don Richards.

The Haslett Coaching staff was increased last week by the addition of Dick Johnson as a Varsity Assistant. Coach Johnson is a graduate of MSU where he was captain of the Spartans Hockey team. Last year Johnson served as an assistant freshman coach and assistant trainer at MSU.

Also, on September 23 the Vikings freshman open their season at Fowlerville, and on September 24 the JV's open up against O'Rafferty at Haslett. So plenty of football is in store for Viking fans.

## Grid Teams Open Slate

Cards of Thanks

PAUL — In this humble way, I wish to express my appreciation to the Felt Plains Methodist church and S. S. to Alice and Larry Shipman, to my relatives, friends and neighbors for the many flowers, plants, gifts, letters and cards sent me during my stay at the hospital; also Dr. Kazoners and complete staff at Kelsey Memorial Hospital, Lakeview, for their excellent care; and the "we care" attitude they give their patients. May God bless each one of you. Mrs. Frank Paul. 38w1

HUFF — The families of the late Joseph Huff wish to thank their many friends for the flowers, foods, donations and other acts of kindness. Also Pettits Funeral Home and Rev. Bowden. 38w1p

LLOYD C. SMITH — We wish to extend our thanks and appreciation to the many relatives, neighbors, friends and especially his Consumer Power friends for the acts of kindness, messages of sympathy and the beautiful floral offerings at the time of the loss of our brother. Mrs. Esther Jones, Grant Ahrens and Clifford Smith. 38w1p

Weather

Warmer weather is in prospect Thursday, the U.S. Weather Bureau at Lansing said Wednesday and there will be little temperature change through Monday. Temperatures will average 3 to 4 degrees above normal during the 5 day period. Normal high is 70 to 75 degrees and normal low 48 to 54.

Precipitation during the period will total about 1/4 of an inch with rain in the east portion of the state early Thursday and showers on Saturday.

Temperatures in Mason during the past week averaged 59 degrees as compared to 64 for the same week a year ago. Precipitation during the past week totaled .29 of an inch.

Readings were as follows:

	High	Low
September 9	88	66
September 10	89	60
September 11	66	37
September 12	63	34
September 13	68	39
September 14	72	42
September 15	59	42

BLOCKS WON'T COME AS EASY Friday night when red and white jerseyed players replace the blocking dummies in front of the Mason line. This is the week for putting the final touches on the Mason offense.

## Axford Picks His Starters For Opener at St. Johns

Coach John Axford and Assistant Coach Ed Helby are cracking the whip rushing final preparations for Mason's opener at St. Johns Friday night.

About the only familiar sight for Mason fans will be the faces of the coaches. This year's squad is all new and untested.

There will be new faces as starters and there will be new faces backing up the starters in the ranks.

Mason's squad is a big one as far as size is concerned and if some sophomores and juniors come along the season could be a surprising one instead of a rebuilding one.

The offense and defense is pretty well set as far as personnel is concerned—at least for the opening kickoff of the season.

At the end of offense will be Ron Reynolds and Joel Schaeffer. Schaeffer is a veteran performer but almost all his action for the past 2 years has been on defense.

At the tackle spots on offense Steve Backus, a 200-lb. junior will get the nod for one and Don Ellison or Brian Doolittle will be at the other. Ellison is a letterman while Doolittle is a king-sized sophomore.

At the guard positions of offense will be Don Crater and Dennis Bodell.

The starting call at center will go to Brian Johnson, another letterwinner.

In the backfield it will be Gary Blood at quarterback, Jim Bodrie and Mike Lennon at the halves. Blood played most of last season as the No. 1 quarterback after Gary Underwood was injured.

The other 3 saw limited service. Other backs will get their chance, too. One of the men who will see lots of action at both half and full is Larry Zigler. Zigler was off to a good start last year before being sidelined with an injury. He is only a junior.

On defense Jones and VanBullen will be at the ends, Ellison and Doolittle will be at tackles and Bob Siler and Darrell Carterlein will be at guard, backed up by Schaeffer, Bodell and Johnson with Bodrie and Lennon.

Blood will handle most of the passing from variations of the T. Doolittle and Schaeffer will handle the punting chores and Doolittle will kick off.

Axford pointed out that while this is the way the lineups will

probably look against St. Johns at 7:30 Friday night, there will be plenty more of Mason's 38 man varsity squad seeing action and that performance Friday night will determine the starters for the first home game against Eaton Rapids the following week.

Mason will have its hands full in the opener. The Redwings

are co-champs of the West central league of last year. They have plenty of experienced performers back for another bit of action.

Mason can be sure of one thing, The pass defenders will find lots to do for the Redwings will be a throwing team as they were last year.

## Haslett Ready to Open With Fowlerville 11

On Friday night the Haslett Vikings will host the Gladiators of Fowlerville to kickoff the 1964 football season. The game will begin at 7:30 p.m. on the Haslett football field.

Last year the Vikings lost to Fowlerville 13-7 in a game plagued by Haslett fumbles and penalties. Fowlerville went on to win the Ingham County League title and lose only to unbeaten Howell, the Capital Circuit champion. The Vikings finished with a 2-5-1 record and placed 5th in the Capital Circuit.

The 1964 season finds a new coach in Ron Rittenburg and new hope for a championship ball club.

The Vikings are one of the pre-season favorites, but this means very little once the competition begins.

Captains for this year are Steve Groom, Steve Johnson, and Larry Shoemaker. All 3 boys are members of the National Honor Society, as well as athletes.

The Vikings have a strong offensive threat in halfbacks Bill Finecut and Larry Shoemaker. Finecut is the top sprinter in the Circuit and Shoemaker is one of the faster backs in the area. Bruce Potter at fullback combines power with the speed of a halfback to pose both an inside and outside threat. Johnson was one of the league leaders in total offense last year and is expected to improve again this year.

With such a passer as Johnson, ends Tom Hynes, Mike Kenyon and Pat Main may be expected to be busy offering a target for his passes. Main is one of the top receivers in the Circuit and Hynes should become as equally dangerous.

Frank Edwards

Has Party

Tuesday was a big day for Frank Edwards when he was honored at a 7-year birthday party given at his home by his mother, Mrs. Richard Hill.

A lunch of barbecues, potato chips, birthday cupcakes and ice cream cones was served to the young guests.

Some games were played and prizes won. The 10 guests returned home with hats and horns as remembrances of the occasion.

## Leslie Sets Opener

Coached by Richard Moon and assistant Glenn McGraw, Leslie's Black Hawks will open the home football season with a game against Jackson Northwest Friday night. The Black Hawks will be out to improve last year's 3-5 record.

Coach Moon has 13 lettermen returning as a nucleus for the squad. Counted on heavily for Leslie are senior quarterback Phil Brown and senior halfback Dave Lubahn. Junior fullback Jim Bobzien and senior halfback Steve Wilcenski should also help the offense.

Others expected to play strong roles in the coming season are guard Bob Haynes, tackle Len Buck, end Lon Cooper, and Bill McDaniels, Jim McDonald, Ron Ekins, Pat McCann, Phil Hoover and Dave Southwick.

Members of the team moving up from the reserves who should contribute strongly to the Leslie cause are quarterback Chuck Lay, halfback Bob Bodell, tackle Russ Rose and guard Rod Harman.

The Black Hawks' schedule: September 18--Northwest. September 25--Pineckney. October 2--at Williamston. October 9--Stockbridge.

## Holt Harriers Lose

Holt high school's harriers opened their cross country season at Howell Tuesday in a dual meet with Howell high school. Howell won 38 to 19. Howell's Bob Zemper took 1st place in 11:03 while Roger Crum of Holt finished 2nd in 11:25.

## 3 Areas to Share Truck Cost

WILLIAMSTON - Discussion over financing of equipment for the city fire department occupied much of the time of the Williamston city council last week.

Wheatfield township, Williamston township and the city of Williamston each own 1/3 interest in the fire equipment. The fire board had been authorized to see about a new fire truck and the city had planned to appropriate the money over a longer period of time. With the delivery of the truck, there was still a balance of \$1,453.44 owing.

Of the other share holders, Wheatfield will use financing to pay its share and Williamston township has paid its portion.

Clarification of the ordinance regarding truck loading and unloading on South Putnam street was also brought before the council. This much discussed ordinance has caused a lot of controversy in Williamston, both by the merchants and the public. According to council, the police were only to be called if there would be an exceptionally long unloading period. This would enable the policemen to facilitate traffic in every way possible or to have the truck move if necessary.

A survey has also been made on the advisability of an alternate truck route around Williamston. After a study, City manager Arthur Whittington recommended that, due to the number of sharp turns and the possibility of congesting traffic at the junior high school, it would not be a good idea to redirect this traffic at this time. There was also some doubt if the pavement would be strong enough to stand up under these huge trucks.

October 16--at Lansing Boys' Vocational School.  
October 23--at Fowlerville.  
October 30--at Dansville.  
November 6--at Potterville.

## 4-H News

Skeeter Hill gun safety project members met Saturday morning at the home of the leader, Eugene Kallio. From there they went to the MSU range where they practiced and received instruction from Sgt. Watkins, the university's ROTC instructor. The group toured other points of interest before coming home. Next month the group plans to attend a football game in Detroit.

Monday evening members of the Skeeter Hill 4-H club met at the 4-H building on the fairgrounds. Reports for the year were turned in and members signed up for 1965 projects.

Many plans were made and dates to remember were given as follows: September 26, the County Awards night at the Senior high school; October 3, MSU football game; October 9, club hay ride. Contact either Martin Pollok or Willie Hills on the above dates. October 24, club dinner at Alameda town hall. Club awards will be presented then.

## Delhi Resident 40 Years Dies

HOLT—John Kleister, 73, a native of Poland who had lived in Delhi township for 40 years, died Sunday at a Lansing hospital at the age of 73. He was a member of the Bethlehem Lutheran church of Lansing for 25 years.

A sister, Mrs. Martha Zitlou, of Pocatello, Idaho, and several nieces survive.

Funeral services were conducted Tuesday at the Estes-Leadley Hill chapel. Burial was in North cemetery.

## Leslie Couple's Baby Son Dies

LESLIE—Services were conducted at the Luecht funeral home Tuesday afternoon for David B. Lamb, 22-month-old son of Mr. and Mrs. Richard L. Lamb, 2450 East Covert road, who died Saturday at Mason General hospital.

Burial was in Woodlawn cemetery. Besides his parents, the infant boy is survived by his grandparents, Mr. and Mrs. Audley McDowell of Hillsdale and a grandmother, Mrs. Clayton Bates of Leslie.

## Dogs Aren't Best Friends

Two motorists, who became involved in accidents because they were attempting to miss dogs in the road, suffered injuries last week.

Larry Lawrence, 23, of Lansing had cuts and bruises to show for his concern for a dog. He said he and John R. White of Haslett were driving along Haslett road Sunday night at about 35 miles an hour and Lawrence, the driver, turned out to miss a dog. The car went off the road, and rolled over 2 or 3 times, officers were told.

The other dog-car mishap occurred last Friday on Linn road, just east of Zimmer road, near Williamston. James Rodney Oesterle, 650 N. Putman, Williamston, suffered injuries when he swerved to miss a dog which had crossed the road in front of him and lost control of the vehicle.

Oesterle said the accident took place in front of 1310 Linn road.

## Steele PTA Organizes For Year

The organizational meeting of the Steele Street P.T.A. met Monday evening at the home of Bill Hughes, new president of the group. Plans for the coming year were discussed by officers and committee chairmen.

It was decided to hold meetings every other month with the first regular meeting on October 12. This will be in the form of a teacher and PTA officer reception meeting.

Mason men are taking an active part in the PTA this year. Almost half of those elected to office at the Steele Street school were men. The Cedar street and Steele street PTA's have at least 2 things in common this year. The president of each organization is a man and both Bill Hughes and Richard Magel wear a beard.

As in all organizations, money is important to the PTA, but this year the emphasis will not be on gaining as many dues paying members as possible. What will be considered important are the parents and teachers who care enough to attend the meetings and what can be accomplished by working together toward a common goal . . . the good of the children of this community.

Those serving with Mr. Hughes this year will be Mrs. Raymond Snider as parent vice-president; Mrs. Gerald Woughter, teacher vice-president; Mrs. M. Chandler Nauts, secretary; Delmer Kramer, treasurer; Mrs. Fred Bullen, historian and Arthur Maynard, parliamentarian.

The committee chairmen are Mrs. Sam Cotton as program chairman; Mrs. Ed Ware, health and safety; Mrs. Lyle E. Ryal, publicity; Mrs. Larry Frazier, membership; Mrs. Walter Augustine, saving stamps; Mrs. Bill Hughes, hospitality; Mrs. Delmer Kramer and Mrs. Richard Ely, library; Mrs. Versile Babcock, curriculum and Mrs. Jack Newman, delegate.

During the evening coffee and cookies were served by Mrs. Hughes.

## Okemos Boy Is Honored By DeMolay

Philip R. Pearce, 19, of 2498 East Grand River, Okemos, son of Mr. and Mrs. Joseph G. Pearce, was elected state deputy master counselor, second ranking officer of the Michigan Order of De Molay for Boys at their annual conference in the Lansing Civic Center, September 11, 12, 13th. Pearce is a 1963 graduate of Okemos high school.

Elected state master counselor is Larry M. Dillon of Battle Creek.

Many dignitaries of the various Masonic and affiliated bodies were present, including Michigan's Grand Master of Free and Accepted Mason C. Fuller Dorr and Wilbur M. Brucker, former Governor of the State of Michigan and new supreme commander of all Knights Templars, Jurisdiction of North America.

Pearce is about to resume his studies at Michigan State University for his 2nd year. He is studying Hotel Management.

## Death Claims Mary Pringle

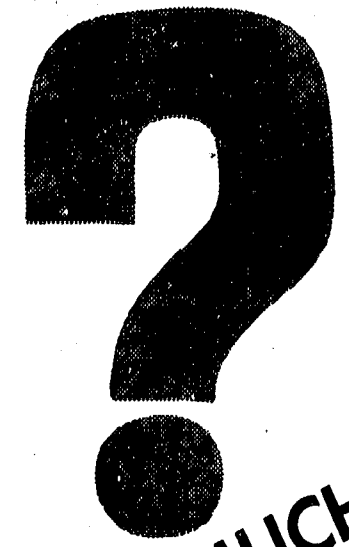

Mrs. Mary Jane Pringle, 86, who had been a resident of Lansing for many years, died at the home of her son in Dearborn Friday, September 4. Services for the area woman were conducted Tuesday, September 8, at the Estes-Leadley chapel in Lansing.

Survivors include 2 daughters, Miss Ada L. Richards of Indianapolis, Indiana, and Mrs. Doyle Burgess of Mason; 3 sons, Dr. B. H. Pringle of North Kingston, R.I., Gordon H. Pringle, Calgary, Alberta, Canada, and J. J. Richards of Lansing; a sister, Mrs. Gertrude Warn of Detroit; a brother, William Sincok of Virginia, Minnesota; 10 grandchildren and 18 great-grandchildren.

Pallbearers were all grandsons of Mrs. Pringle.

## Two Mason Men Ready CC Plans

Two Mason men will be working very hard during the next 2 months on their volunteer job and no doubt will be keeping a lot of others busy too. They are Ralph (Bud) Swinehart chairman, and Frank Guerriero co-chairman, of the 1965 campaign of the Mason Area Community Chest. Swinehart was on its board of directors so he knows what it is all about. They will be trying to bring in \$10,000 to pay to the United Community Chest of Ingham county, which is necessary to make use of the different services offered - \$600 for area recreation which many young people take advantage of each summer; \$100 for polio; \$50 for muscular dystrophy which obviously draws elsewhere; \$500 for the Cancer society of Ingham county; \$100 for the Mason Clearing House, not as badly needed as it was; \$500 to the Easter Seal Society of Ingham county with the promise that they discontinue door to door solicitation, canisters and Lily Tag Day sale; \$350 for operating expense which is very small considering the work done on book-keeping, etc. and stationery and similar items.

## Holt's First Melon Ball Is Social Event of Year

By Alice Martin

HOLT - The first melon ball at Ted's Melon Farm, 1892 Jeanne street last Saturday was judged a huge success by all present.

The ball, to be an annual social event, featured along with its array of prominent guests an evening filled with many gourmet dishes.

The "Helen of Troy" muskmelon was a favorite of the Sterling Ait's, local artist and painter. The serving consisted of melon halves filled with blended vanilla ice cream and coffee liqueur.

A favorite of Mr. and Mrs. Jack Tomson was the tapped red watermelon, a melon standing on end in a large bucket of crushed ice and rock salt, with the top section removed and the melon filled with burgundy wine.

Ken Eckman, local football coach and Mrs. Eckman enjoyed the melon punch. This was a drink of fresh melon juice, black cherry juice and ginger ale.

Mr. and Mrs. Gerald Winter ate heartily of the cantaloupe wedges wrapped in sliced ham, while Richard Dart, thought the melon balls in white wine sauce, served in a beautifully hand-carved watermelon basket, were tasty.

A hot fruit soup held the interest of Mr. and Mrs. Russell Spalding. Spalding thought this dish of melon balls, served in a large chafing dish with steaming hot boiling cherry soup would tempt the most polished gourmet.

A cold salad of melon balls, bamboo shoots, water chestnuts, white grapes and chit chit beans in natural sauce tempted Mr. and Mrs. James Goldbeck to return for seconds.

Mrs. Katie Combs, who attended with her golfing husband, John, was particularly interested in the honey dew melon served with sweet burmuda onions, vinegar oil and salt as well as the melon balls with either a hot cocktail sauce or minted fruit sauce.

A favorite of everyone's including the hosts, Mr. and Mrs. Ted Bauer, was the fresh melon pie served in a pastry shell with lemon base over melon balls and topped with almonds.

A gelatin salad in the form of a melon served as a centerpiece and proved to be tasty. Mr. and Mrs. Donald Lubbers, newly arrived Jeanne street home owners, arrived early and stayed late to enjoy the unique dishes

including the blueberry and melon dessert.

Tom Griffith, local druggist, enjoyed the fruit composed of fresh strawberries, white grapes, cherries and melon balls.

Mr. and Mrs. Harry Freeman of Mason provided their melons to augment local suppliers and were impressed with the large array of illustrative posters and display cards used to decorate the Bauer home.

The Bud Darts were also present. They designed a clever muskmelon head of the host with red pimento mouth, white navy bean teeth, pear nose, olive eyes, peach ears and baseball cap of red pimento with a potato visor.

Mr. and Mrs. Glenn Trost enjoyed the festivities despite Mr. Trost's injury during his duties as a Holt fireman.

The host presented each guest with a packet of sample seeds. While the men visited a local driving range the women played bridge to complete a full evening.

## 33 Nazarene Pupils Win Promotions

HOLT - Holt Nazarene church school promoted students at commencement ceremonies and program Sunday morning during the Sunday School hour.

The professional of graduates in white caps with red and blue tassels began the program and recitations were given by Jane Bosom, Russell Whittaker, Debbie Johnson, Chuck Whittaker, Leon Francisco and Larry Francisco.

Melvin Jackson, Superintendent of the Sunday School presented promotion certificates to the 33 graduates.

Rev. Jerry Ulrich gave a commentary on the adult Sunday School lesson "A Spokesman for God".

Pupils promoted were Sharon Whittaker, Michael Cain, Lynn Bosom, Timmy Lilly, Kim Bosom, Robert Michael Bosom, Martin Myall, Jerry Dewar, Brian Jones, Larry Johnson, Kenneth Lilly, Mark Lilly, Scott Whittaker, Larry Francisco, Theresa Myall, Hank Granes, Steven Whittaker, Terry Jones, Janel Bosom, Kim Robinson, Russell Whittaker, Leon Francisco, Charles Whittaker, Paul Glenn, Debbie Johnson, Dawn Wirt, Nancy Dewar, Rose Granes and Roy Roath.

## Angus Carcass Champion At Michigan State Fair

An 890-pound Angus steer owned by Gary Girbach, Saline, Michigan, produced the grand champion carcass over all breeds at the 1964 Michigan State Fair in Detroit. Reserve grand champion carcass was another Angus exhibited by Lee Weaver, Fremont, Michigan.

The grand champion graded USDA Prime plus, had 13.7

square-inches of loin-eye and sold for \$55 per cwt to Brauer's 1861 House in Lansing, Michigan. The reserve grand champion weighed 925 pounds alive, had a 12 square-inch loin-eye, only .52 inches of fat cover and graded Choice plus. The carcass was purchased by the American Steel Sales Company, Detroit, for \$50 per cwt.

The 105-head Angus breeding cattle show, judged by Herman Prudy, Pennsylvania State University, University Park, featured 28 Michigan breeders.

The grand champion bull was Ankonian Galahad, the senior champion, shown by Mahogany Farm, Williamston, Michigan. The firm also had the junior and grand champion female, Blackcap of Mahogany 44th. In addition, they showed the bull calf champion, Mahogany Ballot 32; the reserve heifer calf champion, Erica of Mahogany 16; the reserve senior champion heifer, Mahogany's Barbara M4; and won first in both get-of-sire classes on the progeny of Ballot of Belladrum.

Michigan State University, East Lansing, showed the junior and reserve grand champion bull. He is MSU Bardoliermere K-2. The University show string also produced the reserve junior champion bull, MSU Spartan Astronaut, and the reserve bull calf champion, MSU Bardolier K-3.

Holiday Farm Ada, Michigan, took home the remainder of the championship banners. They had the reserve grand champion heifer, Hollmera Elga 2, previously selected as heifer calf champion, and the reserve senior champion bull, Hollmera Repeater 8. They also showed the reserve junior champion female, Hollmera College Bessie 2; and the senior champion female, Hollmera Elsa Erica.

Mrs. Luella Digerness, who is not new to the Holt school system, is substituting in the primary special education program until the position is filled.

Elliott School - Mrs. Susan Nickels, 1st grade; Mrs. Lois Ellis, 3rd grade; Mrs. Diana Kamlay, fourth grade and Mrs. Judith McGinnis, fifth grade.

Dimondale School - Mrs. Luanne Suesz, Kindergarten, and Mrs. Patricia Little, 1st grade.

## School Budget At Peak

HOLT - Holt - Dimondale school district now is operating under a budget of \$1,250,000, the highest in its history.

The board of education last week adopted the revised budget with increases in receipts and expenditures of about \$50,000 for the 1964-65 school year.

The increased expenditures in the budget are maintenance items, including exterior trim at the senior high school, some blacktopping, and increased capital outlay, particularly for business courses and industrial arts.

Enrollment in schools of the Holt - Dimondale district is running slightly more than 3,200 pupils. Dr. Maurice Pernert, superintendent of schools, said this week. The actual figure is 3,275, an increase of 156 over last year's enrollment of 3,119.

There are 1,950 enrolled in the elementary schools, 810 in the senior high school and 515 in the junior high school.

Back from Tour

HOLT - Mr. and Mrs. William Winters took a vacation tour through the midwest and southwest parts of the United States, in 11 days covering 5,022 miles visiting national scenic spots in Wisconsin, Minnesota, Utah, Idaho, Colorado, Oklahoma, Wyoming, Arizona, South Dakota, New Mexico and Texas. Swimming in a salt lake in Utah was a new and interesting experience for Mr. Winters.

## Holt Boy Tells of Trip To Missions in Mexico

Jay Charles Dannelley Jr., 17-year-old son of Rev. and Mrs. Jay Dannelley of Holt was one of 18 boys from all over the United States who toured Baptist mission points in Mexico this summer and participated in a work camp in Torreon, Mexico, in the following article Dannelley tells of his experiences during the trip.

By Jay Dannelley Jr. HOLT - This summer I was privileged by being able to go to Mexico and see Baptist-foreign Missions in action. The Foreign Mission Board decided that people need to know what they give their money for and what it does.

They decided to select twenty-two Royal Ambassadors to go on a trip to see our missionaries and their work in Mexico. Royal Ambassadors is a boy's club in our Baptist churches. I was one of these chosen. The other boys came from all over the United States.

The trip was to extend over two weeks and 2,000 miles. We arrived in San Antonio on July 6th and left for Mexico the next morning. We spent the night in five cities and visited seven other cities. Our transportation was by a Mexican made bus that was very nice.

The most beautiful part of Mexico I saw was the central area. It was green with mountains and a rough atmosphere that I liked. Our main purpose was to help two small missions outside of Torreon in the western area which is semi-arid. While in

## Delhi Gets Tough With the N.Y.C. Over Grass Fires

HOLT - Edgar Lee Church, Delhi Charter Township attorney, has cast himself somewhat in the role of David in a modern version of the Biblical tale of David and Goliath.

Goliath, in this instance, is the New York Central Railroad system.

Sometime ago the township and the railroad tangled over the number of grass fires along the railroad right of way east of Holt. The township wrote a letter to the railroad after the Holt fire department had answered numerous runs to the area of the railroad tracks to extinguish grass fires.

The township billed the railroad and the railroad said the charge was too high. So last April a conference was called at the Delhi Charter township hall in Holt. Since then the township has heard no more.

So, during the past week Church sat down and wrote another letter to the railroad and its representative, J.C. Hartman of Jackson, in which he said if he didn't hear from the railroad in 10 days (that would be September 19) "we will take any and all necessary action which we feel expedient."

"We had a joint conference on April 29, 1964 at 1:30 p.m. at the township hall," Church wrote in his letter under date of September 9. "It was my understanding at that time that you would study the problem over and render us a report. You will recall the township felt there was a civil action against your company as well as a criminal one for the fire set along your right of way in our township. I cannot understand

your delay in resolving this matter."

"If I do not have an answer from you within the next 10 days, I assume that you are going to take no action. We will then take any and all necessary action we feel expedient."

## Holt Folk To Honor Dr. Troost

HOLT - Dr. F. L. Troost, long time Holt physician, civic leader and friend of youth, will be honored by his fellow citizens Sunday, September 27, at an informal reception from 2 to 5 p.m. in the Holt senior high school on Aurelius road.

Dr. Troost, a practicing physician in Holt since 1930, resigned last year as a team physician for Holt athletic teams, a position he held for more than 30 years. He is still continuing his regular practice in the community.

The reception will be an informal gathering of his friends to pay him tribute for his many deeds in behalf of the betterment of Holt and its citizens.

Dr. Troost will be presented with 2 portraits of himself. One will be for his personal use and the other will be hung in the senior high school building.

## Dancing Club Party Sept. 19

HOLT - The Thunderbird Squares will promenade in the all-purpose room of the Sycamore elementary school from 8:30 to 11:30 p.m. on September 19. Dick Kenyon will be the caller.

Refreshments will be served. New officers for 1964-65 are: Mr. and Mrs. Richard Hileman, president; Mr. and Mrs. Allan Shaver, secretary, and Mr. and Mrs. Rex Merriott, treasurer.

Future dances are to be at the Delhi Charter Township hall on the 1st and 3rd Saturdays of each month.

## Scout, Brownie Leaders Meet

HOLT - Holt Girl Scout and Brownie leaders met Tuesday at the home of Mrs. Paul Plank.

Mrs. Robert Hanes and the hostess, Mrs. Plank, were in charge of the program which included pitching a tent and setting up camp equipment.

A cookout was staged and the following food was prepared: Spanish rice, corn bread, baked beans, ginger bread and peaches.

Approximately 20 leaders were present.

## Store Employees Guests at Outing

HOLT - Employees of the Holt Food Center and their families recently enjoyed a grilled steak barbecue at Gunn Lake State park. Approximately 25 persons attended this annual picnic planned by Mr. and Mrs. John W. Fay. Guests spent the afternoon swimming, water skiing and boating.

## Holt Board OK's Policy On Religious Education

HOLT - In conformance with state law, the Holt board of education has adopted a policy on religious education for religious education.

The law, as amended by act 270 of the public acts of 1964, provides the following:

1. The board of education or its duly authorized representative, upon written request of the parent, guardian or person having control or charge of any child or children, shall release from attendance at the public school any child or children to attend religious instruction classes not to exceed two hours (120 minutes) per week.

2. Each written request of the parent, guardian or person having control or charge of any child or children shall be made annually and shall specify the place at which religious instruction shall be given and the total amount of time per week during which release of the child or children from attendance at the public school is requested.

3. Persons or groups intending to hold or conduct religious instruction classes shall notify public school officials of their intent sufficiently in advance of the beginning of such class or classes so that public school officials can comply with the request for release of children from the public school for such purposes.

4. A record of attendance at religious instruction classes shall not be maintained by public school officials. Those persons or groups offering or conducting religious instruction classes shall keep records of attendance.

The responsibility for attendance at religious instruction classes belongs to the parent, guardian or person having control or charge of any child or children.

5. No solicitation for attendance at religious instruction classes shall be permitted on public school premises. The staff of the public school system shall neither encourage nor discourage participation in any religious instruction program.

## At Aurelius Seminary Professor To Speak

AURELIUS - Dr. Peter Trutza, professor at Northern Baptist Theological Seminary of Oakbrook, Illinois will bring the message during the worship service on September 20 at 10 a.m.

Dr. and Mrs. Trutza have just returned from a tour of missionary stations in 40 countries in the Orient. They spent their Sabbath leave in India where they taught at the Baptist Theological seminary of Rahmaputnam, from where they returned last May.

A dinner will be served following which Dr. Trutza will bring a short presentation concerning the new Judson college in Elgin, Illinois.

A musical program will be presented by a group of singers from Detroit.

## Mother of Holt Resident Dies

HOLT - Funeral services were Tuesday, September 8 at the Estes-Leady Colonial Chapel for Mrs. Elma I. Ginter of Lansing, who died Friday, Sept. 4 in a Lansing hospital. Mrs. Ginter

was the mother of Mrs. Janet Dorr of Holt. Mrs. Ginter was a resident of Lansing 46 years coming from Hicksville, Ohio and was the manager of a dairy bar for several years. Other survivors include her husband, Harold R., 3 sons, Barlin D., of Hicksville, Ohio, Major Robert H. of Rantoul Illinois, Harold R. Ginter Jr. of Mason, and 2 daughters, Mrs. Maxine Jackway and Mrs. Betty Botsford both of Lansing, 8 grand children and a sister, Mrs. Hazel Sims of Lansing.

Interment was in Chapel Hill Memorial Gardens.

## To Remap Delhi For Dimes Drive

HOLT - Mrs. Leland Rosher, area leader for the March of Dimes, and Mrs. Stephen Repichowski, captain, attended a meeting at the home of Mrs. David Burch in Lansing to discuss plans for remapping Ingham county for the January drive.

Mrs. Rosher and Mrs. Repichowski are preparing to start work on Delhi township remapping and would appreciate volunteer help. The number to call is OX 4-6471.

The March of Dimes proceeds are now used to aid victims of polio, arthritis and to correct birth defects.

4-H is a national program for farm and city boys and girls between 10 and 19 years of age.

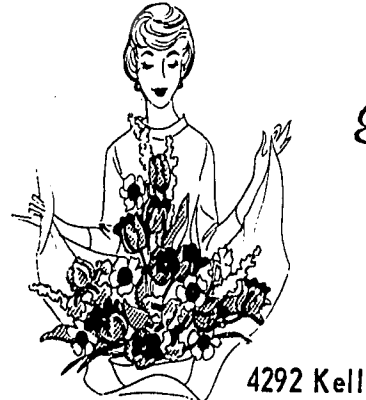

## Island School Is to Be Sold

HOLT - The Holt-Dimondale school district has a schoolhouse on its hands.

In the slicing up of portions of the Island school district among Holt, East Lansing and Mason school districts, Holt was given the area in which the school building is located.

Dr. Maurice Pernert, superintendent of Holt schools, said it is the responsibility of the Holt district to set up machinery for disposal of the property, and then to share the receipts from the sale of the school with the Island, East Lansing and Mason districts in this manner: 53 percent of the sale receipts to the Island district, 23 percent to Mason, and 12 percent each to East Lansing and Holt.

# Holt Reduces Sewer Rates

HOLT - Holt sanitary sewer rates will be reduced \$1 a month, the Delhi Charter Township board decided Monday night and the new and lower rate will become effective October 1. The rate slash is a 16.66 percent reduction. Sewer users have been paying \$6 a month service charges. The new rate reduces this to \$5. This represents an annual saving to users of the service of \$16,800.

A resolution calling for the rate reduction was presented to the board by Richard Dart, township treasurer. It was adopted unanimously by the board.

Dart pointed out in his resolution that the board may, under certain conditions, revise the rates from time to time.

Dart said that an opinion of the township attorney as to the legality of such a revision was sought and the board was advised it has authority under section 14 of ordinance 8 provided that all

requirements of the ordinance are met.

Dart also pointed out that a conference had been held with R.W. Petrie and Associates Inc., consulting engineers for the township, and a complete review of income and expenditures was made, including the status of the funds, together with a review of income and expenditures was made, including the status of the funds, together with a review of the projected income based on reduced rates. It is the opinion of the engineering firm, Dart's resolution pointed out, that they system could be maintained and the integrity of the funds maintained if the rates were reduced by 16.66 percent.

It was pointed out during the discussion over the resolution that there are now 1,400 users of the sanitary sewer and that there is every indication that this number will be increased in view of the expected growth in the area.

The projected outline for the rate reduction as prepared by R. W. Petrie and Associates showed that the minimum annual surplus operating under the reduced rate would be slightly over \$3,000.

The engineering firm in commenting on this stated: "We feel sure in the next year or so the yearly surplus will be considerably more than the \$3,000 estimated minimum annual surplus--which will help greatly to-

ward acquiring a township water system."

In other action Monday night the board:

Received a report from Judge Raymond Tote Jr. of the Delhi justice court showing fines and fees collected during August totalling \$207, of which the Justice Tote's share was \$102.60, and the township's share \$104.40.

Allowed claims totalling \$14,121.44 of which \$1,247.50 was for election expense and \$6,066.88 for the road betterment fund.

## Leslie to Crack Down On Village Nuisances

The village council last week instructed the village clerk to send out letters to violators of the newly adopted ordinance regarding attractive nuisances.

The ordinance which became effective August 20, gives 30 days for violators to remove abandoned motor vehicles or other hazardous items in their yards.

The police committee presented a partial list that showed more than 40 such vehicles or other hazards and the council is anxious to rid the community of these dangerous and unsightly objects.

The need of traffic signs at Kimball and Pennsylvania streets was discussed. The flow of traffic around the new high school will be studied to determine the best location for stop or yield signs. Also discussed was a caution or traffic light at the corner of Bellevue and Pennsylvania, particularly needed during the school year. It is felt that this problem will be intensified when the Bellevue-127 interchange is completed and the north and south entrance to the village are closed.

The six month fiscal report by the treasurer showed a \$6,000 increase in the general fund over this time a year ago and a

\$3,000 drop in water funds. The treasurer reported taxes 47.7 per cent collected as compared to 44.7 per cent a year ago. The sum of \$5,000 was transferred from the water and sewer revenue account to the water and sewer operation and maintenance account.

A representative of the state highway department asked the council about the payment of a sewer assessment lien on property the state wishes to purchase for the Bellevue interchange. The matter was referred to the village attorney. Information was given a village resident regarding the sewer assessment on property he recently purchased.

It was felt that at least one and perhaps two 2,500 lumen street lights should be installed on Kimball street in front of the new high school and Consumers Power will be contacted.

The water and sewer committee reported that the new well being tested. Incomplete tests have indicated a very successful well.

## Leslie Fall Roundup Draws 2000 to Village

LESLIE - Leslie's seventh annual Fall Round-Up brought at least 2,000 persons to town last Saturday afternoon for the highlight of the week end. Main street was jammed as people crowded around a sound truck to see who the big winners of the week end would be.

The drawings for cash prizes were just a small part of the gala week end scheduled for the residents and visitors of Leslie. Other highlights included the Lion's chicken barbecue and street dancing Saturday night.

Top prize in the drawings of \$100 went to Leon DeRae, 111 Mill street, Leslie. Second prize of \$50 was won by Janell Valentine, 12-year-old daughter of Mr. and Mrs. Neil Valentine, 513 S. Main, Leslie.

Other winners were Shari Bode, 8-year-old daughter of Mr. and Mrs. Charles Bode, 400 Doty street, Leslie, \$20. Cathy Gerlitz, 12-year-old daughter of Mr. and Mrs. Albert Gerlitz, 3735 Wright road, Leslie, \$10; Ann Weisaupt, Leslie, \$5; Carl Dexter, Jr., 501 Kirby street, Leslie, \$2; and M. Reinsmith, Route 1, Leslie, \$1.

Merchants who gave out the winning tickets were the Dinner Bell, Bud's Shell Service, Gerry's Market, and the Pilex Hardware. Both Miss Bode and Carl Dexter won on Dinner Bell tickets for the only "double" of the day. The lucky tickets were drawn by Gaye King, daughter of Mr. and Mrs. Douglas King, 416 W. Bellevue, Leslie.

Leonard Rouse, general chairman of the Round-Up, said the crowd for the drawing was the largest ever to participate in the event. He also pointed out that the Lion's club served approximately 700 persons at the chicken barbecue on Main street, also a record crowd.

Parking space was practically non-existent as every available place was filled for a five block area around the business district.

Activities for the young people also attracted record attendance as Main street was the scene of a street dance Saturday night with at least 200 dancers taking part. Doug Edwards, Leslie high school sophomore, served as disc jockey for the teen dance.

There were rides, set up by Herbert Simpkins of Bellevue

Thursday night, for the younger set. Rouse commented that the cold weather over the week end did have some adverse effect on night attendance for these events, but the over all success of the Round-Up outweighed this disappointment.

Leslie groups sponsoring booths or refreshment stands along Leslie's Main street were the Parent-Teachers association, Order of Amaranth, Leslie Court No. 20, Leslie Community Grange No. 1736, O. E. S., Leslie Art Club, Rachel Circle of the Congregational church, Leslie Rod and Gun club, Leslie Band Boosters, and the Methodist Senior high school class.

Several candidates for public office were also in attendance at the Round-Up, headed by Representative Charles Davis of the 59th district.

HOLT - Mr. and Mrs. Lauren Barker motored to Trenary, Michigan in the upper peninsula where they visited relatives over the weekend.

The Eugene Layrer's recently celebrated their 23rd wedding anniversary at Houghton Lake. Weekend guests were Mr. and Mrs. James Vowels.

## Williamston Woman Honored

WILLIAMSTON - Mrs. Emma Day was honored at an open house Saturday, September 12 on the occasion of her 95th birthday. The party was given by Mrs. Wayne Runciman, Mrs. Day's daughter, and her son, Carl Day, at Mrs. Runciman's home on Williamston road.

Mrs. Day was born in Ingham county near Dansville and lived in Lansing until around 2 1/2 years ago when she moved to her daughter's home near Williamston.

On Thursday, September 10, Mrs. Day attended a party given by her church circle in Lansing. She is one of 2 or 3 charter members still living of the Mt. Hope Methodist church and has always attended there.

### Branch Librarian Takes Over Work

WILLIAMSTON - Mrs. Richard Erickson has accepted the position of branch librarian in the Williamston library. She had formerly worked in libraries in Savannah, Georgia and Charleston, South Carolina.

Mrs. Zane Fox is her new assistant. Mrs. Erickson had been assistant to the former librarian, Mrs. Beatty, who was in the Williamston library for 14 years. Mrs. Beatty had resigned to accept a position as librarian in the public school system.

Library hours are Monday, Wednesday and Saturday from two to five thirty, and Friday from seven to nine in the evening.

### Tools Stolen

Burglars took tools valued at more than \$1,000 during a break-in at the Crittenden Salvage yard 1235 W. Grand River avenue in Williamston last Friday. Sheriff's officers said the burglars made entry to the building by breaking a rear window.

## Council Approves Bond Sale

WILLIAMSTON - The Williamston city council in special session Tuesday night approved a resolution to sell bonds for the renovation of N. Putman street from High street to the Red Cedar river bridge. This work would include the paving, curbing and guttering of this section of the street.

Bids will be awarded to the lowest interest bidder. A total of 9 bonds of \$1,000 each and one of \$800 will be sold. The application must be approved by the Michigan Finance commission. As soon as the application is approved, the bonds will be sold. The interest rate cannot exceed 5 per cent.

The bonds will be retired over a period of 4 years, with \$1,800 retired in 1965, \$2,000 in 1966 and \$3,000 in 1967 and 1968.

The bonds will be highway bonds and will be repaid with anticipated highway revenue, according to Arthur V. Whittington, city manager.

LEFT TO RIGHT; Arnold Seigel, Olin Wild, Jack O'Brien, Frank Trapp, Robert Hawkins, Ernest Nims and on the wagon, Michael Knoch and Lowell Nims. They are a part of the group that turned out at the Ford Hawkins farm Saturday to help fill the silo. Hawkins has been a patient in the Mason hospital the past four weeks and has undergone two major operations in that time.

### His Silo Is Filled

## Neighbors Come to Aid Of a Stricken Farmer

By Charlotte Camp  
STOCKBRIDGE - A rural Stockbridge farmer is resting much easier in the hospital today, knowing that his silo, empty only a few days ago, is filled to the top with approximately 700 tons of silage.

Ford C. Hawkins of 1585 Brogan road north of here has been hospitalized for over four weeks and as a result, many jobs on the farm were falling behind schedule.

Last Saturday a group of area farmers, all members of the National Farmers Organization of which Hawkins is also a member, gathered at his place with their tractors and wagons to help fill his silo.

By nightfall, some 60 acres of corn had been cut and chopped by the five choppers that were brought to the farm. Twelve wagons were kept busy hauling the chopped corn to the silo.

Hawkins was taken to the hospital on August 15 with a ruptured appendix and underwent surgery but later suffered from internal hemorrhaging and a second major operation was performed. It is not known when he

will be released from the hospital.

The Hawkins' have nine children including seven sons who helped with the silo filling Saturday.

At noon, the workers were served a bountiful meal prepared by the wives of several of the volunteer workers, including Mrs. Hawkins.

Desiring to help in the project also, Howlett's Hardware of Gregory and Stockbridge donated a sum of money to help buy gasoline for the tractors and the Plainfield Farm Bureau furnished a self unloading wagon for hauling the chopped corn to the silo.

Those who came to work were, Ernest Nims and his two sons, Lowell and Larry, Clare Baker and son, Gerald; Arnold Siegel, Frank Trapp, Arlo Warfield, Wilbur Risner, Kenneth Marsh, Edward Ottom, Ernest Knoch and son, Mike, Lee Clark, Glenn Walker, June Taylor, Joe Taylor, Olin Wild and son, Larry, Jack O'Brien, Henry Lippert, Stanley Marshall and Duane Glenn.

## School Club Helps Make Senior Trip Possible

By Ruth Ann Camp

STOCKBRIDGE - Stockbridge high school has started something new and so far it has been working well.

In the past each graduating class went on a trip to Washington, D.C. at the end of the year, and each class earned its own money for the trip. This worked out fine till the classes became so large that they were unable to raise enough money. Thus, the Washington club came into being.

When a student enters the freshman class, he may join the club if he wishes and pay dues each year through high school. In addition, the club will have various money making projects during each year. Then at the close of each school year, the club members of the senior class will go on their trip to Washington.

Starting last week and continuing for 10 days, the club members including seniors, juniors and sophomores, have been selling magazine subscriptions as their first project of the year. In the past, only the seniors took part in the magazine project.

Each club member is striving to meet a goal of \$15 in sales to help bolster the treasury.

Thursday morning Byron West of a Toledo Sales Agency, came to Stockbridge high school to explain in detail how the sales were to be handled and also displayed the prizes offered to those students who meet their quota.

## Car Hits Tree, 2 Are Injured

STOCKBRIDGE - David Hubert Thompson, 18, of Stockbridge and his passenger, Bonnie Lee Greenover, 16, of Stockbridge suffered cuts and bruises when the car in which they were riding and Thompson was driving, hit a tree on Oakley road, just east of Stockbridge road Saturday about 9:15 p.m.

Thompson said he had planned to turn east on Oakley road and overshoot it, at the same time attempting to make a left turn. The car hit a stone in the intersection, causing the vehicle to slide into a tree.

Thompson and his passenger were treated by a Stockbridge physician.

## Stockbridge Resident Dies

## Dora Drains Supply

Hurricane Dora has made the Friday Red Cross bloodmobile stop in Mason even more important than it has been in the past. The Mason stop will be at the Presbyterian church from noon until 6 p.m.

Hurricane Dora was felt in Michigan when the Lansing Red Cross Blood Center received an emergency call for blood. Four Red Cross blood centers were unable to collect blood due to the high water in the areas sheltered for the bloodmobile. Blood donors are now urgently needed to replace blood sent to the stricken area. In some cases donors had been evacuated to one of the 370 shelters set up by the Red Cross. At the peak of the storm, more than 32,000 persons were sheltered by the Red Cross.

The blood centers affected were Daytona Beach, Atlanta, Savannah and Columbia. Blood was needed to keep the centers supplied so they in turn could meet their hospital requests. Again, the nationwide program of the Red Cross proved its ability to meet emergencies. The rehabilitation work of the Red Cross will now begin to assist the unfortunate families who will need Red Cross help to repair or replace their damaged homes. Two hundred disaster workers and 25 nurses were rushed to the affected area to assist the families.

camp-out was fathers night. Fathers present were Charles Heller, Don Wilcox, Loren Stid, Robert Laban, Lynn Morris, Pien VanDamme, Warren Mueller and O.B. Cornett. The fathers were given a dinner prepared by the Scouts. Some fathers spent the night with the boys.

The Boy Scouts of this troop wish to thank all who attended their chicken barbecue September 5 and all parents who donated time and materials to make it a success.

4-H boys and girls participate in a wide variety of activities suitable to both city and country living.

## Farmer's Wife Has Praise for NFO

There has been a good deal printed about what NFO hasn't been able to do. It has been said that so far only "violence" has occurred.

I think it is time for the other side of the story to be told. It's about time for some of the true facts to be brought into the open. Facts from the members who have been and are active in this holding action that is taking place. Not told by someone who only guesses at the progress of this action.

These people have forgotten to mention how the farmers have been beaten down. How he has had to practically give away his products, taking whatever the buyers happen to give him. It's about time the farmer has right to ask his price. (We are asking only for a fair price. NFO is asking for the prices received in 1958.) Instead of saying "What will you give me?"

After all the farmer is the backbone of America. America was brought up from a farm. It would be a very sorry country if the farms were to fold up and that is what is rapidly happening. Many farmers can no longer hold on. They must sell out and move to the cities where they are already yelling about unemployment. No longer can the farm be passed from father to son because the father can't afford to retire.

Think-just think what the average farmer has invested! What other business re-invests as the farmers do? A good many businesses operate and depend on the farmer. What will happen to them if the farms fold up?

The word "holding" has been used a lot. I would like to make it clear that we are not "with-holding". Our livestock is for sale at a price. \$32.45 a hundred for choice beef-\$22.75 for top hogs and \$29.45 for prime lambs. These prices are to be gotten under contract so the prices cannot go up and down over night. Show me any product in any store that isn't being held for a price. Can you go into a supermarket and tell the clerk, "I'll give you 45¢ for a pound of butter"? You're darn right you can't. You either pay their price or leave it. That is just what NFO is doing, "holding" livestock for a price.

As for the violence that has been reported, it seems to be coming from the opposite side. NFO hasn't run over and killed anyone. There has been peaceful picketing and most of the non-members that have brought in livestock have turned back after the action was explained to them.

A great many of them didn't understand what was going on. The amount of livestock that has been received in the markets can't possibly supply the state. If you doubt me just check your stores. Also check your prices and the quality of the meats you do see. And just see how long before those prices go down. It's the chain stores that have raised the meat prices and are making the profit-not the farmer.

If NFO is a "stop" as some say, why then have so many processors closed their doors and why have the auction barns layed off part of their help? The amount of livestock that is reported to have been brought to market is sheer "bull". Why wouldn't the tally be up when they shift this livestock from market to market-counting them when they are unloaded and again when they are loaded? It is plain to see what kind of condition these animals are in when they are finally butchered. Why must these poor defenseless animals be subjected to such senseless treatment?

The "mobs" that you hear of are made up of working farmers. Farmers who, at long last, are sticking together. They are there, at the stockyards not only to help themselves or even only to help NFO members, but in fact, to help all farmers. Some farmers are too hard headed or are just plain greedy to see this.

As for threats made to farmers and truckers who do not hold, it could be just a guilty conscience playing tricks on them. Many of these claims are for the purpose of making NFO look bad.

Look at the good that the members are doing. Humanity isn't a virtue that these men lack. They all chip in and help one another when help is needed.

This week, for instance, they have gotten together and filled the silos of a seriously sick farmer, Ford Hawkins, who lives near Millville. That was a very commendable job.

As a farmer's wife, I know that something must be done to raise the farming income. We wives are the ones who must manage on that income. Believe me, it hasn't been easy. So I say to the NFO, more power to ya. The farmers must do this for themselves, there is no one else to do it for them.

Instead of criticism I think a note of credit is due each and every farmer who has worked to make the NFO holding action a success. Each deserves a pat on the back instead of a slap in the face.

Those men and women out

there on the picket lines, they know why they're there. They're standing up for what they believe. They're working for the future of the farmer, for the future of America. They aren't just talking about what must be done, they're doing it. They aren't hiding in the shadows, they're out in the open for all to see. It's time that some of the others came out of the dark and quit letting George do it, George is doing his share, are you?

MRS. NANCY WEBER  
MASON, MICH.

### Here's Hoping

Here's hoping that the outcome of the 1964 Miss America contest is not a sign of things to come in the November election.

Perhaps you didn't note the coincidences:

Miss Texas - 4th runner-up (LBJ's state).

Miss Minnesota - 3rd runner-up (HHF's state).

Miss Arizona - Winner (AUH20's state).

Did politics have anything to do with the contest this year?

JOYCE HOEDEMAN

### Opinion Differs

Your editorial of September 9 is a most interesting evaluation of Senator Younger's voting record because it is quite different from what many of us believe.

Was he truly representing the people of this district when he opposed the income-tax? The sales tax takes a far greater proportion of low-income family earnings than it does of high-income people. We just don't realize the amount of tax that we pay. The nuisance tax package that he voted for doesn't help either.

It is a whole lot of hidden taxes that the consumer pays without knowing it.

Why, in your next to last paragraph, do you assume the election to a nominee most of us don't know very much about? Many of us who have met him believe that George Griffiths, the Democratic candidate, is better qualified to represent us than that TV man.

The one-man-one-vote idea is not radical and it is not going to stop any of us from voting. It is written into our Declaration of Independence and the Constitution; All men are equal.

## Parent Nights Are Planned at 2 Holt Schools

HOLT - Parents of Holt junior and senior high school students will go back to school next week as Parent Night is observed at both schools.

On Tuesday, September 22, parents of junior high school students will gather at the junior high school at 7 p.m. and attend for 10 minutes the classes their children attend in their daily school routine.

The parents at these sessions will meet the teacher and discuss with her the work of their children.

The same procedure will be followed at the senior high school next Wednesday night, September 23.

After the class sessions at each school the parents will go to the gymnasium where they will be introduced to the faculty. Refreshments will be served at the close of the program.

This Parent Night has been observed at the junior high school for several years but this year will make the first time it has been conducted at the senior high school.

### Garden Club Meets

WILLIAMSTON - The Red Cedar Garden club met Monday at the home of Mrs. Suzanne Baugh, Beeman road for the regular meeting of the club.

## Rites Said for Accident Victim

Funeral services were Monday from Ball-Dunn funeral home for Elbert L. Massengale, 23, who was killed in an automobile accident on M-43 near Grand Ledge Friday.

Young Massengale was employed at Oldsmobile and had lived in the Lansing area for 2 years. He was born February 13, 1941, in Alpena, Arkansas.

Surviving are his wife, Mary Jane Eckhart Massengale of 538 W. Barnes road, Mason, daughter of Mr. and Mrs. Denton Eckhart; a son, Guy Denton, 1½, and a daughter, Rachel Elizabeth, 7 months. His father, Sanford Massengale, Los Angeles, California, and his mother, Mrs. Marjorie Massengale of Harrison, Arkansas, also survive in addition to 4 sisters and a brother.

Rev. Muri Eastman of Mason Baptist church officiated at the services and burial was in Greenwood cemetery, Aurelius township. Bearers were David Eldred, Patrick Vance,

Gearhart Komm, Paul Scott, Denton Wright and James Arnt.

## Leslie Man, 23 Is Bound Over

LESLIE - Arraigned before Justice Leonard Rouse Monday, Gary L. Hemstreet, 23, of Leslie was bound over to circuit court on a charge of drunk driving, second offense.

He waived examination on that count and also on a charge of violating the financial responsibility act. Sheriff's officers said they arrested Hemstreet in Leslie Sunday.

### Radiators Missing

WILLIAMSTON - Lyman Foster who owns a lot on Frost road, just east of Meech road where he stores junked automobiles, reported to sheriff's officers that some person or persons stole radiators from 7 cars during the past week.

THESE MEMBERS of the Tomlinson 4-H club of the Mason area responded when Pfc Bruce Gates in Korea made an appeal for used text books for schools in Seoul, where he is stationed. They sent 450 pounds of books and have 500 more pounds ready to go. Shown here with some of the shipment are, left to right, Pfc Gates, Gloria Brown, Tomlinson club president; Sara Bateman, chairman of the book collection; Mrs. Carol Rice, club leader of this project, and Danny Brown, club people-to-people officer.

## Mason 4-Hers Answer Korea's Plea for Books

When Pfc Bruce Gates, stationed in Seoul, Korea, writes his parents, Mr. and Mrs. Carl Gates of Lansing of a need for books by Koreans, little did he realize the response he would receive. In August they shipped him 600 pounds of books.

The Tomlinson 4-H club of Mason had voted to collect used text books for other countries as its 1964 People to People foreign service project. After hearing about the Korean need they immediately contacted Mr. and Mrs. Gates.

Pfc Gates, home on leave in August, attended the club's meeting and showed photos of his Korean students, Korean coins, stamps, clothing, literature and souvenirs.

He explained where the books would go, about the school system in Korea, social customs and told about the country generally. Addresses of pen pals were given to club members who wished them.

Gates explained that the books will be mailed to San Francisco by the club. From there government boats will take them to Korea.

In Korea an army chaplain working with Gates will distribute them to the Chang Duck girls' high school, Holt Orphanage, and the Pokyow middle school.

Besides the 400 pounds being shipped by the Tomlinson club, 500 more pounds already have been collected and are awaiting shipment.

Meanwhile the club members

here are awaiting replies from their pen pals telling them that the books arrived safely and that a new and interesting area of friendship has been opened with this people-to-people project.

The Tomlinson club has 87 members, all from the Mason area. Mrs. Phyllis Brown is the community leader.

## Car Crash Injures Pair

Edward Vickers, 30, of 710 Okemos road and his wife, Donna, 24, were injured Tuesday when their car went off highway US-127 near Harper road as they sought to avoid another car that turned in front of them.

Vickers suffered a hand cut and his wife bruises. They were treated at Mason General hospital and released.

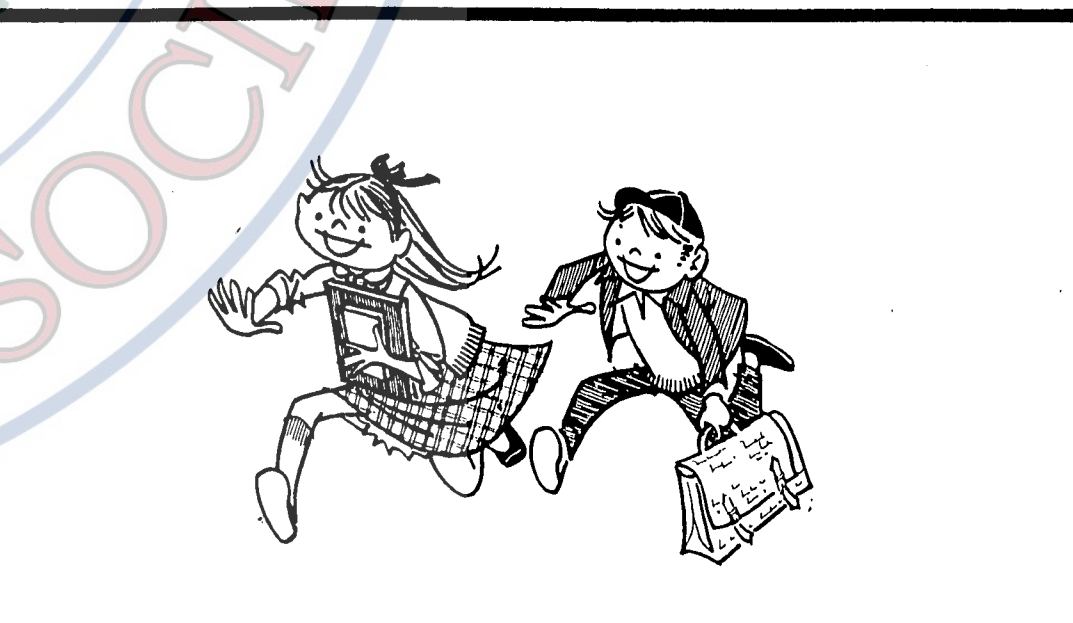

Vickers told sheriff's officers a car traveling in the right lane turned left in front of him and he turned right to avoid a collision.

Through the efforts of Mrs. Ruth Loomis, who heads the activity committee, with her volunteers, have helped the old folks make nice articles which will be on sale at the festival. The big loom is now in operation and there will be lots of nice rugs on display.

Everyone is invited to go and see what these folks have done and to help make this coming year profitable for the residents.

4-H club work, a comprehensive system of awards is provided by scores of donors provided that 4-H is an investment in future security.

"Hey, look us over!" sing more than 2 million 4-H club members celebrating National 4-H Club Week, September 26 through October 3.

## Editorial Comments

### The Case Against Thumbers

Hitching rides on Michigan highways is being abolished or at least curtailed as our road system is being interlaced with freeways and throughways.

It is a good decision with highway safety in mind. No one can dispute the fact that hitch hikers are a traffic problem, both to themselves and to drivers.

A recent survey points out another hazard, though, and an equally important one.

An Arizona survey checked 100 hitchhikers going through one Arizona town. Out of the 100 84 had criminal records, 12 others were either juvenile runaways or AWOL servicemen and only 4 of the 100 had no police records of any kind. These are startling facts.

In addition New Jersey state troop-

ers conducted a survey of their own. Their findings turned up 500 thumbers with fingerprints on record as law violators, 162 runaways, 98 AWOL or AOL servicemen, 7 inmates fleeing mental institutions and 5 escaped convicts.

There are other hazards involved besides the possibility of crime and violence. A hitchhiker may sue the Good Samaritan driver for damages incurred in an accident.

As J. Edgar Hoover said, "Offering a ride to a stranger is like passing on a hill or a curve. It's a dangerous, blind gamble. In neither case can the motorist foresee what is ahead."

Michigan law and highway officers are wise to curtail thumbing of rides even though it may work a hardship on some of the collegiate set and other legitimate thumbers. Here's hoping enforcement is persistent.

### Capitalizing on Nothing

Concerned with the dwindling opportunity for jobs in Brown county, Illinois, Sid Landfield, editor of the Democrat Message, and Dick Gordley, local dry goods merchant, went into executive session.

"Well," said Landfield, a former Chicago police reporter, "people are always complaining about nothing to do. Why don't we capitalize on that?"

So the 2 sat down together and whittled out a plan. Many city folk, they reasoned, would be happy to have nothing to do, and quiet surroundings in which not to do it. So they began to plant little pieces in the papers about the joys of vacationing in Brown county.

Why not, they asked, take a vacation in the country with absolutely nothing to do but rest? You could relax in a farm home, they announced, for \$38 a week, and the food, unlike many city restaurants, would be not only edible, but delicious.

They pointed out, did Landfield and Gordley, and were joined by others in the community, that if you wished you could aid the farmer in his farm chores, or just sit and think. They absolutely

guaranteed that you would in no way be bothered by the clatter of night life, as there is no night life in the vicinity.

Junior city tykes, they pointed out, who had never had fellowship with farm animals such as hogs, cows and fowl of one description or another, might during his country vacation, ogle a pig to their very hearts' content.

They mentioned 850 farm ponds within the boundaries of the county, all stocked with ample blue gills and bass. And they pointed out that an occasional fossil might appear as this is the limit of the glacier line, and stressed the fact that rockhounds might leap about like mountain goats running up a fine score in rocks.

Somewhat to their amazement, the first year crop proved beyond the number of farmers set up to handle the visitors. "Fifty persons put ads in the paper asking for places to stay," said Mr. Landfield.

So, come next year, with added promotion, doing nothing may prove to be a shot in the arm for Brown county economy.

The time - on - your - hands - idea might work in some Ingham communities.

August 10, 1939

Seeing Mason young men scoot around on motorcycles makes me melancholy. It takes me back to that sad day when I agreed to sell my motorcycle and buy a washing machine. Things were never quite the same after that. I bought a motorcycle just before I took a bride. A sidecar went along with it (I mean with the motorcycle). I thought my wife would like to journey over hill and dale with me and my iron steed. Grandma DeCamp got a big kick out of riding in the sidecar. So did my mother-in-law. But I couldn't coax Maxine to ride with me. I had the machine for a year after I was married and I even took our first-born for a few rides. We didn't have a washing machine and I finally gave in to my wife and sold the motorcycle to raise enough money to buy a washing machine. Somehow I never had as much fun with that washing machine as I did with the motorcycle.

September 7, 1939

I have two silk shirts left from the last war boom. They are the collarless type and so I may have trouble getting decked out in silk finery. Remember when a man was out of the running when he didn't have a silk shirt? Just before the entry of the United States into war there was a sport coat fad. I wore a silk shirt and a sport coat when I enlisted. I was sent to Paris Island, South Carolina, and when I reached Atlanta Sunday after leaving

Detroit Friday my collar was dirty and there were no clothing stores open. Nig Clark, the famous Big Leaguer, engaged a salesman in conversation in the washroom of an Atlanta hotel while I changed collars with the salesman. The salesman must have had a surprise when he reached for his collar after shaving and found only my discarded one on the hook.

For 3 months I was in the same company with Nig. There never was a finer man. He was part Indian. I saw Nig once in Detroit after the war. Like a lot of other old-time ball players, Nig has dropped from sight. That's the trouble with fame—it is too fleeting. Twenty years from now a man will have quite a time trying to convince the younger generation that a man named Charlie Gehring once played second base for Detroit—or that Old Man Brown ever tried to conduct a newspaper column.

Maurice Rickly will have something new in the way of lawns unless he changes his mind before spring. Several weeks ago Maurice spaded up his lawn and made ready for planting. A neighbor found a bag of seed along the highway and offered some of it to Maurice. The seed looked like clover, so he planted it. Three weeks later the neighbor took a sample to the elevator for an analysis. The analysis showed that the seed was 97% buckhorn and other weed seeds and about 3% clover.

January 11, 1940

We have a lot of fun with

Jim. He is a thrifty lad. Last summer Don Lee was along when we stopped at an Adrian hotel to eat dinner. Don, Dick and Jim left the dining room and a minute or two later Jim came bursting back in. The hotel had pay-station toilets and Jim was incensed because Don and Dick used force to prevent him from crawling under a pay-station door to save a nickel. I gave him a nickel to invest in exclusiveness. Shortly the 3 boys returned to the dining room, Don and Dick exhibiting great loss of dignity because Jim had propped the door open. He explained that he thought that if it cost a nickel to enter the stall that it would cost at least a dime to get back out. February 8, 1940

I'll always remember the fifth grade. I should, because I was in it two years. Hugh was going to have to take the grade over. He had been out because of sickness, or was behind because of having to work, or because he played in school, or—well, at any rate the teacher wanted Hugh with her another year, and as I was his junior by a year she concluded that it would have a bad effect on him to have me go ahead. She didn't know Hugh well or she would have known that he didn't care how far ahead I went or how far behind I dropped. He was interested in more important things. So Hugh and I both stayed in the fifth grade 2 years. She passed us the second year and was glad to do it. I sent her comic valentines for years and I might send her another this year if I could find an old fashioned stock.

## Yester Years

One Year Ago--1963  
The Ingham County News today moved from its old quarters on S. Jefferson street into its new and modern home at 222 West Ash street.

Bids for the proposed new Ingham county jail were opened this week and turned over for study to Clark Ackley and associates, the architectural firm hired by the county.

10 Years Ago--1954  
Dedication services for St. James church will be Sunday. The church will be dedicated by Most. Rev. Joseph H. Albers of Lansing.

School enrollment in Ingham county outside Lansing and East Lansing on school opening day totalled 15,203, up 936 from a year ago.

20 Years Ago--1944  
Charles Barnatt and James Mitchell of Lansing have purchased Chuck's coffee shop from Mr. and Mrs. George Budd. Private Edward McAleer, a Mason high school graduate of 1939, has received the Purple Heart for bravery on the field of battle. He was wounded August

8 in France and is now in a U.S. army hospital in England.

30 Years Ago--1934  
Mason is to have a new retail store. Mrs. Forest Smith will open the Paristyle shop in the Dart National bank building on East Ash street.

Holbert Fuller suffered a possible fracture of the breast bone when he was injured on the football field Tuesday afternoon. Fuller is a fullback prospect.

50 Years Ago--1914  
A. W. Jewett won 1st prize of \$100 on a bushel of White Dent corn at the state fair in Detroit. Carl Jewett won 3rd prize of \$40.

M. A. Bement was home over Sunday. His horses, Fred C and The Earle, are in races at Owosso this week.

75 Years Ago--1889  
Scott Bowdish was appointed deputy game and fish warden for Ingham county this week. Mayor James M. Turner and L. S. Hudson of Lansing have purchased Clement, the finest mastiff in America. He is 35 1/2 inches high at his shoulders and weighs 200 pounds.

ETCHEL'S SCHOOL - This picture was taken May 11, 1915, at the old Etchel's school house where Mrs. Florence Whipple was the teacher. The photograph was supplied by Mrs. Edward Schlien of Lansing who was Inez Clemens when this picture was taken.

## barbs, praise and consequence

Hottest item on Mason newstands the past week—with the exception of the Ingham County News of course—has been the Saturday Evening Post.

Feature story of the Post is a first-person account of the trials, tribulations, drives and diabolical forces of Malcolm X, fast becoming one of Mason's most famous personages.

Little did I realize when Malcolm Little was assigned a seat in front of me in Miss Hattie Lucas' fifth-hour study hall that he would be held in fear and trepidation and in a position to exert and exhort so much power as he is purported to be able to do.

I've read several accounts of Malcolm X. Most of the factual material he presents as to his life in Mason and the Mason school system are contradictory.

It must be that Malcolm X is plagued with just as hazy a memory when it comes to his Mason past as others are who are trying this week to recall his less than 2 years in Mason.

I know that he was accepted during his stay here and that many people went out of their way to give him a boost. He brought a special

gleam into the eyes of the Mason coaching ranks as a junior high pupil because he looked like a king-sized athletic star and had the brains to go with the muscles.

While Malcolm X. Little is grabbing much of the limelight with his threats and agitation, life goes on, especially in the ranks of the college youth who are preparing themselves to constructive effort instead of being a negative destructive force.

US-27 was loaded Sunday with parents hauling their freshman youngsters to Central Michigan and Alma colleges. The scene was a duplicate of scenes on other highways leading to Michigan's other colleges.

Too often the general public thinks of colleges in terms of the giants such as Michigan State and the University of Michigan. Small colleges are doing a fantastic job against great odds. The general public should be more appreciative.

The large schools are just too large for the average 18-year-old.

As an associate dean of the school of education at U of M pointed out this week, the only way a student gets noticed these days is if he bends his IBM card.

*Dick Brown*

## country and town

Anyone who counts a Mason Kiwanian as a friend had better be on his guard from now until December 1. Tuesday night the club treasurer handed each Kiwanian \$10 with instructions to invest it, double the money and give it back to the treasurer in 3 months. Club members will be expected to tell how they so wisely invested the \$10 when they turn in their \$20 bills. I'm going to be at that meeting with a note pad and write down the clever schemes.

The bloodmobile will be in Mason Friday at the Presbyterian church. The blood donor group is the community's biggest fraternal organization. If you want to belong it's as simple as rolling up your sleeve and giving a gift of life to someone else.

Some women blush when they are kissed; some call for the police, some swear; some bite. But the worst are those who laugh.

The Chicago Tribune reports that President Johnson has banned a song from Washington: Patty-cake, patty-cake, Baker's man.

For 5 cents you can mail a hair curler, a cigaret butt, a gum wrapper, a candy wrapper, a rubber band, a Big Ten football schedule and a hunk of Kleenex. The postman delivered all of this to me this week, enclosed in a stapled discount store shopping bag. There was this unsigned note: "Dear Jimmy, your kulums is krum-

my. This is a sample of what we think of it."

Ah, it's grand to be loved.

It will be fun moving back to Jefferson avenue in a few weeks. While it's nice here in the new News building on Ash, we have missed the happy voices of youngsters who used to crowd by our old office window. We used to have a good idea about the tempo of school activities. While we never eavesdropped, there were often some interesting group discussions that penetrated our single strength front window glass.

Welcome to Georgene Cantine and her son, Pete, and their Grand Ledge Independent. This Eaton county newspaper will be printed on the News web offset press as of this week. The Independent is the 10th weekly publication to be printed at the News.

Johnsonisms — "Bobby Baker is . . . no protégé of anyone."—TV interview, March 15, 1964.

" . . . Bobby Baker, the secretary for the majority, a young man who has that rare gift of getting things done with a minimum of time and a maximum of efficiency. I like to refer to Bobby Baker as Lyndon Junior, an accolade he well deserves."—Sen. Alan Bible (D., Nev.), in a tribute to Senate Majority Leader Johnson, August 23, 1958.

#### A Time for Reason

(Reprinted from the Manistique Pioneer Tribune)

Roscoe Drummond, a veteran and responsible observer of the Washington scene, has issued a call to reason as the 1964 campaign gets under way.

"I want to mention three needs of the 1964 elections, not as they affect the politicians but as they affect the voters," he wrote recently in the respected Christian Science Monitor.

"The first need is to realize that the United States is facing a more meaningful decision than in any presidential campaign since the end of the war. Neither Senator Goldwater nor President Johnson is an echo of the other; each represents a fundamental choice—a crossroads of history. There is no one around to make this decision but the voters. What formidable—and precious—responsibility.

"The second need is to realize that the only way we can really know what is going on in this superheated campaign is to keep our heads, even if, at times, all the politicians seem to be losing theirs. As individuals we can be alert to the excesses of partisan politics so we and the country won't be misled.

"The third need is to make certain that others do not do our thinking for us, that we think for ourselves, judge for ourselves, and decide for ourselves. Since the political parties will rarely be presenting their views objectively, it is important for the voters to be doubly objective in examining their views.

"I am not talking about what to think—but how to think. For any value there might be in negotiating the shoals of campaign oratory, I offer the following guidelines which have been helpful to me in reporting and appraising public affairs many years.

"1. Cherish and nourish the desire for full information. One is not fully qualified to assert an opinion unless he is able to expound the case for the counter opinion.

"2. Use a variety of sources of information. Whenever possible, read the full texts of the presidential nominees. Make an effort to tap sources of opinion and appraisal with which you are likely to disagree.

"3. List the issues which you feel should be controlling and try to examine the answers which each candidate makes to the other's claims.

"4. To get the right answers, you must ask yourself the right questions. The best questions concern 'why' and 'how,' not merely 'what.'

"5. Develop the art of listening. It is a rewarding state of mind.

"Realize that you can have as deep a conviction as you wish even when you recognize that the other side has a lot of truth in it. Frequently people hesitate to look faithfully at the other side for fear the strength of their convictions will be weakened by the fact that some of the arguments on the other side are valid. You can have a 100 per cent conviction even if there is only a 10 per cent difference between your views and those who conclude differently.

"7. Periodically engage in some good intellectual housecleaning. At every opportunity, look at your favorite opinions and prejudices; put them out on the table in front of you. Make them justify themselves before you put them back in your mind.

"There is no special dispensation for the capacity to think logically, cogently, objectively, usefully.

"We're going to need to do it in this campaign."

#### Thoughts for the Week

Read Psalm 91

He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty.

—Psalm 91:1

THIS psalm always brings back memories of my childhood—especially of the stormy winter nights when we children were alone with Mother for weeks at a time. Our preacher-father, a circuit rider, was often away holding revival meetings at his country churches.

Mother read the Bible to us each night at bedtime, and Psalm 91 was one of her favorites. How safe and secure I always felt after hearing her read with calm confidence: "He shall cover thee with his feathers, and under his wings shalt thou trust," and "He shall give his angels charge over thee."

Down through the years I have found one of the sure rewards we have as Christians. It is that no matter in what perilous situations we find ourselves, even in today's nuclear age, we can be sure that God watches over His own. We can trust in His care.

PRAYER: Our Father, we thank Thee for Thy steadfast love and care. Help us in every situation in life to remember that Thy mercy endures forever. Forgive us our sins and increase our love and trust in Thee, for Jesus' sake. Amen.

#### THOUGHT FOR THE DAY

"The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust."

## Onondaga News Notes

Nina Detwiller will challenge the District at the missionary rally Sunday afternoon at 2:45.

# A Touch of Craftsmanship

True, Felpausch is a supermarket . . . but a supermarket *plus*; a special, distinctive, completely different supermarket. You, our customers, tell us so.

You often mention the many ways Felpausch is different: Our amazingly fast, efficient check-out service . . . the friendly carry-out service . . . the great variety of foods and household conveniences . . . the freshness and cleanliness of Felpausch fruits and vegetables . . . the superior quality of Felpausch meat . . . and, over and over, the cheerful, helpful service you always receive from Felpausch employees.

One longtime customer put it this way: "At most supermarkets, shopping is just a tiresome job I have to do, but I enjoy shopping at Felpausch. Here's the most modern market imaginable, with the warm, friendly atmosphere of an old fashioned country store. How did it happen?"

It didn't "happen," any more than a fine cabinet built by a master woodworker who has spent years

"Felpausch . . . where you get the best of everything . . ."

## Assorted Classes Scheduled

Registration for fall classes at the YWCA will be September 21 and 22. Classes begin September 23 with new additions to the program. There are 90 classes offered for the fall session.

Swimming classes are for girls and women with all degrees of skill, starting with the beginner and including life saving. The girls' classes are after school during the week, and all day Saturdays. Women's classes are during the day and in the evenings. Mrs. Bruce Grditch will teach all of the synchronized on Thursday afternoons after school. Mrs. Grditch came to the YWCA from a year of teaching at Michigan State and she was in charge of the Green Splash at the university. There will be 2 classes for those taking synchronized, beginners and the more advanced. Mrs. Lois Ellison, Mrs. Alice Jones, Mrs. Norma Marlage, and Mrs. Margaret Brooks will be the swimming instructors for the coming year.

Bowling at the local lanes will be offered this year for all women who want to learn, improve, or just bowl, as instruction will be given.

Golf, tennis, ballet, judo, modern jazz dancing, keep trim classes, and many dips, round out the program for women.

Saturday package program for all girls 7 to 12 will have a new director this year. Miss Barbara Lockhart, an Olympic ice skater and teacher of physical education in the East Lansing junior high, will be in charge. The girls will have a choice of instruction in swimming, creative dance, acrobatics, crafts, baton, ballet, tap, dramatics, or knitting. They have a choice of one or 3 classes but the classes fill quickly and early registration is advisable. Mrs. Gerald J. DeVore, a well-known home economics teacher, will take over the role of craft teacher with many new ideas for both the younger and older girls in the program.

Tiny tots have a choice of Water Babies (swimming) with father or mother assisting the preschooler in the pool during the instruction. Other popular classes are rhythms, ballet, and acrobatics, enjoyed by the 3 to 7 year olds during the week and on Saturdays.

Teens have a brand new club called the Yettes. This is open to the girls 15 to 19 who wish to volunteer in the health education program. Girls will help with swim classes, with the many Saturday package classes, or with the gymnastics program. This volunteer work may be done after school or on Saturdays. We feel this will give the teen a real live working experience which will help when looking for summer jobs. Girls working with swim classes will work for Red Cross Water Safety Aide Badge. Cheer leading, gymnastics, modern jazz, judo, and keep trim are the classes the teens have requested for fall.

Family dips will be back on Friday nights and Sunday afternoons for fall. The first one will begin October 2. These dips have proven most popular with the whole family, so come down to the YWCA and join the fun.

## Swine Disease Hits New Low

Only five cases of hog cholera, all in Michigan's southernmost tier of counties, have been reported to the Michigan Department of Agriculture's Livestock Disease Control Division since Oct. 29, 1963. It is reported by Agricultural Director G. S. McIntyre.

Efforts to eradicate the costly disease of swine are being pressed by a cooperative program between the Michigan Department and the USDA's Animal Disease Eradication Division.

In commenting on the low incidence of the disease, State Veterinarian J. F. Quinn said the record speaks well for Michigan's stand in restricting the use of live vaccine in immunization procedures of swine.

## Rally Day Well Attended

DANSVILLE - Rally-day at the Dansville Methodist church was well attended. The program was opened by a hymn sing by the congregation. The kindergarten sang several songs and various classes in the primary and intermediate departments participated in the service. Several certificates of promotion were given out. During the worship service Bibles were presented to Sandra McPhee, Jill Sharland, Tommy Taylor, Terry Bowen and Michael Townsend.

## Meetings Planned

DANSVILLE - Dansville Free Methodist church will hold a series of spiritual growth meetings with Rev. Don F. Price of the Family Altar of the Air on September 23-27 at 7:30 p.m. The doors of the church are open to the people of Ingham county.

# WHO'S WHO In Lansing and Vicinity

This section, dealing with established business people, is an attempt to acquaint area residents with the positions these people occupy in the eyes of their friends and customers. Articles contained here were researched and authored by Don Schade, Business Relations Consultant.

## Bud Reniger Construction

Industrial & Commercial Building

For a contractor, three factors are of paramount importance in attaining success: His ability to do the job, his capacity for getting along with the people he serves and with whom he works, and finally, his actual desire to do the job well. Therefore, the success of Bud Reniger Construction, 714 N. Fairview in Lansing is assured. (phone IV 9-7492). With expert work as an assurance of his ability, Bud Reniger has realized that many are held back by their failure at the human relations level so in all business dealings the utmost in courtesy and integrity has been maintained and thus as many have realized, the job is a pleasure.

Mr. Reniger has applied himself with all his skill and enthusiasm in his construction business. This has proved profitable for him as well as for clients. These same principles have been used in his participation in civic affairs and have made his help most valuable.

His popularity in the community is assured for Bud has the perfect techniques for winning friends. He likes people, sincerely and genuinely.

We compliment Bud Reniger on his standing in the field of commercial and industrial building, and thank him for his contributions to civic progress.

## John's Sunoco Service

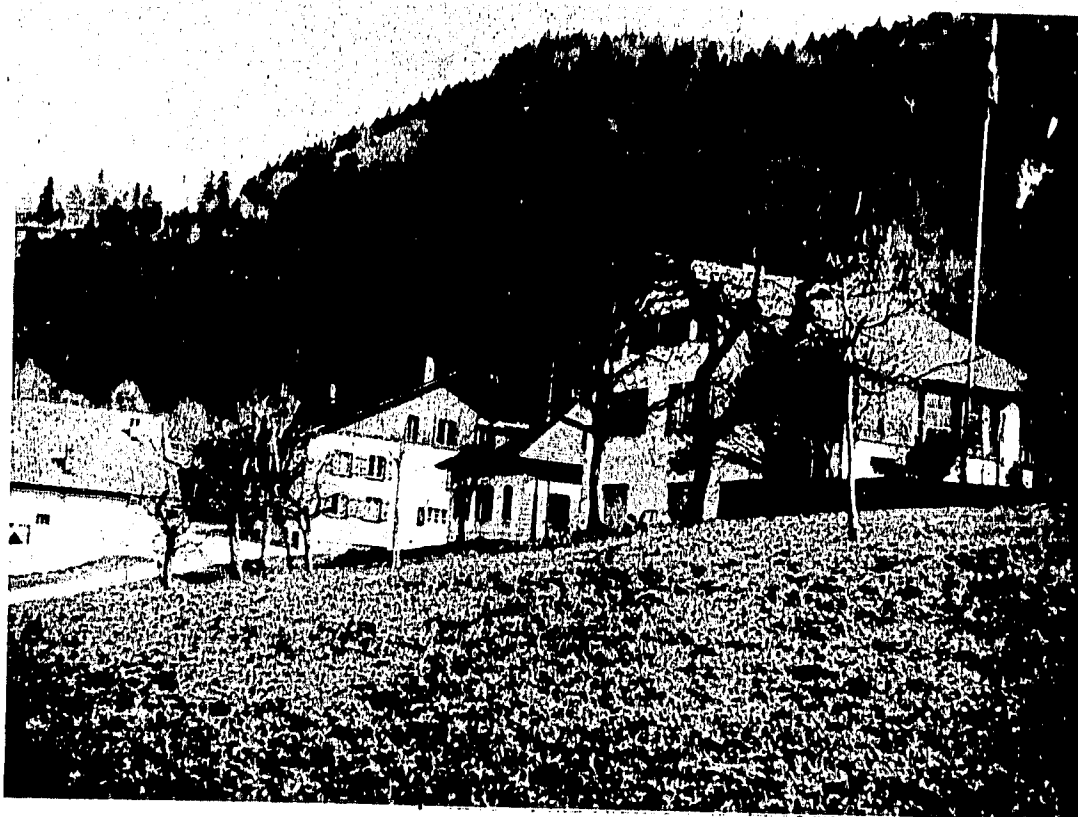

John Lewis, Proprietor

Combining the finest of service to motorists with outstanding Sunoco products is the aim of John Lewis Sunoco Service at 2110 E. Gd. River in Okemos (phone 332-6716).

Wise motorists today buy gasoline and motor oil that are well known for their purity and lubricating qualities. Car owners should patronize only reliable stations that handle the highest quality products because the modern automobile has a high compression engine which will deliver its best performance only on top quality fuel.

John Lewis personally supervises his station in order to assure customers of the finest service it is possible to obtain. John and his well trained attendants will be pleased to check your tires, battery and oil and will wash your car windows and windshield. You may be sure that only the finest of gasoline and oil are going into your car when you patronize this friendly station. Sunoco "Custom Blend" Gasoline and Sunoco Oil Products are reported to make for greater mileage and less engine wear, resulting in fewer repairs.

In addition to his close attention to business operation, John is always ready and willing to take part in community activities. The way he has served people of this area makes John Lewis and his Sunoco service station deserving of much further success.

## Swiss Farm Help Hard to Find

This is the 8th in a series of articles from Douglas Sanders, International Farm Youth exchange delegate to Switzerland. He is a senior at Michigan State University, in horticulture and is the son of Mr. and Mrs. Charles Sanders, Mason. His address is: Douglas Sanders, c/o C. E. Zahm, division of agriculture, Laupenstrasse 25, Berne, Switzerland.

By Douglas Sanders  
I am now in the western part of Switzerland about 15 miles from France. This part of Switzerland is called the Jura, for the chalk mountains are located here. They are not really large mountains, but are very rugged and weathered.

Most of the land is covered with forest and that makes lumbering an important industry. Cattle breeding and young cow raising, along with horse breeding and raising, comprise the major part of agriculture in this part of Switzerland.

My host family is a farm manager for the farm pictured here. We also raise young cattle for another of the owner's farms. We have 25 sows for young pig raising. We have a total of 200 acres, of which 125 acres

is woodland. The rest of the land here is in grass for grazing and for hay. They have had wheat here before, but laborers for farmers is becoming an ever increasing problem and nearly impossible to find.

Here, we have 2 workers, one Swiss and one Italian. My family consists of father and mother, a sister, 20, home only on weekends from Berne where she works; a sister, 16, away to work as a kitchen helper on another farm; and at home, a sister, 12, twin sister, 7; and a brother, 5.

Because of the size of my family, we are not often together when we travel, but enjoy a good time while at home. We have a television and often watch it. We also spend evenings just reading the paper and talking. I'm enjoying life with my family here, and am learning much about Swiss children and family life.

## She's 94 But Plans For Trip to Florida

OKEMOS - Mrs. Nora Manderville was 94 years old last Friday and she spent her birthday recuperating from an injury she suffered in a recent fall, but she is looking forward to a trip to Florida this winter.

Mrs. Manderville makes her home with her daughter, Mrs. Sylvia Johnson of East Lansing. She was born September 11, 1870 in Locke township, the daughter of Mr. and Mrs. Hugh McGovern. She was married to Bud Lewis and they had 4 children, Mrs. Johnson, Mrs. Mabel Foote of Bath, and 2 sons, Guy and Howard, now deceased.

Mrs. Manderville lived for many years on a farm near Okemos which is now the site of a drive-in theater.

Later she married Bryant Manderville and they lived many years at Hamilton road and highway M-43 (old US-16) where Manderville operated a gasoline filling station and Mrs. Manderville a restaurant.

After the death of Manderville, she purchased a cottage at Baldwin lake, near Greenville where she spent her summers and then returned to East Lansing to make her home with her daughter.

She still enjoys gardening and caring for flowers at her daughter's home.

She was injured in the fall last month and spent 4 weeks in the hospital but now is recovering satisfactorily.

Mrs. Manderville has a grandson, Donald Spross of Williamston, a great-grandson, Harold Spross, of Michigan State university and a great-great-grandson.

## South Leroy

Mrs. Vernon Stowe entertained neighbors at a jewelry party recently.

The 2 daughters of Mr. and Mrs. William Chubb visited their cousins in Lansing recently.

Ernie Titus was taken to the Mason General hospital last week for observation.

## Holt Recreation

Features Open Bowling Daily

It has been well said that "bowling is a passport to health". An hour or two of bowling a few times a week will keep the waist down and the body in trim. It is primarily a game of skill and science, and helps to develop accuracy and a keen, quick mind. There is always a combination to solve and the unexpected is continually happening. Bowling develops muscle, practices the eye, and will assist you in gain-

ing a free game of movement. At Holt Recreation, located at 2108 N. Cedar in Holt, large sums of money have been invested to install the latest and best in AMF automatic lanes and bowling equipment and in fact, everything conducive to your complete bowling enjoyment.

With open bowling every afternoon, they will be glad to instruct you if you are as yet un-

## Junior Hereford Group Plans Big Ada Field Day

Ada, Mich., August 27, 1964-- (Special)--Final plans have been completed for the Michigan Junior Hereford association annual field day to be held Saturday, September 19, at the Grand Valley Hereford Farm, owned by Frederick Vogt and Fred Dykstra. The 500-acre farm, located five miles north of Ada, on Pettis road, is the home of 250 registered Hereford cows.

An outstanding program has been arranged that will be both interesting and educational to juniors and adults. All Hereford people in Michigan and surrounding states are cordially invited. County agents and vocational agriculture instructors have been invited to bring as many teams of 4 and individual judges as they wish. Five classes of Hereford breeding cattle and one class of fat steers will be judged in the contest. Numerous trophies, engraved plaques and other awards will be given the winning teams and individuals.

"Grand Valley Hereford Farm will be an excellent place for our junior field day," said Richard Byrum, Onondaga, president of the Michigan Junior Hereford association. "We are anticipating a large crowd and have planned a program that will be interesting to all."

The program will start at 9 a.m. Officials of the Michigan Junior Hereford association who have served for the past year and will be active in the field day program are: Rich Byrum, Onondaga, president; Hugh Roberts, Hubbardston, vice-president;

Kay Shaft, Holt, secretary; Pat Smith, Mason, treasurer; Lucy Dykstra, Ada, reporter; Jim Byrum, Onondaga, director; Alex Lawson, Grand Ledge, director; Ron MacNaughton, Grand Ledge, director; Bob Eggert, Jr., Ann Arbor, advisor; and Gary Minish, East Lansing, advisor.

**TOM NOTTINGHAM**, son of Mr. and Mrs. Alvin Nottingham of Dansville, has been announced as one of the winners of the Michigan competitive scholarship awards. He is a Dansville high school graduate of last June. He will use his scholarship at Western Michigan university where he will study automotive engineering and technology.

## Road Sign Tests Start in Ingham

An unusual series of nighttime tests of highway sign legibility will be conducted by the Michigan state highway department starting Tuesday night at 3 Lansing area sites.

Test areas have been chosen on Washington Avenue from Saginaw street to Main street; on East Michigan Avenue from Howard street to Cowley Avenue, and on county roads in Alameda township southeast of Okemos.

These locations represent bright-urban, normal-urban and rural lighting conditions, as well as having typical traffic densities for their lighting types.

Some 150 volunteer observers will participate in the tests, selected by age categories from current and retired highway department employees.

The tests are part of an investigation by the highway department's research laboratory division, conducted in cooperation with the U.S. bureau of public roads under its highway planning and research program.

The tests will be run every Tuesday, Wednesday and Thursday night from 8:00 to 11:30 p.m., during the last 2 weeks of September and all of October.

Observers in automobiles will be driven at 15 MPH past an experimental, truck-mounted, internally illuminated case sign. Distances at which the sign legend becomes legible to the observers will be recorded.

The sign will vary in brightness, wording and letter size in successive tests. Where desirable, headlights of moving or stationary automobiles will simulate glare from on-coming traffic.

W. W. McLaughlin, chief of the office of testing and research, said data from the tests will be computer-processed to determine the most effective sign characteristics for optimum legibility of sign legends.

These results, along with comparable information from daylight tests conducted in Lansing with the same observers in early August, will be used to improve Michigan's highway signs.

"The test program stems from increasing concern among traffic safety engineers in recent years about possible reduced effectiveness of conventional reflectorized route and speed signs," McLaughlin said.

The following is a list of the entire personnel for the 1964-65 school year: Earl Briggs, superintendent; Don Mueller, high school principal; Miss Elsie Cobb, elementary principal; Martha Glynn and Marian Diehl, kindergarten; Helen Stuart, Barbara Vibbert, and Edith Zeitz, 1st grade; Maxine Akers, Diane Nowlin and June Tibbets, 2nd grade; Darlene Cook, Cleo Snider, 3rd grade; Eleanor Tuttle, 3rd and 4th combination room; Alice Card and Virginia Miller, 4th grades; Connie Robinson and Bernice Uiter, 5th grades; Mary Hartley, 5th and 6th combination room; Vivian Mueller and Wayne Vibbert, 6th grades; Florence Brower, special education; Myrna Campbell, junior high English and reading; William Tibbets, junior high school reading and spelling part-time; Stuart Chappell, social studies and track coach; Irvyn Cobb, junior high math and social studies; John Van Winkle, biology and assistant coach; Larrie Lintner, math and science; Carol Choucheas, English; Ted Lyons, math and science; Dean Mills, English and speech; Lorey Willey, history and football coach; Alice Hunt, business education; Edward Rawson, agriculture; Norma Craig, shorthand; Girls' physical education and library; Vince Carlen, shop; Margie Briggs, homemaking; Leon Brooks, band, and Don Nelson, study halls.

## Dansville School Enrollment 1000

DANSVILLE - The Dansville Agricultural school opened Wednesday with the largest enrollment in its history. More than 1,000 pupils were enrolled in grades kindergarten through 12, which is about 35 more than last year.

However, this increase is partially due to the closing of the Catholic church school and a large part of the pupils who attended there were residents of the Dansville district.

The enrollment by grades is approximately as follows: kindergarten, 104; 1st grade, 75; 2nd, 92; 3rd, 90; 4th, 69; 5th, 66; special education, 15; 7th grade, 90; 8th, 94; 9th, 73; 10th, 61; 11th, 70; 12th, 50.

With the extra week's vacation allowed, the contractors and custodians were able to have the building in good condition for the opening day.

The major remodeling was in the study hall which has been turned completely around with the teacher's desk at the south end and students' desks facing the south. Large archways have been cut between the study hall and the old 300 room and this will be used as a library although some of the library books will still be shelved in the study hall.

Fire-proof doors replace all wooden doors in the old building and other minor repairs have been made to comply with the recommendations of the State Fire Marshal.

The new special education room will not be ready for occupancy until some time in October, but the former room used for Type A pupils is still available for use until the new room is ready.

The following is a list of the entire personnel for the 1964-65 school year: Earl Briggs, superintendent; Don Mueller, high school principal; Miss Elsie Cobb, elementary principal; Martha Glynn and Marian Diehl, kindergarten; Helen Stuart, Geraldine Battige and Helen Young work in the offices. Gary Briggs, Jack Wright and Marshall Pollok are the custodians and assist in transportation. Gary Briggs drives bus No. 4, Jack Wright drives the afternoon trip on bus No. 1 and Marshall Pollok drives the station wagon. ## MSU Ag Experts Say:

## Farmers May Consider Feeding Stock Wheat

Farmers may want to consider feeding wheat to livestock this year in the face of lower cash prices and loan values for the 1964 wheat crop, R.C. Lott, Ingham county extension director, has received this advice from Michigan State university agricultural authorities.

Hugh Henderson, MSU animal husbandry specialist, says coarsely ground wheat may replace up to 50 per cent of the corn in beef cattle feeding rations without any appreciable change in rate of gain or degree of finish. Larger amounts may be fed if ground wheat is fed on top of corn or grass silage. Protein supplement may be reduced by about 10 per cent.

Robert Hines, MSU animal husbandry specialist, points out that ground wheat can replace corn "pound for pound" in rations for growing and finishing hogs when price relationships are favorable. He points out that although wheat is higher in protein than corn, the quality of protein it supplies is not different. No change is recommended in protein supplementation when replacing corn with wheat in swine feeding rations.

Graydon Blank, MSU sheep specialist, says wheat for lambs gives best results when mixed with other farm grain. When wheat is used as the only grain, gains will be slower and it is more difficult to keep lambs on full feed. Wheat may be mixed with oats, corn or with both equally by weight. Wheat mixed one-third to one-half with corn or oats is an excellent grain to feed ewes previous to lambing.

Don Hillman, dairy extension specialist at MSU, says crushed or coarsely ground wheat is readily eaten by dairy cattle and can be fed as a replacement for corn in the ration when price justifies its use.

However, the dairy specialist cautions that fine grinding may result in some "gumming" of feed mangers when wheat comprises more than half of the grain ration. Use of oats, corn

## Hearing Set On Transfer

A hearing has been scheduled for September 22 by the Ingham Intermediate board of education on a request to transfer some 250 acres in Meridian township from the Williamston school district to the Okemos district.

The area lies southeast of Okemos along the new section of Jolly road immediately to the west of Every road and extending north of Jolly road to the New York Central tracks. There are 9 children of school age living in the area.

or bran in the grain mixture can minimize this problem.

Charles Sheppard, MSU poultry extension specialist, says it's okay to use wheat in poultry rations providing it doesn't replace more than one-half of the corn in a ration will often result in wasted feed.

Sheppard points out that the energy value of wheat is slightly lower than that of corn, but the protein value is a little higher. However, wheat can replace corn without any changes in the poultry ration.

## Jail Engineer Heads North After 10 Years on the Job

Howard L. Roberts wound up 10 years of service to Ingham county last Friday afternoon when he retired as maintenance engineer at the Ingham county jail.

In those 10 years, he said, he has always tried to be an ambassador of goodwill between the inmates at the jail and law enforcement officers and he feels he has been successful in that endeavor.

"I have been greatly compensated for my efforts in the reaction of the inmates to my treatment of them," he said.

Roberts and his wife, Eliza Jane, plan to make their home at Higgins Lake where Roberts is affiliated with his son-in-law in a resort business. He purchased a home there 8 years ago in anticipation of his retirement.

Before coming to work at the jail, Roberts was a maintenance engineer for 12 years at Michigan State university. He lived in East Lansing during those years and upon coming to Mason lived in a home on Walnut court until September 1 of this year when he moved to Higgins Lake.

He has a son, Mark Guy (Bud) Roberts in Lansing, and a daughter, Elizabeth, at Higgins Lake, and 5 grandchildren.

Roberts, in addition to his maintenance work at the jail, took pride in his floral architecture and the flower arrangements which adorn the front lawn of the jail and the sheriff's residence are the results of his handiwork.

Roberts was born in Negaunee and spent his younger years there. He still is a member of the Mitchell Methodist church there. A veteran of World War I when he served in the U.S. Navy, he is a member of the Paul Mitchell American Legion post in Negaunee.

Roberts' successor at the jail is Frank Meadlo of Lansing.

## Drainage Research Seen Need

Continued research to improve Michigan's land drainage systems was urged this week by Carl W. Hall, chairman of Michigan State university's Department of Agricultural Engineering.

"About 1/4 to 1/3 of the agricultural land of Michigan has already been drained," commented Hall. "We are now putting in tile at the rate of 50 million feet per year--enough for about 70,000 acres."

"But we have many acres of our present farm land that needs to be tiled and much more land which can be reclaimed. With our present knowledge and equipment, this would take us another 200 to 300 years."

Hall commented that in a few years it may be economical to place tile closer together and to use the tile in areas not presently considered adaptable for drainage systems.

"Continued research will be necessary to develop entirely new drainage methods and to solve any new problems which may arise," commented Hall. "Industry is already playing a tremendous role in meeting these needs by providing materials as they are needed. The Cooperative Extension Service and the Soil Conservation Service are providing the education and research needed in this area."

The MSU agricultural engineer pointed out that many of today's developments would have been "impossible or uneconomical without tile drainage." He noted that about 1/10 of the nation's one billion farm acres is in drainage districts and that farmsteads, schools, shopping centers, housing developments, highways, and airfields have benefited from drainage research.

## Don't Speed Corn Picker

Farmers are being subjected to a "\$500 'fine' every time they go two miles an hour over the speed limit.

It happens every fall in Michigan corn fields. "Losses can run that high when the speed of a corn picker is just two miles an hour over the recommended rate," reports Richard Pfister, Michigan State university farm safety engineer. The normal corn-picking speed is 2 1/2 miles per hour.

Here's how Pfister figures the \$500 "fine." Losses amount to about 7 bushels an acre at the higher speed. This means 560 bushels per 80-acre field, or a \$504 loss with corn prices at 90 cents a bushel.

## Quality Wrap Is Costly to Peach Grower

Although marketing quality of peaches is greatly improved by the use of polyethylene over-wrapped trays, produce buyers aren't willing to pay an extra price for the convenience.

"It costs 50 cents extra to package 3/4 of a bushel of peaches in over-wrapped 3 pound trays than in the conventional crate," according to Glen Antle, south-west Michigan marketing extension agent. Not only does the package cost more, but there is also additional hand work and expense involved.

Three-pound trays generally hold 11 to 14 peaches, depending on the size of the fruit.

One Southwestern Michigan organization has marketed peaches in over-wrapped trays for 3 years. Market acceptance is excellent. But they aren't convinced that it's profitable, concluded Antle.

## As I See It

By Hayden Palmer

Nostalgic thoughts on a summer afternoon:  
About this time of year, I begin to have a craving for popcorn -- not the popcorn you buy today all put up in a fancy box -- but the kind we used to have at our house when I was a kid.

Every Sunday afternoon was popcorn time in those days. My dad was a master at producing the white kernels and he would go into the kitchen, get out the wire corn popper, get a good, hot fire going in the kitchen stove and start in.

You had to shake the popper, which had a long handle, over the fire, back and forth, back and forth for a long time. Then one kernel would pop open and then some more and finally the whole wire basket would be popping like a machine gun and soon would be filled with popped corn.

He used to have a large dishpan into which he poured the corn after it was popped and it would require several poppers full to fill the pan. Then he would salt it and pour hot butter over it all, mixing it up as he poured.

Then it would be taken into the living room and small dishes would be filled and passed around to guests or family members who happened to be there.

That was a Sunday afternoon ceremony. For as long as I can remember we always had popcorn on Sunday afternoon. The custom died out as I grew older and is a long forgotten pastime today.

But there are many Sunday afternoons when I wish I could see that dishpan loaded with popcorn once more.

Today you can go into any supermarket and purchase a bag of unpopped corn which is all salted and buttered, take it home, toss it into an electric popper and sit back and let it pop itself. And when you eat it it doesn't taste half as good as that which was hand made, so to speak, in an old wire popper shaken over a cook stove.

Sometimes I think today we have it so easy that it takes a lot of the fun out of doing things.

You meet a lot of interesting characters in the newspaper business, especially if you travel from one job to another, as I used to do when I first broke into the business.

I was working on a morning newspaper in South Dakota when I met the first of 2 such persons who have lingered in my memory over the years. His name was George Kingsbury who delighted in telling the staff of his experiences in his younger days as a reporter.

He told one story about while working on the Chicago Inter-Ocean he and another reporter had uncovered a body snatching ring in Chicago and how they had hidden in an alley to see the body snatchers at their work.

I never thought very much about it until several years later when I was working on The Capital News in Lansing. We had a kindly old gentleman working there by the name of W. S. Kellogg, better known as Deak. Like Kingsbury, Kellogg used to enjoy telling of his past exploits as a newsman.

One day he started telling about how he worked on the Chicago Inter-Ocean and how he and another reporter uncovered a body snatching gang.

Then I told him George Kingsbury had told me the same story. He admitted his partner working on the story was named Kingsbury and asked if I knew where he was. I gave him Kingsbury's last known address and he wrote him a letter. That started a correspondence between the two which lasted for several years.

Both Kingsbury and Kellogg are gone now, but the story remains in my memory and reveals how small the world is, after all.

Planting time is ahead. . . and our tested, high-yield seeds are here, ready to step up your returns per acre. Varieties approved for this area.

## 34 Counties Hit By Cereal Beetle

Intensive work by survey crews to determine the perimeters of cereal leaf beetle infestation in Michigan has resulted in a doubling of the number of known infested counties. Infestation has been found in 34 counties, although extremely light in some. When survey crews started work last April, there were 17 counties under quarantine.

As many as 46 men were on survey work at one time, but as the work was concluded recently, 25 men were transferred to cereal leaf beetle regulatory

work. This is inspection and certification of grains and other materials before they can be moved outside of a quarantined area. Sometimes fumigation is required.

Survey work halted when the cereal leaf beetle entered the quiescent period of its life cycle.

The pest is hard to find in Berrien county, the most heavily infested area, where 2 years ago it was reported for the first time anywhere in North America. The insect has been known for more than a half century in Europe

and some parts of Asia and Africa. It feeds on the succulent leaves of growing grains such as oats, barley, rye, wheat, and also some types of grasses. In the old world its destruction of some crops has been almost complete some years.

In May badly infested areas in Berrien county were aerially treated. Almost 100 per cent kills of the over-wintering adult beetles were achieved with as little as 5.4 ounces of technical malathion per acre. Results were only slightly less impressive on the young larvae hatched from the eggs laid by the over-wintering adults. The 1964 treatment program indicated that repeat applications of malathion may be needed. Malathion destroys the pests it contacts but leaves a short-lived residue

## Ingham 4-H Club Group Makes Washington Trip

A group of 11 4-H club members from Ingham county, during the last week in August visited Washington, D. C. to participate in a citizenship short course.

The survey and treatment programs were operated cooperatively between the Michigan department of agriculture's plant industry division and the USDA's plant pest control division. Officials of both are pleased with the thoroughness of survey work and the effectiveness of malathion. They feel the pest can be brought under control.

in a citizenship short course, along with 4-Hers from Illinois, Kentucky, Ohio, Missouri and Massachusetts. The short-course objectives were to help participants learn the meaning of citizenship, and develop skills for practicing citizenship in local 4-H clubs and meeting everyday problems. The members learned how democracy operates in small group discussions.

Making the trip were Douglas Waite of Williamston, Jeff Ashley of Okemos, Lynn Stiles of Leslie, Ken Woods of Danville, Linda Lightfoot of Williamston, Mary Willett of Okemos, Sue Jankovak of Holt, Barbara Shaffer of Mason, Jeanette Wright of Leslie and Gloria Brown of Mason. They were accompanied by Mr. and Mrs. Kenneth Waite of Williamston and Gary Seever, Ingham county 4-H agent.

Sponsoring the group were Lansing Kiwanis club, Ingham county fair board, Okemos Kiwanis club, Northwest Lansing Kiwanis club, Lansing-Everett Kiwanis club, Colonial Village Kiwanis club of Lansing, Mason Kiwanis club, Holt Kiwanis club and East Lansing Kiwanis club.

Discussions were held at the National 4-H Center, with visits and tours conducted in the Nation's Capitol to observe firsthand many of the topics under discussion. At the National Archives, members studied the original Constitution and Declaration of Independence. At the U.S. Dept. of Agriculture,

## Okemos Resident With Peace Corps

OKEMOS - Alan Tubbs, a Peace Corps worker, son of Elton Tubbs, president of the Lansing Labor Council and Mrs. Tubbs and grandson of Mrs. Hazel Tubbs of Okemos is now in Cameroun, West Africa and through the courtesy of the Lansing Labor Council will be given a brick making machine to aid in the construction of homes and other buildings and factories.

Alan Tubbs, who is 24 is a graduate of Michigan State university. He has another year to serve in the Peace Corps.

4-Hers divided into groups of 8 members and met with staff personnel in all branches of U.S.D.A. to study the executive branch of government.

Other visits incorporated with the discussion included the Capitol, Congressman Charles Chamberlain's Office, Supreme Court, White House, Pan American Union and the Islamic Center. The Lincoln and Jefferson Memorials, Washington Monument and Arlington Cemetery were discussed and visited.

The short-course explored many phases of citizenship, including its implications at family, community, state, national and world levels. Social and economic citizenship responsibilities received emphasis, along with the government emphasis.

The 4-H members who attended are available to meet with local clubs to report on their experiences at the short course.

## Peach Basket Becomes Crate

Bushel baskets -- once a mainstay of Michigan's annual peach crop -- have been nearly completely replaced in just three years by the 3/4 bushel crate.

Glen Antle, Benton Harbor, district marketing extension agent for southwest Michigan, interested a group of fruit growers in purchasing 20,000 wire-bound 3/4 bushel peach crates for a trial in 1961. Acceptance of the new peach package was nearly immediately universal.

The 3/4 bushel crate was the most widely used container for Michigan peaches last year, added the marketing specialist. Some 60 percent of the 2 million bushel Michigan peach crop moved to market in this package during 1963.

However, Antle points out this change for peaches is rather typical of new produce packaging innovations. And it isn't always to the advantage of the grower.

"A premium is generally paid for neat and improved packages in the beginning," he added. "Then buyers start requiring the new package on all packaged produce and eventually the market price of the crop is back to the same point as before the new package became available."

The result is that the grower usually must stand the additional expense of new packaging innovations but with little increase in income.

## School Warmup

Many Ingham county school superintendents spent the forepart of this week at Mackinac Island where they attended the fall conference of the Michigan Association of School Administrators. The convention opened Sunday and continued through Tuesday.

In 4-H club work, a comprehensive system of awards is provided by scores of donors convinced that 4-H is an investment in future security.

## Name Prefix Is Given to Mason Herd

Hugh Ellsworth and Bruce Deeg, of Mason, will have the exclusive use of the prefix "Dawn-Til-Dusk" in naming all Registered Holstein animals bred in that herd from now on.

Use of this prefix name has been granted by The Holstein-Friesian Association of America. It becomes a permanent part of official breed records at that organization's national headquarters in Brattleboro, Vermont.

Some 1,500 prefixes are reserved for Registered Holstein breeders each year; more than 30,000 Holstein dairymen now have their own distinctive prefixes for naming home-bred cattle.

Each prefix is a "trade mark" for the purebred Holstein breeder since it is used in all published information concerning his animals.

The stories behind prefixes may be interesting since they often represent farm name, the owner's family name or unique combinations of family member names. The exclusive nature of each prefix name often stimulates the creation of clever terms to preserve its "one and only" nature.

## Ag Men To Aid at Parleyx

Because it has many responsibilities in consumer protection, the Michigan Department of Agriculture will have representatives in the information booth to answer questions when the Great Lakes Consumer Conference is held at Detroit's Cobo Hall on September 21.

The Detroit conference will be the third in a national series. Under discussion will be the consumer and the shopper, the use and misuse of credit, and problems of special consumers such as the aged, low income families, and minority groups.

Mrs. Esther Peterson, special assistant on consumer affairs to President Johnson, will give the keynote address. Also on the program will be U.S. Secretary of Agriculture Orville Freeman.

About 2,000 representatives from business interests, government, and the shopping public from Michigan, Ohio, Indiana, Illinois, Wisconsin, and Minnesota are expected to attend.

The president of the Michigan Credit Union League, Harry J. Woodman, of Pontiac, will be conference chairman.

Michigan Department of Agriculture Foods and Standards Division representatives will be at the Consumer Information Center to give Mr. and Mrs. Shopper answers to shopping problems as they relate to the Department's responsibility in consumer protection, Agricultural Director G. A. McIntyre said.

This particularly applies to food, milk, and other consumer goods items that come under laws enforced by the Department. This includes weights and meas-

## Ag Regulations Undergo Change

Final approval of two regulations of the Michigan Department of Agriculture Commission with the request they be given immediate effect when the Commission met recently.

Amendments to Regulation 530 dealing with Controlled Atmosphere (C/A) storage of apples reflected new developments in C/A storage rooms to be sealed by a representative of the Department's Foods and Standards Division.

Regulation 539 set up standards for potato grades under the Seal of Quality. This was worked out at meetings held previously by members of the potato industry.

The Commission also gave preliminary approval to amendments to Regulation 142 eliminating free calfhood vaccination of cattle in herds infected with brucellosis. Public hearings will be held on this before the proposal is resubmitted to the Commission for final approval.

## Potluck Dinner Served at Park

HOLT - Grand River park on Grovenburg road was the scene of a potluck dinner Labor Day.

## Grape Yield A Whopping 72,000 Tons

The largest crop of Michigan grapes in recent years, a whopping 72,000 tons, is beginning to reach retail outlets throughout the state, and by Labor Day the popular Concord variety is expected to be ready.

This year's grape production in Michigan is more than double the small 33,500 ton harvest of 1963 when adverse weather conditions in the spring cut the crop short. The previous year, however, the crop amounted to 68,000 tons.

The greater part of Michigan's grape production is purchased by wineries, juice plants, and jam and jelly manufacturers. The rest finds its way into retail channels.

The first grape to be harvested is the Champion jelly grape. Its tartness and piquant flavor makes it preferred for jelly rather than for eating out of hand. These are followed by the Fredonia variety and some other sorts, all of them blue grapes as is the Concord, the chief variety grown in the Wolverine State. A white variety, the Niagara, and some red sorts are in only limited production in Michigan.

Each guest brought a dish to pass and the grills available were used.

ures, labeling, misrepresentation, false advertising, and other related matters.

Other departments in state government concerned with consumers also will have representatives on hand in the Consumer Information Center.

Most of the commercial vineyards are to be found in the extreme southwestern part of the state. The main grape growing counties in their order of rank are Van Buren, Berrien, Kalamazoo, Allegan, and Cass. All of them place among the top 60 grape counties in the entire nation. In production this year Michigan will be preceded only by California and New York.

Weather is an important factor in the flavor of grapes. Unless completed before, the harvest is usually concluded when temperatures drop to a point where the fruit itself is frosted.

## HOW OLD-FASHIONED IS THE MILKING STOOL?

Modern dairy farms are a far cry from the days of the milk pail and the three legged stool. Today, cows enter milking parlors or stanchions where automatic milking machines do the work. Yet, in another sense, the old milk stool is far from old-fashioned, because those three legs symbolize the three major aspects of today's dairy industry. (1) The farmer who produces the milk, (2) the cooperative which markets the milk for the farmer, (3) the dairy which processes and delivers the milk to you. Cooperatives are owned and operated by the dairy farmers they serve. They give these farmers a strong voice in the marketing of their products. They also provide many special services and guarantees which an individual farmer, working alone, could not provide himself. The result of this united effort is a more stable market for the dairy farmer and, for you, an uninterrupted supply of wholesome fresh milk. Thanks to the three-way cooperation among farmers, cooperatives and dairies.

BY Elmer E. White  
Help the Poor  
Michigan officials hope to take full advantage of Federal funds available under the new anti-poverty program.  
Gov. George Romney established a 30-member human resources council soon after the war on poverty legislation was signed by President Johnson.  
Coordinating Federally-funded programs will be just part of this unit's job. The council was composed of administrators from several state agencies concerned with human resources plus private citizens.  
\*\*\*  
One state agency voiced its interest in anti-poverty activity even before council members were appointed.  
Highway department officials said they could use 400 men in a work-training program on some 200 miles of freeways in northern Michigan.  
The proposal called for a sharp

increase in the enrollment of the Department's student highway technician training program with funds largely from Federal coffers.  
\*\*\*

Some 40 students have been enrolled in the training program since it was initiated in 1957. They work half the year for the department and attend school the remainder.

Highway officials said up to 400 young men could be given training in forestry work which could lead to careers in the field, while the state would save money and accelerate efforts to beautify the freeways.  
Expansion of the training pro-

gram under the Federal anti-poverty law could help fill the continuing need for men with backgrounds in soil conservation, erosion control, forest management and related fields, they said.  
Department spokesmen said this need exists in local road agencies as well as in the state governmental unit.  
\*\*\*

Many consumers won't even notice it, but some packages being sold in Michigan have a new look because of the state's 1964 revision of the weights and measures act.

State Agriculture Director G. S. McIntyre said the new law

gives the buyer an advantage he never had before through several features.

In the past, the law required a statement of quantity in a package of food but not on such non-food items as paint, antifreeze, varnish and oil.

Under the new law the quantity must be declared on all packaged items sold by weight, measure or numerical count. Thus, if a non-food item is sold in a container that looks like a quart, it must state the exact quantity inside.  
\*\*\*

Terms that tend to exaggerate content quantity such as jumbo, king-size, giant or full are

illegal under the new law, which took effect August 28.  
problems of shoppers also are cut down under the act. Each package must be labeled in terms of the largest unit.  
A 20-ounce loaf of bread, for example, must be declared as one pound, four ounces, or 1 1/4 pounds.

Agriculture department spokesmen emphasized that packages of non-food items which did not come under the old law already labeled their goods by quantity, but there were some who didn't.  
The old theory was that the size of the container spoke for itself.  
Among manufacturers who did

## Ingham 4-Hers Plan Club Week

Four Ingham county 4-H members will help plan the 1965 4-H Club Week at Michigan State University, Forrest Armock, Ingham County 4-H agent, announced this week.  
They are: Beverly Barr, Mason; Patricia Smith, Mason; and Ruth Hanne-wald, Stockbridge. They were elected during the 1964 Club Week last July.  
Trudy Thorburn, Mason, is also on the planning committee again as past-chairman of the event.  
The first meeting of the planning committee was September 12 and 13 in East Lansing. The group reviewed evaluation forms for the past Club Week and considered possible themes and outstanding speakers for next year's event.

SHOWN HERE ARE Hugh and Robert Oesterle of Webberville. Here's another one of Ingham county's top dairyherds that last year produced 15,764 pounds of milk and 605 pounds of butterfat per cow. The Oesterle herd first went on DHIA test in 1929. At that time, with 6 cows, the herd average was 8,695 pounds of milk and 280 pounds of butterfat. Their first year to make over 500 pounds of butterfat per cow was in 1948. Their 5-year butterfat average is 571 pounds. Over the years, the Oesterle herd has provided breeding stock for many fine herds in Ingham county.

## Oesterle & Son Herd Proves DHIA Plan

Ingham dairymen continue to compile outstanding DHIA production records. This month's top herd turned out to be the Pat O'Connor herd. Hugh Oesterle & Son was close behind.

## School Boards Consider Community College Plan

Members of the school boards of Leslie and Stockbridge met with the Ingham Intermediate board of education here last Thursday to discuss a method of establishing a south boundary line for the proposed Ingham Intermediate Community college. A problem has arisen because most of the students of these 2 school districts have been attending the Jackson County Community college.

This brings about the question as to finding some way to add the Leslie and Stockbridge school districts to Jackson instead of including them in the Ingham Community college district, Alton J. Stroud, Ingham Intermediate superintendent of schools said.

Both Leslie and Stockbridge school boards were to meet this week to consider the matter further. Meanwhile the Ingham

Intermediate board hopes to make a determination with respect to the 2 districts at its next meeting, scheduled for September 22, after hearing from the individual boards.

# TREASURE

What are your treasures? Where are they hidden? Which do you love most, God, or gold? Are you more interested in the work of His church or in the production of your mine? Do you get more pleasure from helping people or from hoarding wealth? What is the power of yellow metal? What is the hidden lure of riches that makes a man rise to the bait and be caught on the hook of destruction? Don't let this deadly paralysis seize you. Twenty of the world's richest men met in Chicago. All of them died poor men and most of their careers came to a tragic end. The real treasures are Heavenly treasures. Lay up a chest full where rust and thieves cannot break through to them.
