THE YEAR OF '85 MOLDED BETWEEN A COVER

Our world is one of shape and dimension. Each new idea has its own form that is unique in contrast to its surroundings. The fiery orb that is the sun floats lazily across a sea of formless clouds compared to the hemisphere that is the moon hung heavily against an ebon sky with sharp points of light. The cold straight logic of a building compared to the random rising and falling of a mountain as both boldly reach to scrape the sky.

There must be a motive **BEHIND** this picture.

Follow your dreams to the highest mountains.

Stick 'em up!

Hollywood here I come!

Raise your hand if you agree *Randy resting on the set.*

STARS and stripes forever.

Say cheese!!

Look at that profile!

Our world is one of conformity. Each person a brick in a wall, standing straight and defined, raised at right angles. If one brick stands alone, boxed into a world all its own, then all suffer. The void it leaves behind can never be refilled. All people must take the power that one is given and square it. The product must take its power and cube it until we can create a wall as big as the universe, equal on all sides.

Will the real stud, please step forward.

Is this really a genuine, GUCCI watch?

Did you really say a FREE diamond ring?

Do we dazzle like diamonds or what?

Those can't be genuine diamonds.

Our world is one among the heavens. A beacon of light that shines brighter with each accomplishment that is achieved. Each one of us a star in his or her own right, reaching out with hands and fingers like the points of a star, trying to extend their domain past the shadows that fall in between us. All want a place in the sky, a monument to the testimony. No goal is unattainable.

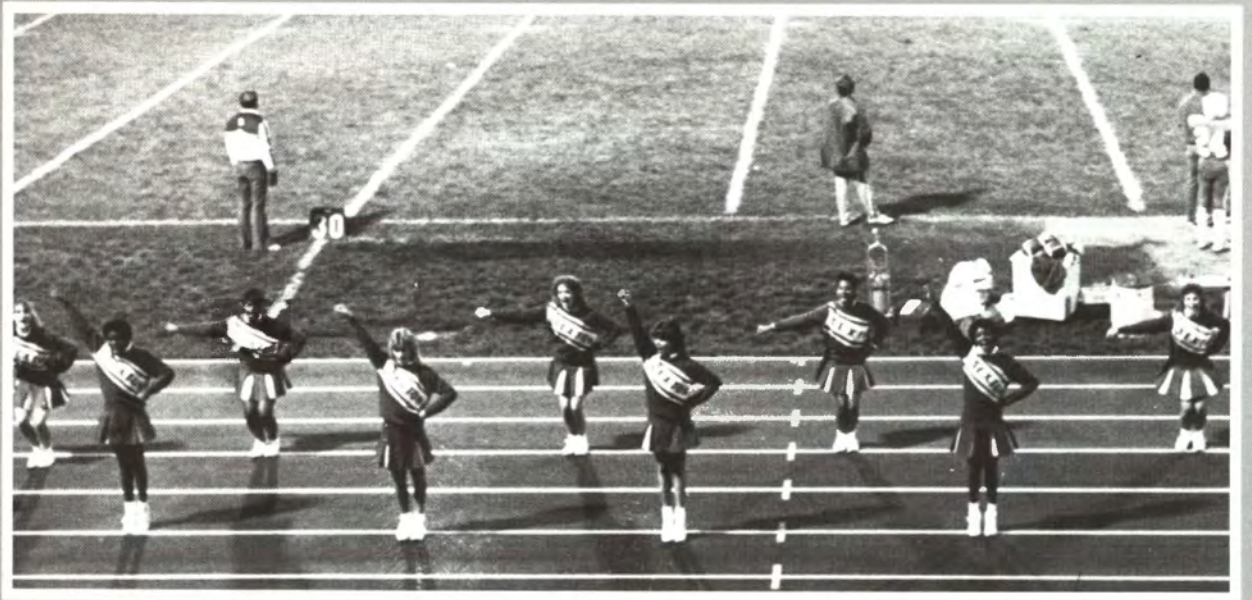

Sexton's kind of squirrely, we're all nuts!

Honest! I'm not eating the frosting.

Honey, we bee going to Sexton

Shake it, but don't break it.

Give me a break

Gag me with a credit card and put me on a lay-a-way.

The sky is falling.

Our world is the shape of things to come. Like diamonds in the rough, we are molded into a cutting edge, dazzling with sharp lines of brilliance. Each individual is formed from the same material into a gem which is like no other before it. And among the infinite lines which come together to make up the fractured face that is time, there are a few rare gems of an even more unique quality. Diamonds that seem to sparkle with a light all their own, helping others around them to glisten and glitter in the sunlight.

Dad finally gave me the keys to the car!

Eastern's green with envy, because Sexton doesn't frog around.

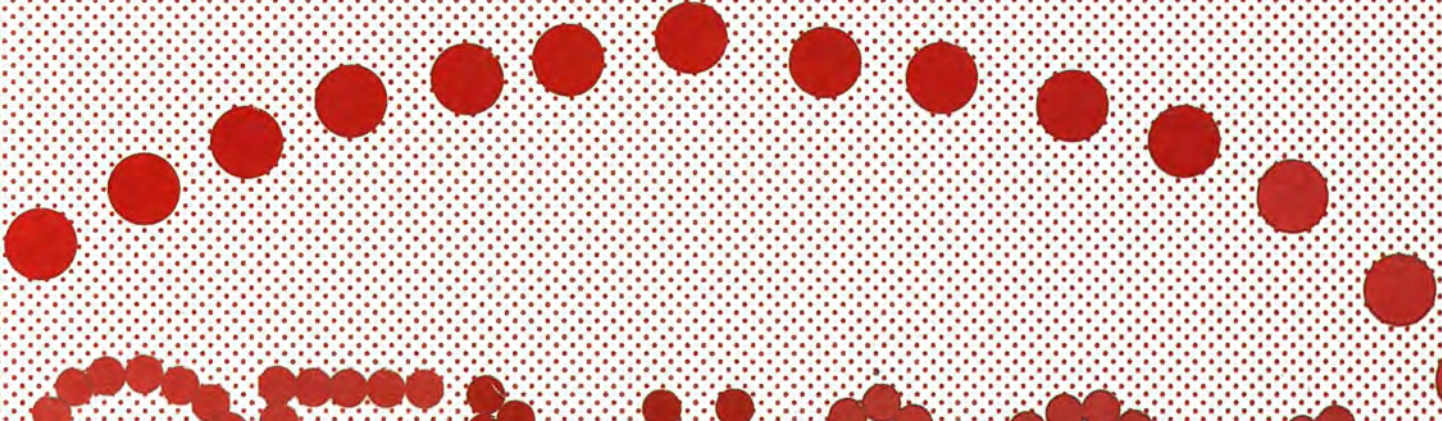

Who did his makeup?

Our world is a dot woven into a infinite pattern of dots that make up a much larger picture. Our future is our focal point to which we must concentrate on. We must always face forward, knowing well what is behind us, so that we may reach the summit of our destiny. Each must succeed to their own afterlife, the pinnacle of all things to come. For it is only in the afterlife where an infinite set of points form a line. The line, going on forever, curves into itself at its point of origin, making the circle complete. The circle then folds in on itself, representing the point of infinity.

SENIOR PICTURES

It was one o'clock, August fourteen,
A day both sunny and hot.
When a young man in a dark blue suit,
Had senior pictures shot.

He picked up the proofs in seven days,
And brought them home to see.
Then showed them to some neighbors,
His friends and family.

Just one photo he had to pick,
From which the rest would be made.
So he laid them all before him,
And dove in unafraid.

He looked at them all, from left to right,
With intent to make up his mind.
But not one picture dared stand out,
Yet not one fell behind.

Nearly a month has he toyed with it,
Since he first tried to pick the best.
The young man's me, and not a proof,
Have I singled from the rest.

I don't know exactly what I do,
But I have two choices it's clear.
One, pick the picture out of a hat,
Or two, graduate next year!

GLAMOROUS

LIFE

The Cards of Fate

Oh, listen to my tale of life,
A story of her main,
Of a young life put on the line,
Our tears fell like the rain.

She is wild and carefree, still,
She is a close, dear friend,
We miss her badly, her bright, kind smile,
I pray she soon will mend.

Because she doesn't say a word,
They say she doesn't know,
She knows the whole ugly truth,
To beat it is her vow.

I talked to her, when we found out,
She said "it is a shame,"
For her life to be on the line,
Our tears fell like the rain.

And as we spoke on that sad day,
I said "It's near to home,
This is what life's all about,
She is one of our own."

This brought us from our little worlds,
From out of hiding we came,
We've been forced into this frightening world,
Her sickness is our bane.

If we could go back again,
Would we waste our time,
Watching things that meant the most,
It's something like a crime.

Things go by so fast it seems,
Life is like the wind,
Through times of need she was there,
You couldn't want a better friend.

- Michel Hagerman -

Moua (Paul) Yang

Paul came to America in 1980. He could not speak English, when he arrived. He quickly learned the language and excelled in his classes at Sexton HS. Paul loved America, in fact thought of America as near perfect.

He joined both a soccer and a volleyball team to expand his life in America. His friends remember him as being friendly, cheerful and outgoing. Paul will always be remembered as the boy, who brought a little sunshine to his family and friends lives in America.

Susan Kay Horn

When Sue passed away, Sexton lost some of its' wonderfulness. Friends of Sue's found a person who was kind, caring, and one with a great sense of humor. They also discovered; she was full of surprises. One thing about her was as solid as a rock — her loyalty. If one of her friends had a problem, she was always there, ready to help. As one of the top swimmers on Sexton's team, Sue was very loyal and supportive of her teammates.

For Sue's family and friends, her struggle to overcome cancer will remain deeply impressed in their minds, and always remind them of how precious life is.

Denise Daniel

Sexton lost one of its' outstanding students. Denise was a truly rare person, who put others before herself. She devoted her life to helping and supporting those with Cystic Fibrosis. Denise was in Orchestra at Sexton, Otto JH, and in the Lansing Junior Symphony. Denise impressed people as a person who was friendly; and who lived each day to the fullest. Her main concern was that people around her were happy. She did what she could to make sure they were. Denise, will be remembered as an unselfish, caring, and brave person — something we all would like to be.

Coach Gary Raff conducting strategy session.

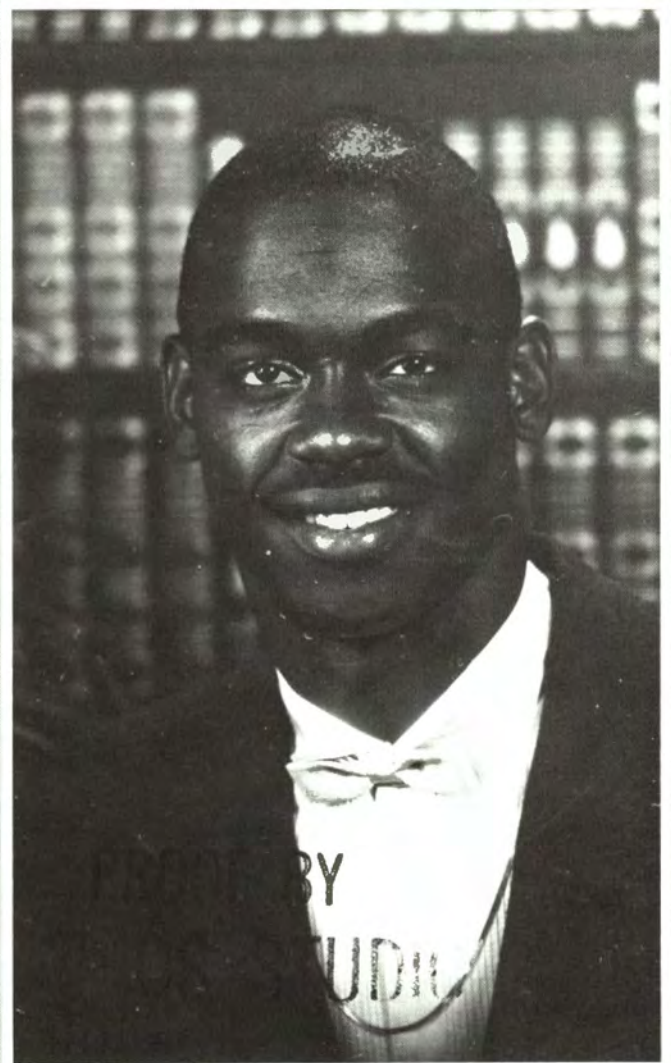

Sexton watched its "Big Red Football Machine" grind into gear for the '84 season. The loss of high-caliber seniors slowed the squad down to a six and three finish, including the uphill battle against the nationally ranked Birmingham Brother Rice. Yet the jr. dominated squad flashed some bright sparks in the form of defensive rover back Arron Milton, defensive tackles Ron Bains and Tracey Jones, and running back Maurice Brandon. Seniors once again displayed their dominance on the field with outstanding plays by defensive ends Jim Huff and Kevin Beckman, and quarterback/defensive back Jim Long. Without a doubt the heart and soul of the Big Reds this season was the unstoppable "G.M. Attack." patented by senior runningbacks Dwayne Garner and James Moore. Moore led the charge with a phenomenal 1,247 yards and 15 touchdowns. His best performance of the season was a crushing 332 yards and 4 touchdowns against CAC rival Waverly. Garner the less publicized of the two, had his best performance in the Ann Arbor Huron game in which he rushed for over 100 yards, averaging 7 yards a carry. Both players made for a powerful backfield offense; in which, the run dominated.

The Junior Varsity squad started out slow in the '84 season, splitting their first two games, but winning the remainder to finish with a seven and one record. Quarterback Steve Burnett led the run-oriented offense with a critical pass attack. In the 2nd game he threw for over 200 yards and one TD, losing to CAC rival Everett. Burnett also had to overcome mid-season injury to lead the team to its grandstand finish. Running backs Paris Milton and Dwayne Moore were the backbone of the offense, rushing for a combined 22 touchdowns. A great individual performance was given by tight end Darrin McKinney in the final game against Eastern, catching 2 TD passes.

STRONG FINISH BY HARRIERS

The Big Reds' X-Country team finished the 1984 season with a strong performance in the CAC meet. The dual season proved to be frustrating and not too successful. However, the closing effort of the season provided excellent promise for the future and highlighted the 1984 season. Led by All-Conference runner, Scott Trezise and junior Derek Williams with good support from seniors Tim Woods, Chris Basch, and Mike Bloomer the Big Reds finished only one point out of third place coming from sixth place base on the dual season competition. Other seniors rounding out the varsity were Brian Berning, Ted Kleine, Greg Taylor as well as juniors Megel Arambula, James Cunningham, and Jim Sonigian.

The Little Reds showed more success throughout the season and capped it by placing in First place in the CAC Junior Varsity meet. They were led by sophomores Tim Spitzley, Brad Wallis, and Dave Marshall, who finished first, second, and fifth in the CAC Junior Varsity race. Other sophomores bring in the team's first place were Chad Anthony, Don Bergquist, and Keith Conklin. The other sophomore runners were Dean Freiling, Greg Goff, and Jim McDaniels with freshmen Omar Bell, Brian Fox, Bill Taylor, and Pat Whitham competing during the season.

Excellent Promise . . .

The 1984 Girls' Cross Country team was a very hard working squad. Although talent was abundant, injuries and illness prevented the team from showing their best.

Returning seniors Sarah Giddings, Cathy Richards, and Shelly Freiling led the team, along with the expertise of 1983 State Champion and two-time CAC champion, Jenny Wilcox.

Junior Tai Spahr and Sophomores Amy Brazee and Cathy Cannon also displayed the talent that will come in handy for Mr. Mann's 1985 team.

Tonya Shroyer, Barb Roland, and Senior Karen Service all improved their times as the season progressed.

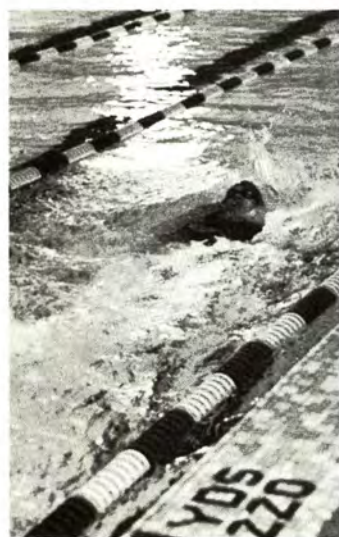

Although the team's record was not exactly perfect. The team had a family-like attitude that made for an enjoyable season.

The 1985 Varsity Volleyball team was one that as the season progressed the team got stronger and more experienced. Seniors Jody Hopkins and Sue Logan showed great patience with the younger players and were directly responsible for their speedy development. Although the team was very young their determination and hard work earned them some early successes and gave the players the confidence they needed to succeed and climb as high as 10th rated in the state early in the year. The Big Reds finished 3rd in the conference, went 25 and 12 in matches, won 52 games while losing only 25, and made it to the district finals before losing a very close match with Waverly the Reds also finished 1st in the L.C.C. triples with the team of Jody Hopkins, Sue Logan and Jo Henderson completely dominating the tournament. Other tournament finishes were 2nd in the capitol city Christmas Classic, 1st in the Lansing Community College tournament, and 4th in the Portage Northern classic. Post season Honors came to Jody Hopkins, Sue Logan and Kristian Grove as they were picked by the C.A.C. coaches as all league players. Jody Hopkins developed into one of the finest players in the midwest as she signed a volleyball tender with the University of Kentucky. The future looks extremely bright for the volleyballers as they return such experienced players as all league Kris Grove; Laurie Worgul, Kris Lucitt, Jo Henderson, Missy Kamp and Jennifer Johns.

The 83-84 baseball season was one of the best in recent years for Sexton High School. The Big Reds finished with a 15-8 record and finished 2nd in the district finals. This years sluggers have 9 returning starters including two pitchers. Jim Long, last years most valuable player and all conference selection, will be the catalyst for the up and coming Big Reds. Bob Meyers, in his third year at the helm predicts his team to finish in the top of the race this year, and to contend for the first Diamond Classic title in Sextons' history.

The 1984 Sexton Big Red Junior Varsity baseball team enjoyed another winning season, finishing at 14-9 and 3rd in the Capitol Area Conference. This was the second year Coach Bob Gast was pleased with the overall improvement and level of play of his young squad which had seven freshmen on the roster. Co-captains David Bell and Michael Jordan were team leaders as pitchers, solid hitters, and defensive players. Tony Trevino and Darrel Beltran were also major defensive and offensive factors. Back-to-back winning J.V. seasons along with the development of the players skills through the Sexton summer program should result in much success for the 1985 Big Red Varsity.
