# A Friend From Finland: Jari Lofroos

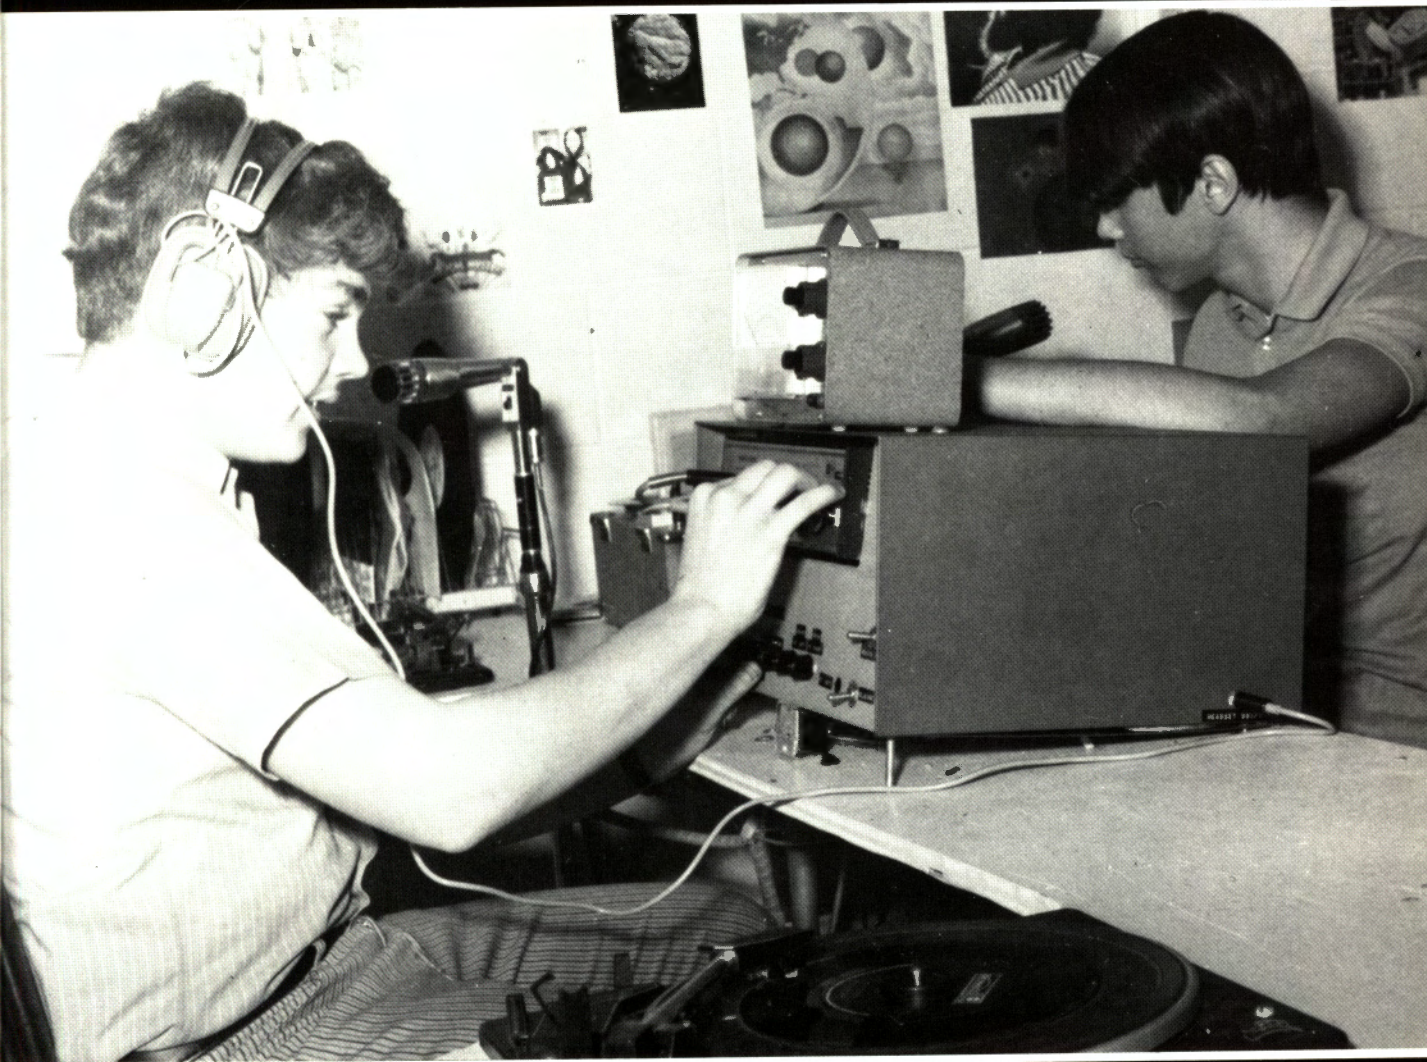

Being a letter winner in swimming and a record holder in the medley relay, it isn't surprising that Jari claims phys. ed. as his favorite class. Jari is from Palkane, Finland and is staying with Mr. and Mrs. Lewis Lesperance. When he returns he has two more years of school — although he is classified as a senior here. By helping on the float and participating in Student Government Jari has met many kids and thinks "everybody is nice!"

Principal

In his fifth year as principal Mr. Nauts has worked closely with the students of Holt High. He has been an advisor to the National Honor Society and helped a great deal to make the 1970 Dance Marathon successful.

This year he displayed his dramatic talents by directing the junior class play "You Can't Take It With You." His many hours of hard work is greatly appreciated by the HHS students.

## Dr. Maurice Pernert

### Superintendent of Holt Public Schools

The day following June 2, 1971, the flags at Holt Schools were flown at half staff in tribute to Dr. Maurice Pernert. Before coming to Holt in 1958 he taught and coached at Bad Axe, New Haven, Flint Bendle and Portland, and served as Superintendent at Gobles and Olivet before spending twelve years serving as our Superintendent.

He received his Bachelor's degree from Central Michigan University and later received his Master of Arts and Doctor of Education from Michigan State. His son and daughter both graduated from Holt High School.

Under Dr. Pernert's leadership the number of students and faculty at Holt more than doubled and in 1966 a major long-range building program was begun and is still in progress. His participation and interest in school functions will be missed as he was always willing to become personally involved with the people in the school system.

# Olds 4-4-2: It turns drivers into enthusiasts.

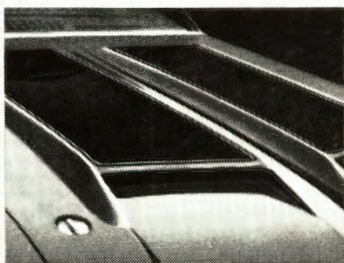

With a special high-torque, 455-cubic-inch V-8, it's easily understandable. 4-4-2 performance is strictly top drawer. And we intend to keep it that way.

We've opened up the breathing, advanced cam timing and modified the carburetor for increased response.

Super Stock Wheels available with argent trim (shown) or trimmed to match the body paint color selected.

We've also redesigned that engine to cut emissions and run strong on no-lead, low-lead or regular fuel. As for handling? The rest of the pack is still scrambling to match 4-4-2's special underpinnings, which include all heavy-duty components and stabilizer bars *front and rear!*

You can order this lightweight fiberglass hood with dual air scoops, bold stripes, and exterior hood latches.

StratoBucket Seats, wide-striped louvered hood, Hurst Competition Shifter, heavy-duty 7-inch wheels, body-side and trunk stripes, and the super-wide bias-ply belted tires with white stripes are also standard.

Now, where are your driving gloves?

The low-restriction full-dual exhausts with flared outlets are standard. So is that custom-notched rear bumper.
