Michigan Getting Ready For War

By Gene Allaman

While hoping that Russia would not precipitate another world conflagration, Michigan government and civilian leaders are taking a practical viewpoint. If war does break out, Michigan can expect aerial attack from the enemy for the first time in the commonwealth's history.

Governor G. Mennen Williams has asked mayors of 15 cities, all over 10,000 population, to appoint civilian defense directors at once. A temporary air raid warning system will be placed in operation by Commissioner Donald Leonard, Michigan State Police. The governor was assured by Rep. Victor Knox, speaker of the House, that the legislature would convene promptly in the opinion of the governor, new legislation was needed to prepare Michigan for any emergency. The legislature is now technically in recess.

At the Soo locks the government closed the locks to visitors as a security precaution, aimed as a "10-day test".

The state police radio network is being alerted for possible emergency use. In Detroit, where munitions were mass produced during World War II at victorious volume, steps have been taken to notify the public if Russia attempts a sneak attack by air. Sirens have been silenced on police and fire equipment so that the sounds of sirens at any time, will mean just one thing: WAR! Augmenting the police fire sirens warnings will be the whistles of 140 factories.

Plans to evacuate industrial centers are being rushed, while first aid organization was being pushed to provide doctors, nurses and nurses' aides for bombed areas.

All of these hurried preparations reveal the extent to which Michigan citizens have been suffering from war jitters.

At Washington the Congress approved extension of the Draft, empowering the president to draft needed manpower for the armed forces, now 635,000 men short. Michigan's selective service machinery is being kept on a stand-by basis for instant call.

This Thursday (July 6) at Lansing will bring all civilian defense coordinators for a state-wide session.

Detroit's coordinator, Brig. Gen. Clyde E. Dougherty gave this bit of advice as publicized in the press:

"Ah I can say is be calm, don't get hysterical, get under cover, turn on the gas and lights leave the radio on for advice, and have plenty of water available."

Washington advice is that an outbreak of war would automatically invoke the most drastic restrictions on food transportation, and materials. Prices would be put under ceilings; wages probably frozen.

All of this disturbing preparation is likely, as long as the war clouds are on the horizon, to prompt apprehensive housewives to "play safe" by purchasing a few extra pounds sugar, families to take that year-planned vacation in the near future and perhaps to order a new automobile, television set, clothes and other commodities which might become scarce articles. Hoarding of this kind will have one inevitable result: An artificial shortage, thus created, will skyrocket prices unnecessarily.

And yet human nature may be expected to function as it always does. Michigan's big news of the week is the hurried preparation to get under cover from Russian bombing planes if and when war breaks.

If war does not come, the preparations may be regarded as constructive for test training purposes.

If war does come, a lot of people fear that Michigan may be caught unprepared. The big industrial centers and the Soo locks offer ideal targets, and a few bombs, placed accurately, could become miniature "Pearl Harbors" to American security.

Nearly Thousand Killed or Hurt In State Each Week

Nearly one thousand persons are being killed or injured on Michigan highways each week, and speed is one of the principal causes, Sgt. G. H. Austin of the Jackson post of the Michigan State Police asserted today in urging motorists to cooperate in the present campaign to reduce the frequency of this most serious traffic offense.

"The slogan of the campaign, 'Speeders Lose', has been well selected, for the records prove that speeders do lose". Sgt. Austin said. Even when speed is not the direct cause of the accident it often contributes to its seriousness and means the difference between life and death.

"Not only was speed a factor in 500 Michigan traffic deaths last year, but it also was responsible for the serious injury of many of the 41,000 persons who were hurt in the 143,000 accidents that occurred in the state."

"Motorists should take heed of the fact that accidents are on the increase in Michigan. So are injuries and deaths. Many pleasure drives and vacation trips are ending in tragedy. The answer is that every driver, for his own sake as well as for the welfare of others, should drive carefully and alertly and remember 'speeders lose'."

Sergeant Austin also explained that there is no specified speed

Dancer-Terrell Wedding Held At Cincinnati

The Price Hill Methodist Church in Cincinnati was the scene of the wedding Thursday afternoon of Betty Terrell, daughter of Mr. and Mrs. William Pierce Terrell and William J. Dancer, son of Mr. and Mrs. William G. Dancer, of Stockbridge.

The Rev. C. R. Jackson performed the ceremony before the altar adorned with seven branched candelabra, palms and white gladioli.

Mrs. J. M. Skurlock came from Chattanooga, Tenn., to be her cousin's matron of honor. The bridesmaids were Mrs. James Frew, sister of the groom, and Miss Virginia Terrell, cousin of the bride. They wore off-the-shoulder gowns of satin with full skirts and sashes. The matron of honor in yellow, Mrs. Frew in pink and Miss Terrell in blue. They wore nylon net bonnets and mitts and carried colonial bouquets of carnations and delphinium. They also wore pearls, gift of the bride.

The bride, given in marriage by her father, wore a white satin gown featuring a nylon net yoke and chantilly lace bertha, the full skirt worn over a hoop ended in a full length train. Her fingertip veil of silk illusion fell from a bonnet of satin and illusion. She carried a bouquet of tube roses and ivy centered by a white orchid. The bride wore the groom's gift, a single strand of pearls.

Mr. Winston Dancer served as his brother's best man. The ushers were Mr. Fred Streets, Mr. Joe Mason and Mr. Foster Terrell, cousin of the bride.

For her daughter's wedding the bride's mother chose a dress of aqua crepe with black accessories and a corsage of gardenias. The groom's mother wore navy lace, navy accessories and a corsage of pink roses.

After the ceremony a reception was held in the church parlors and later a buffet supper on the lawn at the bride's home.

For traveling the bride wore a white suit with green accessories and an orchid corsage. After their honeymoon in the Smoky Mountains the couple will be at home at Pleasant Lake for the summer.

The bride attended the University of Cincinnati and is a graduate of the University of Tennessee, where she was a member of Delta Zeta sorority. The groom is a graduate of Michigan State College.

Highlights

Marguerite Sibley

This is the glorious Fourth. Seems good not to hear firecrackers. Our nation was built on the idea that Life, liberty and the pursuit of happiness" was our way of life. There are people from every nation who appreciate that fact and want to, and do become citizens of the United States. By the news from recruiting stations we have plenty of young men who also believe in our Independence Day Proclamation. It's consoling to know we have real citizens who want to protect our nation. As a mother I feel very badly that more blood of our young men has to be spilled.

Our son, Dr. C. V. Chenoweth, was discharged from the Navy Reserve in which he enlisted for a year, last Thursday. He started in as a resident surgeon at Grant Hospital, Chicago, Friday. He and Barbara moved to Chicago on north side a week ago Friday (the hottest day of the year.) When the girls were young we would take them fishing with us, and they both envy us our fishing trips. Clyde would tie one to his waist and I'd tie the other one to mine, so they wouldn't fall in.

Sault Ste. Marie.—The Soo locks, one of America's most vital transportation links during World War II, were closed to the public indefinitely Thursday "for security reasons".

The order to bar civilians from the government reservation at the locks was received by lock Supt., Clifford Anne, from Lt. Col. John Bristor of the United States corps of engineers at Detroit.

Tokyo.—American evacuees from war-torn South Korea reached a total of 2,070 Thursday. Others are expected to arrive in small boats during the next 10 days. Most of the evacuees are housed at Camp Hakata in southern Kyushu. Some 355 earlier arrivals have been sent by train to the Kyoto-Osaka area.

It is a disgrace to people who live near the downtown area, the way candy bar papers, cigarette boxes, potato chip sacks, ice cream boxes and paddles are thrown helter skelter on our streets. I know the Presbyterian Church lawn was raked this spring, but take a good look at so-called poor citizen's work. I pick up enough trash on my lawn to keep my figure in line trim but it makes me plain furious that people will throw down trash on other people's property. If they haven't any pride in keeping trash off their own, why not work up a little pride and keep it off of other people's. I know it blows but trash containers are placed on the village square. Learn to carry it home then if that is too much trouble.

Noticed yesterday where someone had eaten on a village square, and left papers strewn all around table. Let's try to show a little respect for our village square. It looks real good and let's show our Supervisor how much we appreciate his hard work.

What in the world is the matter with so many of our youths? Can you imagine someone admitting that they set the Ringling Bros. & Barnum & Bailey circus tent on fire, that killed 169 people and sent 6 innocent people to prison and injured 300 others, besides murdering four people. Is our nation deteriorating morally? There is a commandment that says "Thou shalt not commit adultery", and still every year there are three or four young people in our high schools who either quit school or get married and keep on going to school. I know of one school where girls were expelled and boys went merrily on with "more worlds to conquer". Boys and girls should be told the facts of life by the time they are 10 years old, and the consequences.

Just as long as young people are pushed forward who have done such things, instead of being told "I'm sorry we'd like to have you on our programs but we don't consider you are what we call a good citizen and we can't have you", just that long will such crimes be committed. I would suggest instead of their reading "True Story" that they read Nathaniel Hawthorne's "The Scarlet Letter". I taught school for eleven years and know what I am talking about. I don't think there is any reason for children to get married and continue going to school. After they get married they are considered adults and should go with adults—not children or young people.

Was surprised to read that in the new Springfield school the toilets are privately with each room. Its a good idea and any vandalism can be traced so much more easily.

Can remember of only one case when I was in school and that was an Adrian Reform School girl—you'd expect such things of someone who was from a Reform School. Surely would hate to put myself in that class.

Mrs. Clyde Purchase and Mr. and Mrs. Wm. Pyper as hosts.

Mrs. Ralph Wright visited her mother, Mrs. Grace Quinn at Green Lake near Pontiac Thursday.

Perry Cooper has accepted a position at Williamston to teach veterans.

Frank Barnum of Chelsea spent the week end with his mother.

Mr. and Mrs. Gerald Dixon of Munith called on Mr. and Mrs. Howard Pickett Sunday afternoon.

Miss Lucille Cooper is attending a meeting of the National Education Association at St. Louis, Mo. this week.

Win From Consumers Lose To Saline

Stockbridge continued to collect hits Thursday night, winning over Consumers 9 to 6, with 11 hits against 5. Tom Campbell held Consumers to 5 hits and 1 run through the 8th, striking out 13 of the 32 to face him. Consumers collected 5 runs on 3 hits in the 9th, but the rally was stopped before any serious damage was done.

SALINE WINS OVER STOCKBRIDGE 7-2

Saline defeated Stockbridge by a score of 7 to 2 on only 3 hits. Stockbridge continued their batting, collecting 6 hits but failing to get them at the right time. The local boys loaded the bases in the eighth with no one out, but could not push a run across the plate. 1. Price pitched the first 4 1/2 innings allowing no hits, and E. Marshall finished allowing only 3 hits, but walks and errors at the wrong time accounted for most of the runs.

Stockbridge meets Vandercook Lake here tonight (Thurs.) and go to Mason for a Sunday afternoon game.

TOMLIN-WILSON WEDDING AT FTCHBURG

The farm home of Mr. and Mrs. Robert Hawley was the scene of a very pretty wedding Saturday evening when their granddaughter, Mary

Jeanne Wilson, daughter of Mr. and Mrs. William Wilson was united in marriage to Theron Tomlin, son of Mr. and Mrs. Alvin Tomlin of Fowlerville.

At 8:30, as Mrs. Clarence Ranek played Lohengrin's Bridal March on the piano, the bridal party took their places before a setting of beautiful flowers. The bride was given in marriage by her father and Rev. N. M. Pritchard performed the double ring ceremony. The bride, who wore a white suit with a corsage of pink and white rosebuds was attended by her sister, Mrs. George Stephens who wore a pink suit with similar corsage of pink roses. Marvin Tomlin, brother of the groom, acted as best man.

The bride's mother wore navy blue and the groom's mother, black and white and both had corsages of pink carnations.

Following the ceremony, refreshments were served to the seventy-five guests present with Mrs. Betty Davidson of Charlotte, sister of the groom serving the beautiful four-tiered wedding cake made by Mrs. Charles Wobb of Fitchburg. Merry Ranek and Eleanor McCloud, friends of the bride, served the groom's cake and ice cream which was decorated with a pink bell. Barbara Schray, cousin of the bride, served iced tea.

Lovely gifts were presented to the bridal couple before they left for a short wedding trip into northern Michigan, after which they will reside in Lansing where Mr. Tomlin is employed.

Guests were present from Dearborn, Charlotte, Jackson, Fowlerville and Stockbridge.

Wilson Reunion

The Wilson reunion was held at the farm home of Mr. and Mrs. Wm. G. Pyper Sunday July 2nd, with 62 present. A very fine pot luck dinner was enjoyed by all at 1:00 o'clock.

Election of officers was held for the ensuing year: President, Leon Wilson; Sec. & Treas., Mrs. Roland Proctor.

A fine program was enjoyed. The invitation was accepted to meet at the farm home of Mr. and Mrs. Clayton Proctor next year.

Kelly-For-Governor Club Start Campaign

Detroit, July 5th.—Having covered every Congressional District in Michigan to assist in the organization of Kelly-For-Governor Clubs on the county level, former Governor, Harry F. Kelly this week begins one of the most strenuous campaigns that has been noted in the Republican Primaries in many years. His tour, which will carry him into every section of the state before primary day, Sept. 12th, begins an eight-county rally in West Branch Friday, July 7th.

There are today more than seventy Kelly-For-Governor Clubs with a total membership in excess of 35,000. In Wayne county alone there are more than 12,000 and Kelly says this number will exceed 20,000 before the first of August.

Kelly's campaign will stress the return of progressive Republicanism with particular emphasis on harmony between the Executive, Legislative, State Administrative Board Members and Department Heads on a basis comparable to that during his two previous terms in the war years of 1943-46.

British Farm Wives Spur Drive for More Production

LONDON.—A hundred Canadian farmers' wives met in a village in 1897 to swap jam and preserving recipes. They had no intimation of the fact then that they were starting a world-wide association.

However, the little meeting at Stoney Creek, Ont., was the beginning of the Associated Country Women of the World with a current membership of 5.5 million. The association serves as the coordinating body for the network of farm women's organizations all over the world.

Major theme of the British unit is more production. Stoney Creek's idea of pooling knowledge of jam-making, fruit preserving, home handicrafts, home welfare and farm production has been retained and enlarged upon. The clubs are still nonpolitical and nonsectarian.

Part of the wide British scheme is a marketing committee to advise cottage gardeners in selling their products — cottage gardens being too small for inclusion in the Government marketing scheme.

There is also a produce guild which in 1947-48 brought forth 4,000,000 extra pounds of potatoes, 31,000 new fruit plantings, 10 new pig clubs and 313 new rabbit clubs.

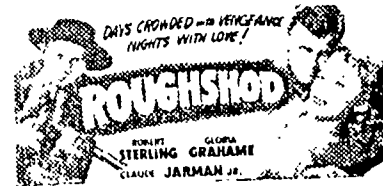

The pride of the British institutes is Denman college, established in Berkshire county house. The fountainhead of the federation's educational activities, it offers courses in everything from tree-grafting to classical literature.

No part of the organization goes above the authority of the ordinary village member, and in the monthly meeting each institute settles by vote what it will do in the next farming season.

In the Cotswolds they may decide to produce enormous quantities of plums; Wales may wish to have the champion choir; Devon may aim at a record honey yield. All over Britain the institutes are deciding how to get the utmost

production out of their home ground.

The institutes also have a social side—dances, whist drives, drama clubs, fairs and shows.

The main activity, however, is conferences on subjects that most concern them. These include housing and education.

First of the Fine Cars in Value

The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth run of its Dynaflo-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

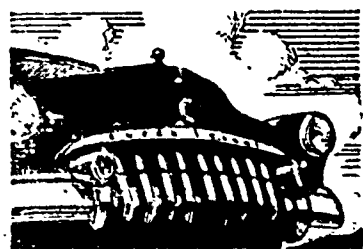

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflo Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) soves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Butter

"YES, BUTTER DOES IT"

So said our friend when being complimented on his famous Sunday night scrambled eggs.

"Of course, one must have fresh eggs, some cream, mix them carefully and cook slowly, but when all's said and done, you simply must use a goodly amount of butter."

"It's butter that provides the delicious flavor which makes us pass our plates for another helping."

The BEST COOKS use plenty of BUTTER
