old, worn thin,  
once gay  
now dark, dull,  
wrinkled—,  
once stiff,  
smelling new,  
now soft,  
bending,  
smelling  
like earth around house,  
ring gone,  
buckle bent,  
Once held Love,  
Now Empty  
Old Collar.

here  
am i  
my mind so  
encased  
so enclosed.  
ever wondering  
ever searching  
what is beyond  
those bricks of learning  
those walls of teaching  
i open my eyes, yet i cannot see;  
i wonder if  
there is a fault,  
or crack  
to escape through  
and how am i  
trying, testing,  
feeling my mind.  
how i must live in accord  
with my principles  
i only hope my wall shall  
not fall.

# We don't make promises. We make guarantees.

With all the options and offers we can make, there's no reason why we'd guarantee you something we can't deliver. And we won't.

Everything we guarantee will be put down in writing. In a legal document you get a copy of. In language you can understand.

We think today's Army has a lot to offer you, and we'll try to convince you of that. But we'll never try to mislead you.

If you want to find out about some of our offers, call or see your local Army Representative.

## Today's Army wants to join you.

### \$326 A MONTH ISN'T EVERYTHING

\$326, before deductions, is just our starting salary. And you don't have to spend it on things like food, housing, clothing, medical and dental care. They're free.

Or job training. Today's Army has more than 300 jobs we pay you to learn.

Add a chance to live and work in Europe, Panama, Alaska, Korea. With 30 days paid vacation each year.

A chance to continue your education. Plus 36 months of financial assistance at the college of your choice after you're out.

If you want a job where money isn't everything, call or see your nearest Army Rep.

**When you  
get out of high school,  
you're going to have  
a lot of questions.**

## **The New Navy's got some answers.**

Like getting an interesting job. If you can qualify, you can choose job training in over 300 exciting jobs. Like computer technology and electronics. Like equipment operation and aviation mechanics. It's some of the best training in the world. It's the kind of accomplishment that can help you go places inside the Navy and out.

But the Navy's got more answers than just jobs. There's travel, great starting pay, a new three-year enlistment, a join-now, report-up-to-six-months-later plan, and a Naval Reserve two-year active duty plan.

"AFTER YOU RETURN THE CAP AND GOWN . . . THAN WHAT?" Choosing a vocation, higher education, career? In what field? Where will you live? Problems get bigger as you grow, don't they? There is comfort in knowing that sound financial planning will provide the funds you need when a financial emergency arises. We've been helping young people like you, your parents and grandparents with sound financial services for years.
