Super effort by Jeff Boyd.

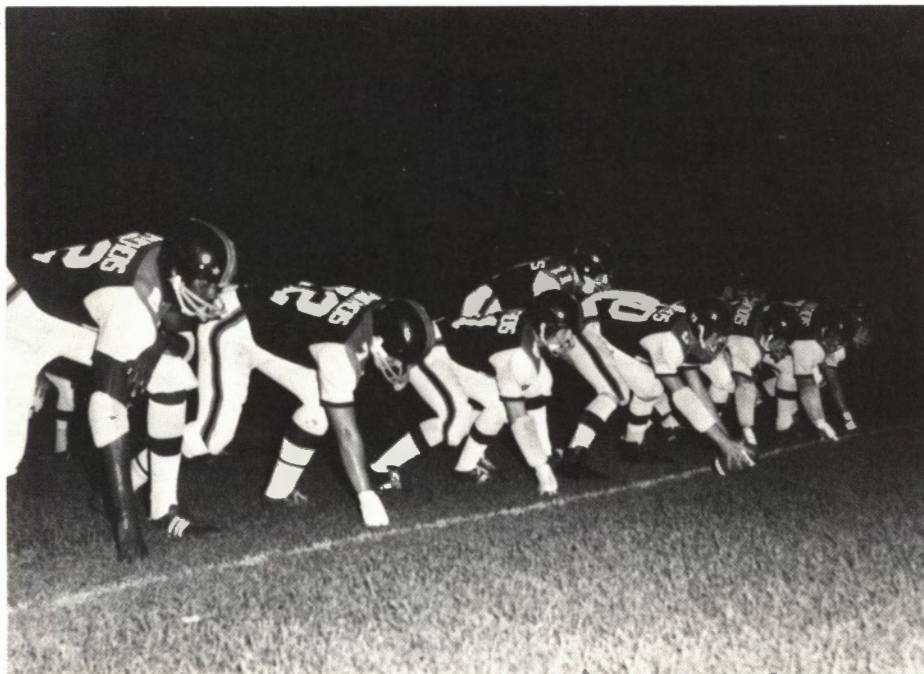

See that chick in the red hot pants?!

This season's varsity football team started off well, winning their first three league games. But the last game with Leslie typified the rest of the season. They lost that game by a heartbreaking 14-12 score. This year's team had one of the lowest memberships in the school's current history, but gave the best effort possible for team pride and school spirit.

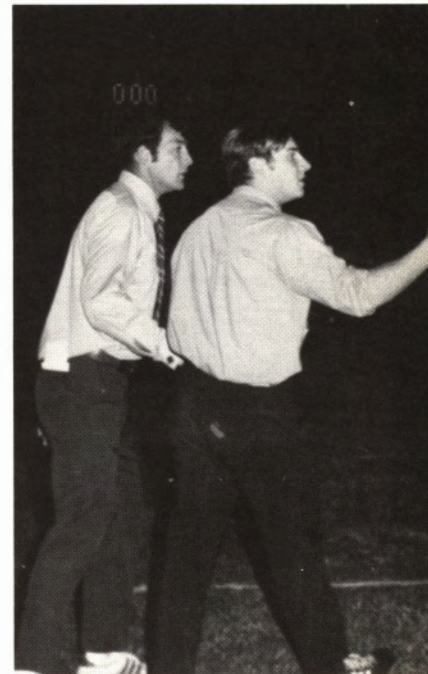

Mark Schultz and Dave Chrisinske were all-county selections and Todd Myers, Mark Schertzing, and Chuck Vizthum received honorable mention.

The Student Council provides the students of Stockbridge High with a wide variety of entertainment.

Eagerness and anticipation shine in the faces of Homecoming Queen hopefuls, Jodi Ward, Dawn Hartsuff, Barb Atwood, and Kris Glenn as they enter the football field during halftime.

October 15, 1971 brought Homecoming to Stockbridge. Even though the Panthers lost, the halftime ceremonies were thoroughly enjoyed by the spectators.

Jodi Ward must be thinking that "happiness is being Homecoming Queen," as she claims the crown worn by Shirley Steffey last year.

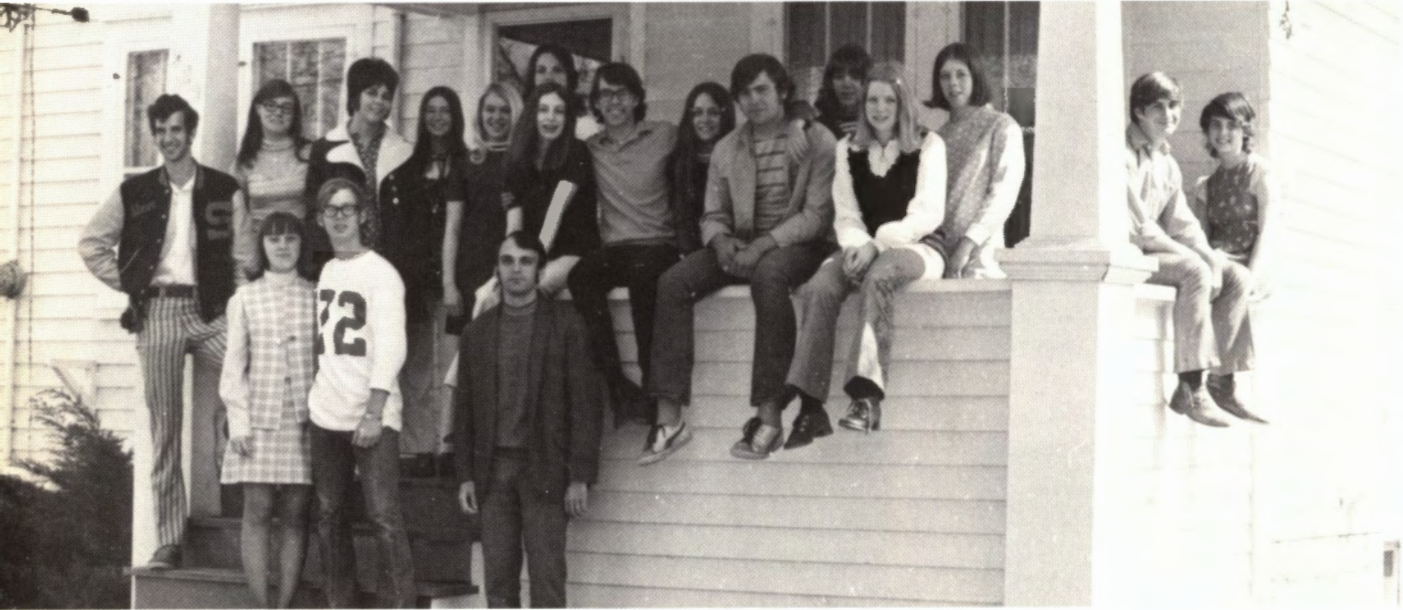

Junior Queen Kathy Kowal, Sophomore Queen, Mary Steffey, and Freshman Queen Mary Zick provided a lovely court for Homecoming Queen Jodi Ward.

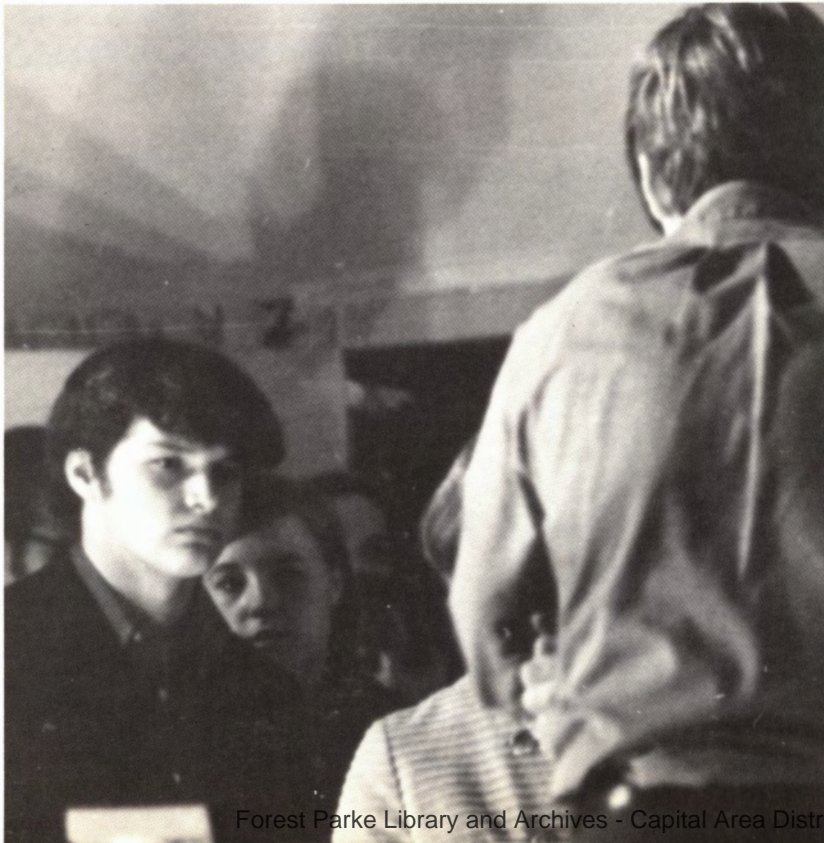

The senior class, never having been one to hold strictly to traditions, broke another as they became the first class to win the float competition four years in a row. This year's entry was a massive sailing vessel entered under the pennant "Don't Give Up the Ship."

SENIOR PLAY

1st ROW: N. Hannewald, T. Campbell, Mr. Ramsdell, Director. 2nd ROW: S. Batdorff, D. McKune, C. Humrich, B. Flannery, J. Baldwin, C. Glenn, A. Weddon, J. Ward, D. Chrisinske, K. Proctor. 3rd ROW: M. Gladstone, D. Boyd, P. McAllister, M. Denome, C. Dixon.

The Senior play was a drama involving bigotry and prejudice. The main characters wished to evict a new neighbor because he had just spent four years in prison. The play quickly moved to the climax in which Frank Morrison, the big man of the neighborhood, was shown how little he really was.

A serious play may be harder to produce because the actors must keep themselves at fever pitch during the entire rehearsal.

The Student Council is involved in many things throughout the school year. They bring the students a variety of assemblies, they sponsor homecoming, and they have a Student Council exchange day with other schools in the league.

This year we saw many and varied assemblies

Back breaking work.

Good action on the mats.

Sometimes it hurts.

The 71-72 season proved to be a tough one for the Panthers. The matmen finished with a 5-8 dual meet record, placing fifth in the Ingham County League. However, as in all sports, success should not be measured solely by won-lost records. This team had confidence and enthusiasm and with their hard work look to the future to see the real effect and measure of success.

Carlos Flores placed 5th in the state with a 16-6 record. Mark Schultz led the team in pins, had a 20-6 record and also competed in the state tournament, and Jeff Negley finished the season with a 15-7 record.

The life of a Stockbridge student is a composite assortment of involvement including many in and out of class experiences.

HOLIDAY

The spirit of Christmas invaded the halls of Stockbridge High School at 12:45 p.m. on December 23, 1971. For the first time regular classes were suspended, and supervised activities were carried on in every classroom.

SEASON

The Yearbook Staff mixed work with pleasure to capture a few of the joyous scenes that made Student Activity Day a success.

Debbie votes.

Age of Majority

Debbie signs in.

This year the 18 year olds were given the right to express their opinions through voting. For the first time many Americans are visualizing the great responsibility placed upon them as they cast their ballots. The 18 year old vote could be a giant breakthrough in understanding between Americans both young and old.

Through the process of intellectualization we are constantly confronted with many obstacles . . . like work, study, cram, exam.

The tennis team, coached by Rodger Myers, completed its best record in the school's 11-year history with 9 wins and 4 losses. Senior Vic Prewitt led the way with a 10-3 record and senior Todd Myers was close behind with a record of 9-4. With the new state ruling on girls' participation in boys' sports, Betty Horst broke the all-male tradition by becoming the first numeral winner in tennis or any other men's sport at Stockbridge High.

Hard working catcher, Dave Chrisinske.

It's a hit.

This year's team worked hard to win the league crown, but didn't quite achieve that goal. The Panthers fell one game behind Fowlerville on a one run loss to the Glads, then finished there in second place with a 10-4 league record. The Panthers' over-all record was 13-7. Juniors Clyde Whitaker and Chuck Vizthum were chosen All-County, while Dave Chrisinske received Honorable Mention. Chrisinske and Thom Campbell finished their four year stay on the Varsity by being on more winning teams than any other baseball player. Dave caught more winning games than any other catcher, and Thom holds the career record and single season record for stolen bases.

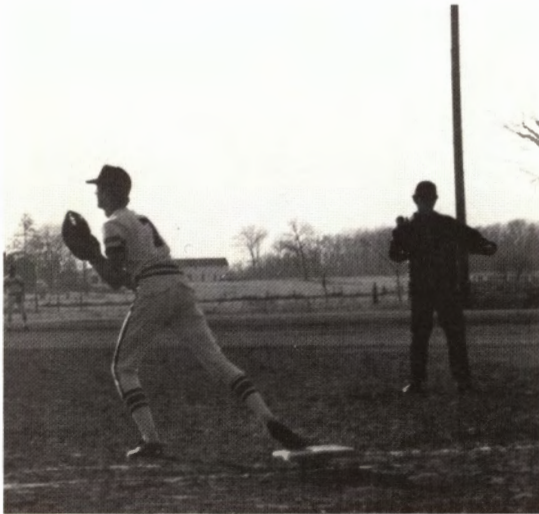

Where did it go?

PLAY

"Paddle Your Own Canoe," a comedy by William Davidson, was presented by the Junior Class on March 24 and 25. The play dealt with a newlywed couple, Carol and Knute Carlson, and the problems they encounter in life in a Minnesota Fire Tower. An interfering mother, a wise outdoorsman, teen-age campers, and forest fires were part of their life in Minnesota. Mr. Ramsdell was the director of the play, and Robbi Leatherberry and Dave McAllister were student directors.

LATIN BANQUET

Mrs. Bogart, with the help of her students, prepares a Latin Banquet every two years. The Latin Banquet, a "Roman Jubilee," takes almost six weeks of extensive preparation. The Latin Banquet is immensely enjoyed by all participants, especially the Alumni, who are not given any work.

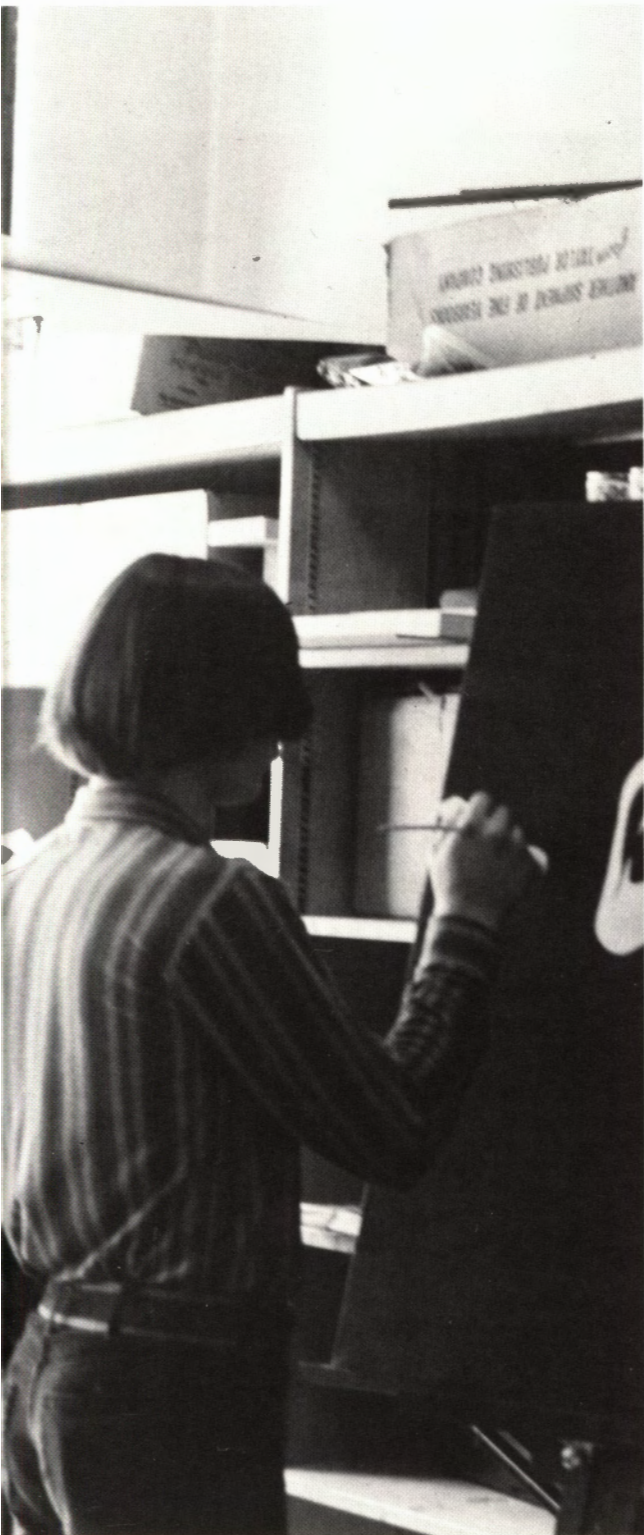

We won't tell if you won't.

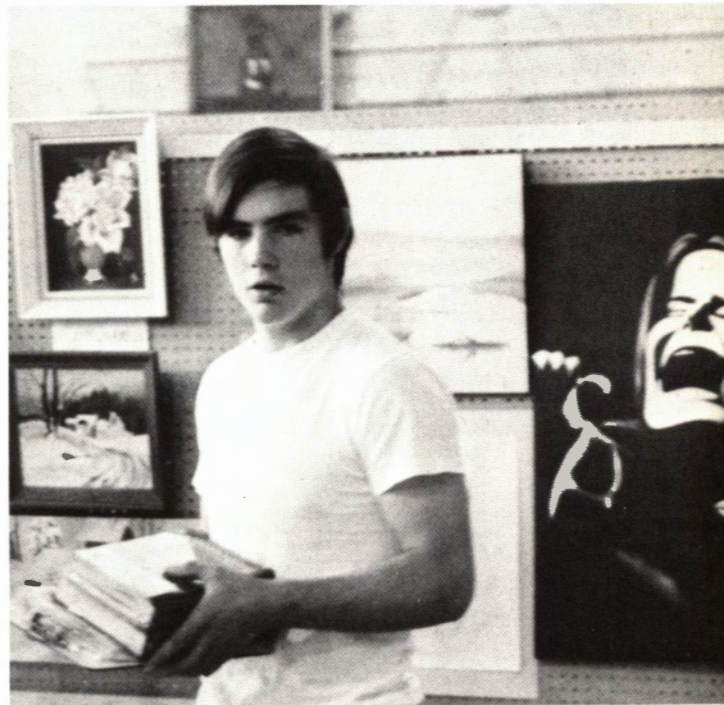

Masters of ceremonies.

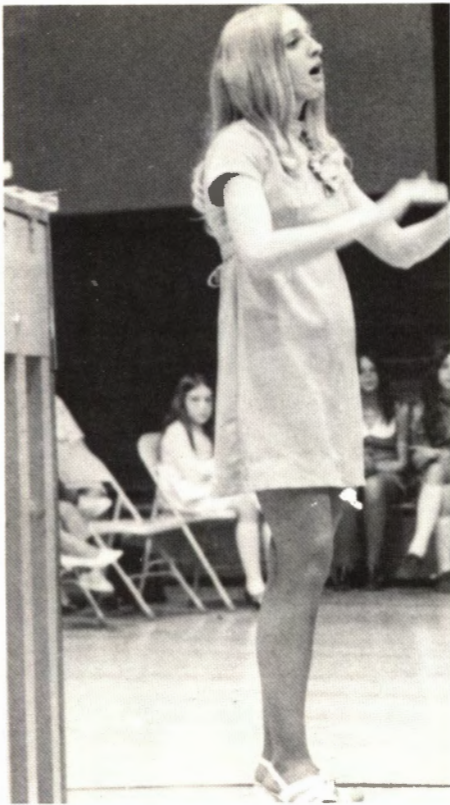

Art . . . an expression of self through many different medias.

This year's senior class made more money than any other class in the history of Stockbridge. The spaghetti dinner was only one of many money-making projects. Others included bake sales, work days, a rummage sale, glass recycling and a Hootenanny. The streets of Stockbridge were overrun by sellers of candy, magazines, pens and cushions. The seniors were desperate for money to go to New York.

Through miraculous miracles, thousands of supernatural brainstorm, and impossible amounts of fantastic luck, these people created the 1972 yearbook.

Is this the place for higher learning?

This year the pace-setting class of '72 decided to have a Hootenanny, a function that the school hadn't seen for several years. The Hootenanny was very successful with students' talents ranging from singing to gymnastics. Also Salmugundi was there to perform for the dance. Alex Weddon and Mark Denome were responsible for the fine show.

Salmugundi were there!

**Stockbridge girls
do the
strangest things!**

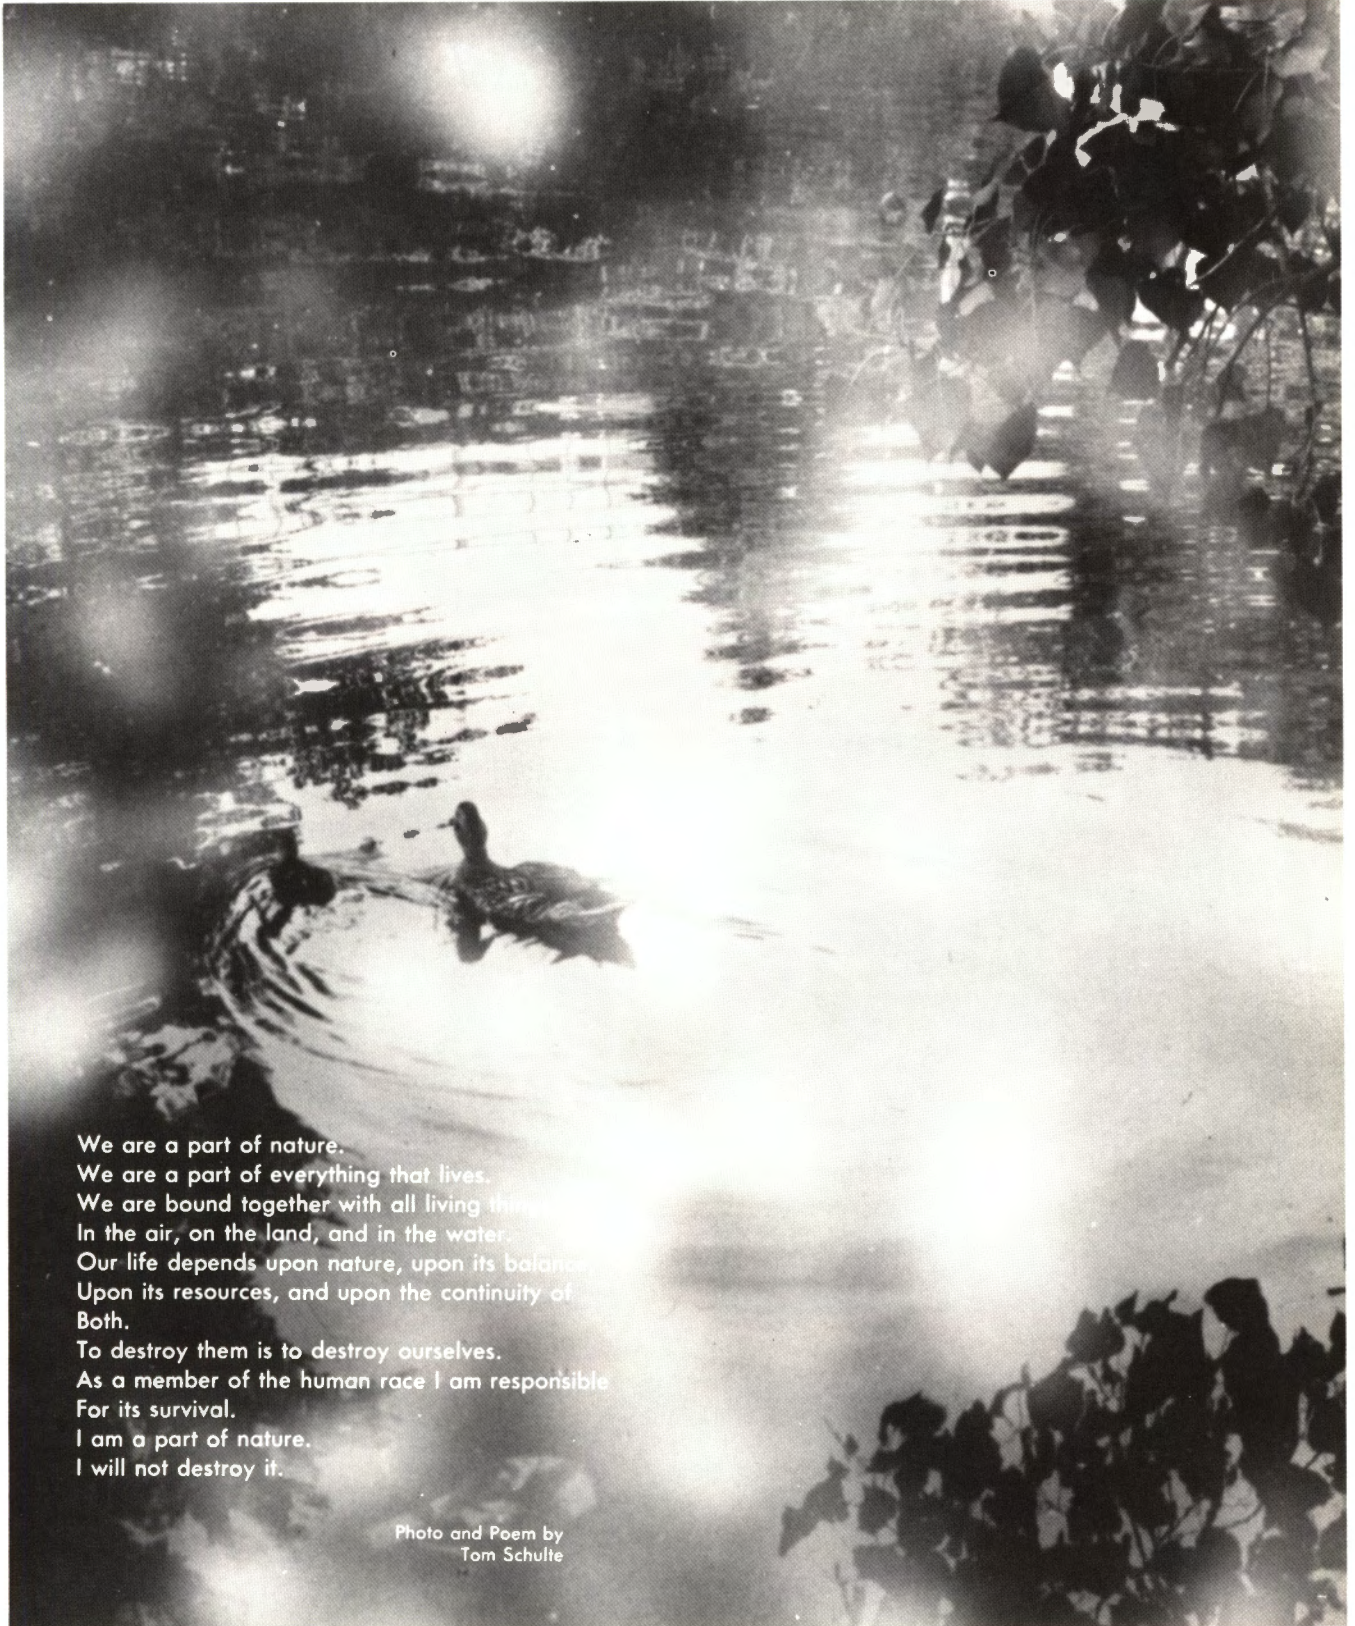

Breaking with tradition, this year's seniors flew to New York to see the sights and hear the sounds of our nation's largest city. The events of the trip included viewing a Broadway play, several tours of the city, and a ferry ride to the Statue of Liberty. Rich in both educational and recreational merit, the trip was enjoyed by all.

Year after year, class after class, graduation takes place at Stockbridge High School. There was nothing different, nothing special, about this year's seniors — or was there? Granted, they did a lot of things that no one had ever done before. But this alone makes nothing special. They were exceptional, however, in that they showed a love of life and a zeal for hard work far above that which was expected of them, and what is more they will continue to love life and work hard today, tomorrow, and for the rest of their lives. It is in this that they will prove to be the asset to the world that they were meant to be. Something has made this class just a little bit special. Could the advisors have had something to do with it? Maybe not. But without the hard work of those particular supervisors involved, this class would not have been what it is today.

There is sorrow in parting and for many of us graduation is a sad time for it is one of the greatest partings we will ever experience.

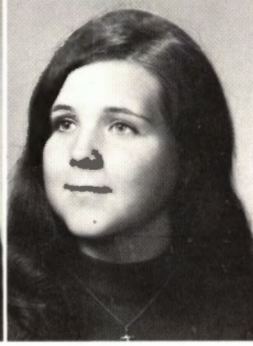

We are a part of nature.
We are a part of everything that lives.
We are bound together with all living things
In the air, on the land, and in the water.
Our life depends upon nature, upon its balance,
Upon its resources, and upon the continuity of
Both.
To destroy them is to destroy ourselves.
As a member of the human race I am responsible
For its survival.
I am a part of nature.
I will not destroy it.

RICHARD HOWLETT
Superintendent

ADMINISTRATION

ROBERT BOYD
Principal

Everyday problems in scheduling, financing, and discipline come to these men and this means a lot of work. A big thanks goes to them for their dedication and aid they give to the students of Stockbridge High.

PHIL HORA
Assistant Principal

As the administrative head of a learning institution, the superintendent must supervise instructional programs and work closely with the main office to provide for improvements in the curriculum. Mr. Howlett has done this job and done it in such a manner as to provide for both the best interests of the faculty and students.

What can be said about the School Board? Upon them has fallen the horrendous job of providing for the needs of the school districts 2000 students. That they keep on top of this work load and still lead their own lives is a miracle for which we are all grateful.

MRS. GRACE COLLINS — Mr. Boyd's Secretary

MRS. JEAN MARSHALL — Bookkeeper

MRS. THELMA FRINKLE — Mr. Howlett's secretary

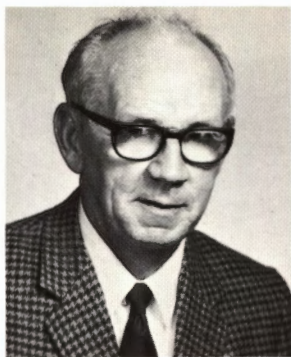

MRS. ANN JACKSON — Bookkeeper

Running a school smoothly takes the precise clerical work and business activities management of the secretarial staff.
