"The most salient characteristics of Okemos High School students are that they are very academic and business like. Their futures, the colleges they will attend, the careers they will pursue are of paramount importance to them. As a result the OHS student is really quite a treat to teach. The Okemos student is challenging and indeed ennoble the

adults with whom he/she interacts, both in and outside of the classroom. None of this should be taken to mean that our kids don't have their lighter moods, but it is immediately apparent to anyone who observes our student body that they are observing those who will lead in the next generation."

Dr. John Lanzetta

The Chieftains of Okemos are a tribe derived from the mighty Chippewa, once inhabiting the beautiful wooded lands of Okemos. Friendly, yet powerful, they are respected leaders in sports, academic achievement, the arts, and above all SPIRIT. The one aspect which sets them above the rest is their unity as a family. The Chieftains are strong and loyal, bonded together as one.

Summer Pow Wows

"It was one of the best exchange trips we've ever had. The trip was what I thought it would be. There were many tears when we left."

Sarah Juntune

"It was a wonderful affair."

Doug Collar

Also quoting from Shakespeare's **A Midsummers Night Dream**:
"Now fair Hippolyta, our nuptial hour draws on apace."

"It weighed 31 lbs., 12 ounces; but it was an average size for a Chinook Salmon — no big deal."

Jim Dobias

"You can use my shots of action in the park."

Rick Ross '81

Getting A Head Start

"Before school starts we only have football on our minds, then school starts ...

Jim Powers

"We liked summer practice; we could run anywhere we wanted to. Once school started it took a lot of discipline to keep going."

Mark Velicer

"The pre-season drills, a week before school started, helped us rate over all area bands in competition."

Jan Crittenden

"Intensified practice in late August helped us to place high in various camp competition."

Marilyn Bowker

"We started practice the last week in August with a lot of Freshmen coming in; the swim team is looking up and into the future."

Beth Mitchell

"I think Homecoming brings out a great class spirit. I'd like to give a medal to the class officers for their great effort in the organizing of all the activities — essentially things went well. Idealistically, if each class could win at least one category (or come close) it would make the work and worry worth it. Also, if those who don't participate in float building or sign making or skit planning could see how much fun those who are doing it are having, I think they'd help out too."

Mary Mather, Student Activities

"A group of fantastic freshmen artists have arrived on the scene — witness the signs by Todd Johnson."

Dorothy Feters

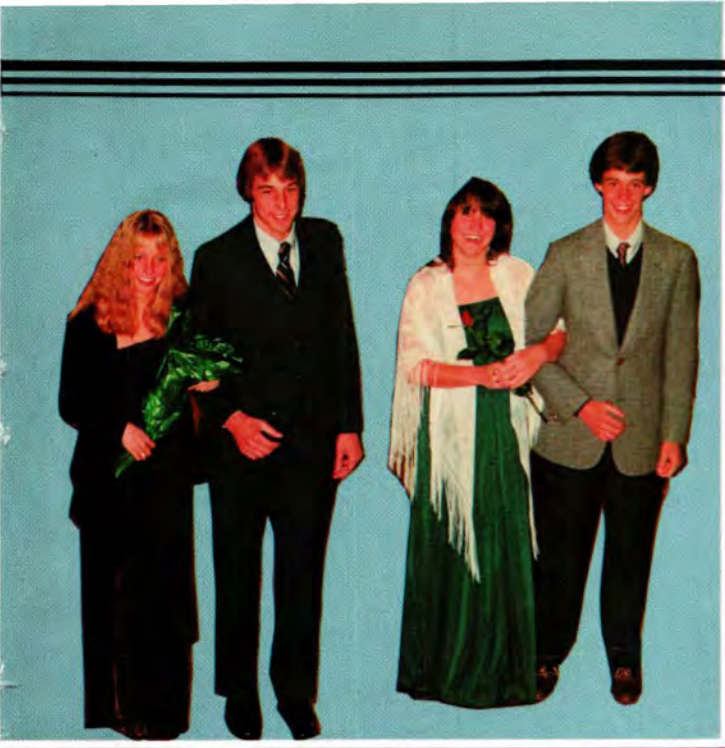

"The Freshmen who worked with me were talented, creative, and extremely hard working, and it was a pleasure to know them and work with them. I wish more people would have been involved."

Jackie Stewart, Freshmen Advisor

"The Seniors did a really great job with the float . . . We have a super class and the potential is great."

Keri McBride

Courtesy of Bob Stern, Towne Courier

"I am glad to be a senior, I like to intimidate people."

Mark Kubinec

"It's good being back in school, and seeing friends you didn't get to see over the summer."

Jean Marttila

"I was getting very bored so I am relieved that school has started up again."

Tom Hutchinson

"I regret having to get up so early in the morning. The best part of coming back to school is knowing that I will be graduating at the end of this year."

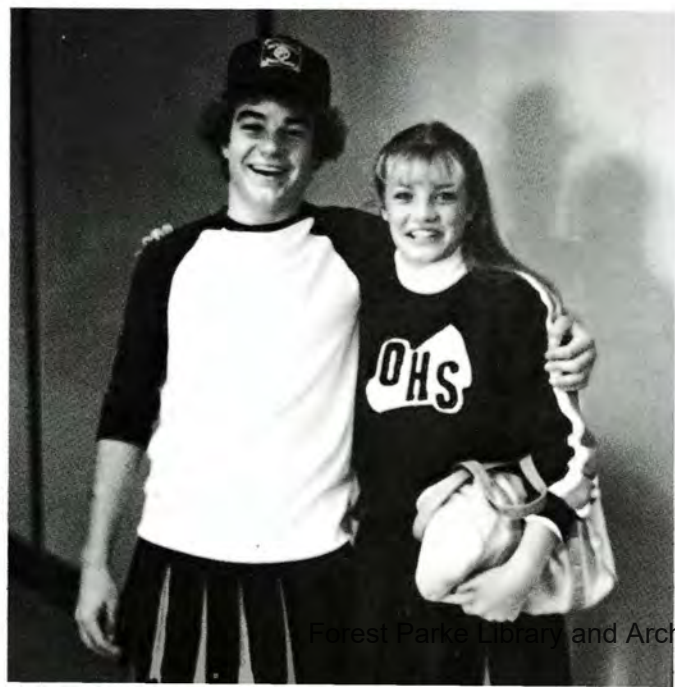

Samia Jildeh

"Being a new student at Okemos, the best part of returning to school is getting to meet new and different people."

Jamie Klewicki

Return Of The Warriors

"When the coaches and the players are at a game and on the field we are oblivious to the fans, but we sure appreciate the great support we always get."

Jim Powers

"They should bring back tie day."

Greg Kurczynski

"Spirit week is a good chance to show school spirit and everybody gets into it."

Tom Hutchinson

"Spirit week went well because of strong school participation."

Susie Lewis

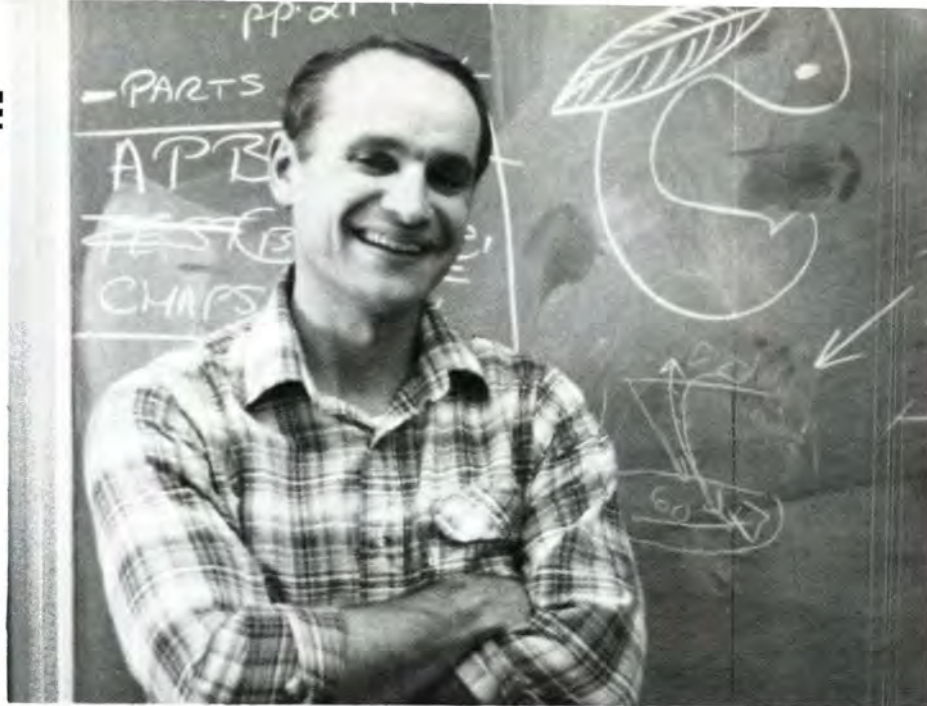

Spiritual Offerings

Being A People Watcher

Front Row: Julie Wetherell, Jane Chou, Nina Kallen, Rebecca Ellis, Irene Song. Row Two: Supt. Dr. Wertz, Bryan Wildenthal, Jay Gill, Randy Ward, John Bell, John Anderson, Principal Dr. Carew.

"I like to watch them interact with each other. I learn a great deal from all of them, It's a great experience."

Scott Purvis

"I almost never met a person I didn't like. I'm a people watcher. I could sit on a park bench and watch people all day long. I especially enjoy talking with people about political issues to see if they have formulated an opinion on some of the important issues of the day. When their opinions are right, I applaud that, and when their opinions disagree with mine (and they are obviously wrong) then I try to convince them of the error of their ways."

Steve Thomas

My Senior Year Is

"preparing myself for the future. When I leave OHS, I hope to take with me all the memories of good times I have had."

Ted Bozarth

"in reality, my last year of being a 'kid'. I'm looking forward to next year. My senior year has been socially rewarding more than academic. I'm also looking forward to life, not having to look forward to 'my next year in school'. But, college is an experience I'm looking forward to, also."

Doug Warren

"ain't nothin' but an OHS party."

Michelle Savidge

"School has been a terrific adventure; but I'm ready to leave and conquer the world. (Senioritis has definitely struck!)"

Billie Ochberg

"simple delicious!"

Grace Phillips

"They always spoke of senior year as being a magical, rowdy and memory-filled time of fantastic fulfilled parties, good times and special friends, which all goes by too quickly. They were right."

Jenni Gurzenda

"full of pressures and expectations."

Jackie Young

"In the future, when I look back on this year, I'll know CACC is the only privilege that this school has. CACC is the only reason I come to school and the only reason why I will graduate."

Julie Patterson

"OHS will always be friends and events that I will always remember."

Casey Cisco

"The only reason I came to school this year was because I knew I was going to graduate and wouldn't have to come back next year!!"

Jeni Freeman

"do it now, because you may not have a chance to do it later."

Monica Moya

"A time to party."

Bronnie Cross

"Apathetic."

Mary Zuhl

"will be better when I graduate."

Sue Moyer

"metamorphosis and rebellion."

Jane Chou

"bizzare."

Jamie Klewicki

"a time to pull together."

Shawn Greenberg

"a learning experience."

Scott Arens

"Seeing immature students."

Dave Battaglia

"a good step before the rest of my life."

Tanya Tormala

"Easy."

Sam Waldimiller

"alot of studying, but alot of fun."

Mary Pitlanish

"being able to wear a mini-skirt with purple tights."

Irene Song

"my last year here."

Jeff Stein

"no big deal."

Melisa Savidge

"senioritis is the only way."

Beth Mitchell

"This year was great, but the weekends were better."

Carl Donakowski

"A time to quit working at Wendy's and relax."

Molly Robke

"studying for A.P. Chem and failing."

Pete Wagner

"saving for college."

Al Woodrow

"waiting for weekends."

Matt Cleary

"I have met a lot of people and have made a lot of friends. I will be glad though to get out of school; I don't think I could survive another year."

Michelle Netzloff

"Backstage has never looked better."

Liz Freed

"The UN club is God's gift to Okemos."

Nina Kallen

"I think that Chess club is popular; it's complex enough not to be boring, but it's enjoyable too."

Larry Lai

"The UN club is one of the few clubs that looks outside the High School for its perspective. It is a club that is not interested only in today, but in the future. It's interested not only in America, but in the world. I have never sponsored a club at Okemos before because of the time commitment, but the UN Club has a mission that is special. I really enjoy it . . . and all the students in it."

Sprechen Sie Deutsch?

"Thirteen years ago I made the mistake of telling my German Club about the traditional late night parties I attended while I was living in Europe. From then on my groups have had a similar event every year without fail. This party is one of the major events for our club, and people go to it because it's an interesting change of our normal events. If it is well planned, it goes well, if not, it's a flop. Because it really gets things going for the club, it usually occurs around Christmas time. As for the club in general, we got off to a good start, and have enjoyed having very good attendance."

Mrs. Juntune

"Whatever we do, parties, trips, or dinners, we are always learning. Not always consciously, because we're having a good time. Everyone is welcome, German Club is the ultimate."

Susan Waun

Riding And Jumping Competitively

"This was the first year for the Okemos Equestrian Team. We competed with six other schools. Our coach was John Brazier."

Jan Crittenden

"Having an equestrian team gives Okemos students one more way to exhibit their talents."

"It took a lot of debate to get it going, but it was worth it."

"No, the letters U.N. do not stand for unsure, and nebulous, although members may be either, or both, rather U.N. stands for the United Nations. The Okemos High School U.N. Club has been going strong in its second year. The group's membership has doubled since last year, thus providing for lively, and sometimes heated debate. In October, over twenty students participated in the simulation of the Organization of African Unity (OAU) conference at MSU Union. The OAU provides a practice training session for the Great Lakes Invitational Model U.N., which will convene in London, Ontario in the spring. Club members will each be representing one of four countries: Jordan, Nepal, Mexico, or Mozambique. We learn much about the world, but we have alot of fun while we do."

"Due to the trouble caused by the arguments between members over the old challenge rules, the leaders decided to change the rules in order to increase the playability of the club. This year the Chess Club is a teacher sponsored group, led by four governing officials. Together the Club plays other schools in the area for competition. So far the Chess team has defeated Holt in two consecutive games. Although for the past few years the Chess Club had been declining, the amount of support for the Chess Club has increased. We hope that by incorporating new rules, and better ideas this will prove to be the best year yet for the 'real thinkers'."

"From the murky bowels of OHS, it crawls forth, striking fear, revulsion, and horror in the tender hearts of those who love good literature."

"Parallels is God's gift to OHS."

Nina Kallen

"I can take it, or leave it."

"Enthusiasm, dedication, and outstanding musicians make the 1981 Marching Band one of Okemos' finest. A highlight of the year was the Band's thrilling performance at District Marching Band Festival for which they earned a first division rating.

Band members' memories of the 1981 season will undoubtedly include: pre-season drills in the mud; 4 home games in the first 4 weeks; California weather for the Homecoming parade; Beth Hall's choreography; lima beans for winners; Matt Kistler and the xylophone; Jay's conducting; Susan Bell and Jan Crittenden "running" the Band; cheers for Dave Youngdahl at Jackson Northwest; solos by Dave Kehler, John Anderson, Jay Roney, and Becky Ellis; a Saturday afternoon home game?; Lee Schneiders "super squad"; the saxophone squad; the Mason Band; Temptation, Boogie Woogie Bugle Boy, Ice Castles and West Side Story."

On A Musical Note

"CONCERT CHOIR — The O.H.S. Concert Choir started this year with invitations to two very prestigious choral festivals. The singers worked terrifically hard and gave super performances at both M.S.U. and Albion. I was very proud of them! It seems as if every year the O.H.S. Concert Choir gets better and busier. What a super group of singers I have to work with!"

"SOMEKO — In September; a new year, a new group, a new sense of excitement. In June a feeling of accomplishment mingled with tears of farewell. In between; one of the busiest and most exciting years for Someko ever. With their talents, dedication and hard work, this group achieves the high standard of choral music that the state of Michigan has come to expect from the Someko Singers. Congratulations!!"

Here we meet again on the banks of the mighty river, forming a reunion. Tribal rituals are something the Chieftains value greatly; and the social gatherings of the clans are of great importance. The tribal organization contributes to the togetherness revealed in the bonds developed by the Chiefs. We grow and learn by working together in all endeavors, whether it be in the classroom, on the field or in the community.

"Despite the difficulties of Student Government in recent years, I still remain optimistic about its possible accomplishments. I believe the best resource Okemos has is people. We have academic, athletic, and musical success, why can't we have a healthy student government? I have been searching for the reasons, and solutions to that problem for four years. Hopefully someday through efforts of the student body, OHS will also be envied for its excellent Student Government."

Allen Mishra

Grievance Committee: Allen Mishra — Co-Chairman, Ted Stamatakos — Co-Chairman, Jay Gill, Maureen McKinley, Kim Buffmoyer, Kim Koons, Pete Yohonis, Brian Kim, Bramlett Hamilton, Eric Stelljis.

"The Grievance Committee is an organization dedicated to advancing the interests, and opinions of the student body, and to increase communication with the administration. This is the fourth year the committee has been in existence, and by far the most productive. This has only been accomplished through enthusiastic student response, and encouragement from our administration. We hope the committee's success becomes a tradition at OHS."

Learning About Other Cultures

"The French Club this year has held its annual potluck dinner, and a holiday party on December 12. Members celebrated Mardi Gras with a costume party the first week in March. Prizes were given for the best costumes. The club has been planning a week trip to Europe next June. Students will be leaving for France, Switzerland, and Belgium on June 28. Students may join in taking the trip even if they don't speak French or belong to the French Club."

Ms. Coleman

"The French Club is not actually defined, it is very diversified at OHS."

Stacey Smith

Latin Club Officers: Billie Ochberg — President, Kim Davidson — Vice-President, Pete Yoshonis — Treasurer, Will Carlson — Secretary, Dean Tai — Secretary.

"The Latin Club has been very active this year, sponsoring a very successful car wash in September, a continuous Album raffle each week in December, and selling Christmas gifts. The club has planned several field trips, one to Kelsey Museum in Ann Arbor in March, and one to Mackinac Island in May. The Latin Club also participated in the Foreign Language Festival in February to help with fund raising."

Ms. Keating

"The Latin Club is one of the better extra-curricular activities at Okemos High School because we not only cover the academic aspect of Latin, but also a cultural side. The process we use makes learning great fun."

Jennie Phelps

"The Latin Club is good for college transcripts."

Will Carlson

In French, Spanish, And Latin

"The Spanish Club has sponsored two fund raising projects to earn money for its annual Spring trip to Mexico. Club members also participated in the second annual International Festival, sponsored by the language clubs, the U.N. Club, and the foreign students. The club is also in the process of organizing an exchange program with schools in Spain and Colombia."

Mrs. Bernard

"The Spanish Club is an enrichment of foreign cultures. It is fun because it is a great experience, and it opens doors to new ways of life. The Foreign Language Festival was excellent, and it was very enjoyable to participate in the organization of it."

"The FFA and Conservation Clubs are composed of students who have a common interest in agriculture, and the out-of-doors. The clubs' goals are; to promote cooperation among members, develop leadership abilities, develop an awareness of good conservation practices, and to promote community involvement.

To help achieve their goals, the club participates in many school and community activities as well as holding its regular meetings.

The citrus fruit sale is our only fund-raising project. We are interested in re-establishing the Eastern Bluebird in this area. We are making, and putting up, eight houses per year in an attempt to encourage Bluebird nesting. Another project is helping to beautify the school grounds by taking care of flower beds in the summer, and planting shrubs.

Different activities concerning conservation, and agriculture help students learn about: gun safety, soil erosion, pesticide safety, and farming in general."

Becky Ellis

"It was my first year on the team so I was very nervous, and usually ended up drinking everyone else's water."

John Anderson

"I think the toughest thing about preparing for the tournament is getting them all together in one room at the same time. I am just astounded at what they know sometimes. It's a great pleasure to be associated with them, they are great kids. They are so involved! Quiz Bowl is the High School version of College "Bowl", it is a fast moving question-and-answer game lasting only eighteen minutes. It's a game of quick recall, and fast response, with points going to the team that answers correctly first. Questions cover a broad range of topics including: Science, politics, literature, history, religion, art, chemistry, geography, movies, television shows, Olympic competition, music, Nobel Puitzer Prizes, and Academy Award winners. Both divisions, A-B and C-D, have a champ and a runner-up. Along with trophies, the top four share \$24,000 in Alma scholarships. The two top winners receive a Trustee Honors Scholarship worth \$8,000 each. Runners-up get Presidential Scholarships valued at \$4,000 each. Scholarships do not have to go to members of the Quiz Bowl team."

OKEMOS JAZZ ENSEMBLE

"The 1981-82 Okemos Jazz Ensemble peaks off four years of playing together for its seniors: Andy Spencer, Jay Roney, Jay Basinger, Matt "Beaver" Grandstaff, Tina Hill, Dave Guenther, Dave Robertson, and Mike Meade.

In December the band played for a State Employees Retirement Banquet, an audience of about 750 at the Marshall St. Armory.

Another highlight of the year was performing as the Feature Band and "Pit Orchestra" at the "Addy" Awards Banquet at Longs in February for the Mid Michigan Advertising Council.

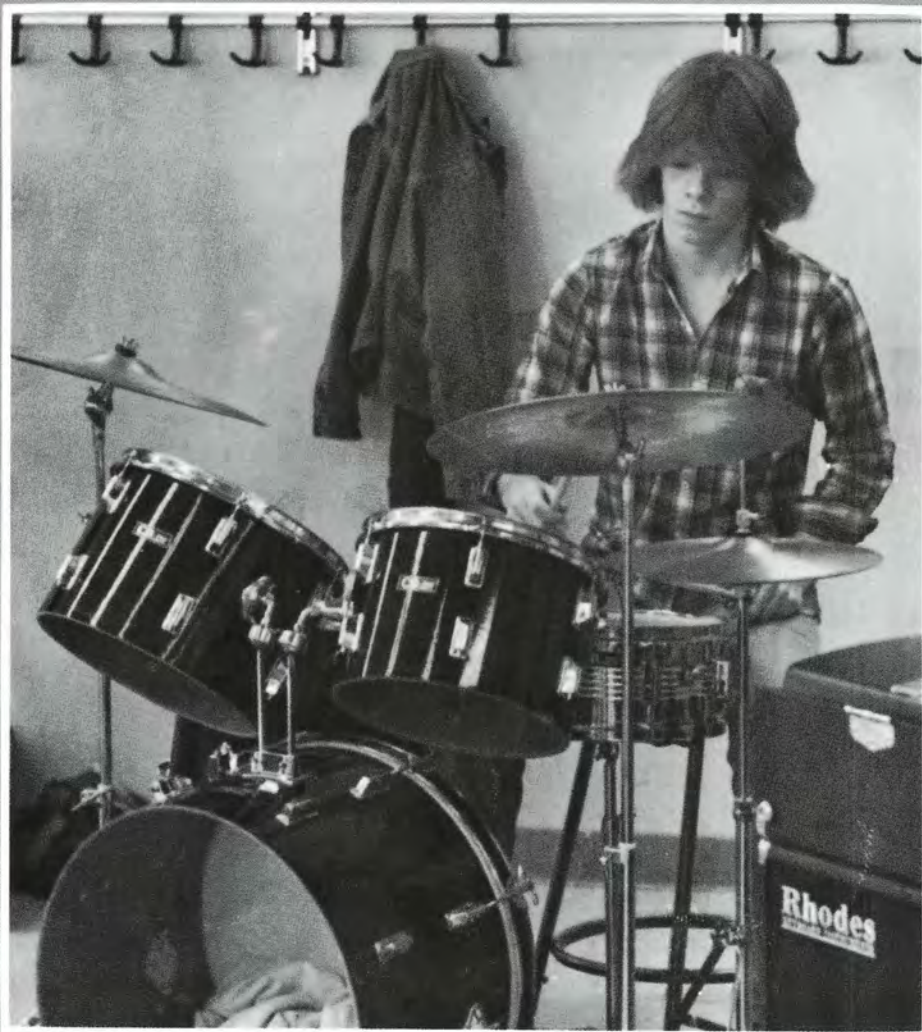

Finally the band was invited to perform at the "Michian Teacher of the Year" award ceremony at the University Club in March.

The band took its annual trip to the Central Michigan University Jazz Festival and performed well there as well as at the Michigan State University Jazz Festival."

"Many of us lost our voices from practicing so much. We got them back just in time for opening night. Whew, that was close."

Denise Long

"It took plenty of sweat to turn what we had to work with into the professional play it turned out to be."

Elice Wallach

"It never seems like it will come together, but it always does."

Trent Rasmussen

"Once the stage crew gets its act together, everything falls in place."

Dave Peterson

"I knew before the play started I would forget my only line."

Jim Drumm

"The musical is a very good opportunity for people who enjoy singing to get involved outside of class."

Alex Dzenowagis

"I love plays; I think they are one of the most exciting events of the school year."

Mary Lingeman

"There wouldn't have been a musical if it wasn't for the orchestra and Mr. Barry. We did exceptionally well considering the number of practices we had."

Collage '82 Is The Showcase

"The choir helped Okemos maintain its good reputation with its perfectly tuned voices."

Tim Lewis

"Collage concerts should have been done a long time ago; This is just the second year we've had it; and it is great."

Tracey Hatton

"The band added something special to the festival; they always do."

Jan Crittenden

"Someko is the most challenging group in this school."

Susan Wuan

"I'm proud to be part of the band; we're the best around."

Evidencing Students' Dedication

"The Fine Arts Festival Really Shows All The Talent Okemos

"Our orchestra is great and I'm glad to be part of it."
Belinda Chou

"How many masks did we make that afternoon —
including the horse mask?" Maggie Chen

"Jazz band is lots of fun and it will help you in life."
Charles Boyd

"It was encouraging to have the opinion of the

Okemos Talent Honored In Atlanta

"The Atlanta trip was really fun, it's not every day you get to meet Coretta Scott King."

Angela Cunningham

"Fred Scott was really strange as a conductor, but nice."

Paul Rebeck

"I really enjoyed it; there was nothing to complain about. The host families were very nice."

Eric Lockwood

"The hardest thing about playing for a guest conductor is that every one has a personal style. The Wheeler High School director conducted us along with her orchestra in a medley from "Jesus Christ Superstar" and it took some getting used to."

John Anderson

"I learned a lot; but I wished it were longer because I didn't get a chance to really see what the Atlanta schools were like."

Heidi Schramm

"It felt really good to be able to do my best work and have it acknowledged and appreciated by such outstanding people."

Alex Dzenowagis

"None of the opportunities would have been possible without the continued efforts of the steering committee: Betty Blinn, Eunice Creswell, Chris Hankins, Beverly Herrera, and Madeline Masterson." The experience was greater than anyone ever dreamed."

Marilyn Kesler

Expressing

"Art is the connection with the half of the mind and brain which goes neglected by traditional academic basic school courses. Creativity is not an accident; it's a mandatory necessity for the future and art provides a great link, a great step, in the process of learning creativity".

Bruce Rae

"With the arrival of this year's freshman artists, the future of the Art Department is ensured and our talented, ambitious seniors make their departure having contributed to creative expressions in the visual arts — from ceramics to television."

Dorothy Feters

Visually

ARTISTS:

Ann Duncan
Jeni Gurzenda
Jean Lynch
Amy Purvis
Jeff Walling

"It's the most advanced high school art program that I know of; it really lets you express yourself in your own way."

Pamela Davidson

"Mr. Rae brings on a new form of feeling and expression in the field of art — he's great".

Tracy Chapman

"Art classes are kick ..."

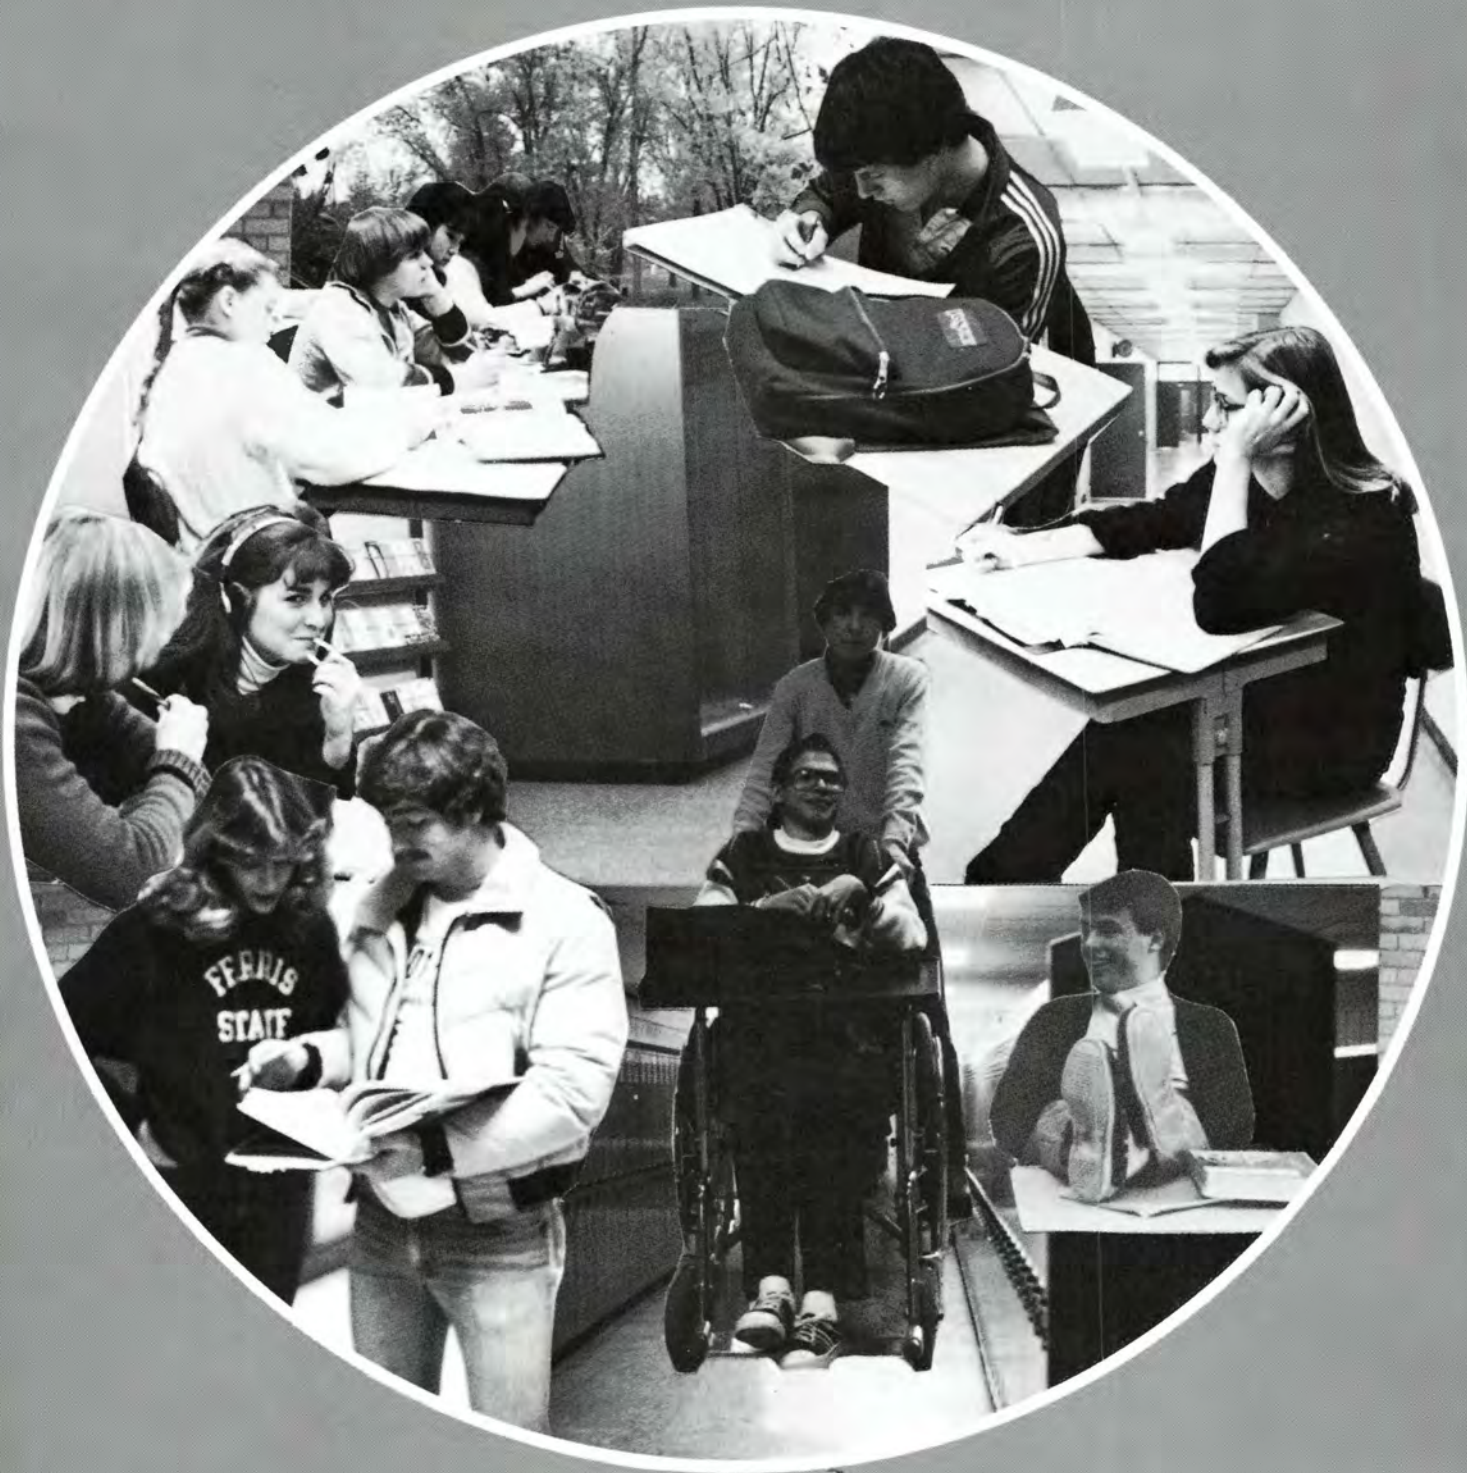

George Poletes

"The art teachers take time to work with their students."

Shawn Thorsen

Indian Lore

"Kathy Doyle's bridge withstood 300 pounds of weight before it collapsed — the best bridge in the class!"

David Pressick

"I have been playing for seven years. I have done a lot of things." John Wolfe

"There should be recognition in a national publication, such as Woman's Day, for this creative delicacy done by Laura Boger."

Mrs. Luci Baker

"Chemistry is the hardest course in the school, but it is a mental preparation for life."

Doug Beek

"It took a long time; but I'll be the sole survivor of the next Okemos flood."

Dave Krumm

Creative Ways . . .

... Of Learning

"It takes a long time to decide what you like for T.V. studio, but we learn from our mistakes."
Billie Ochberg

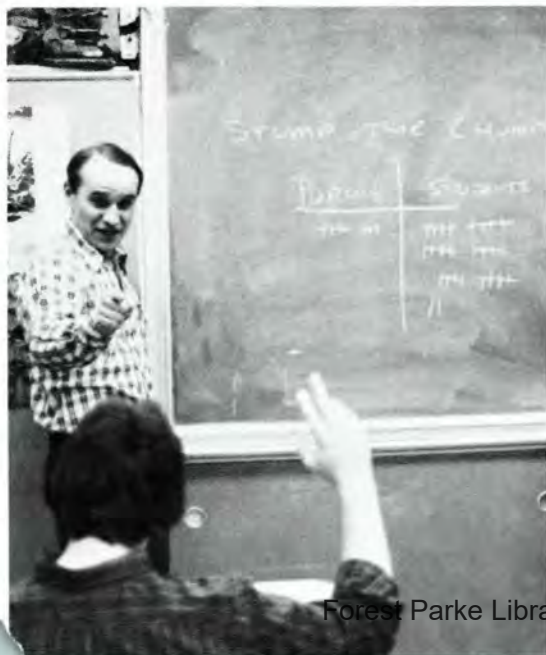

"The teachers try really hard to make the classes fun."
Jamie Klewicki

"Media Lit gives a new and innovative way to learning."
Darryl Jacobson

"Student assistants mostly do busy work; but you learn things that you normally wouldn't."
Ruth Bell

"Stump the Chump is great; you learn and have fun at the same time." Penny Peterson

"The tunes on 101 in Fletcher's class make it fun."
Ron Hughes

In And Out . . .

"Math is my favorite class; but sometimes I don't like the homework."

Steve Douglas

"I think all my classes are good, but math and spelling mostly because they're fun to do."

David Shipman

"I enjoy all the parties."

Did The Whole Thing"

Long ago we
used to play with
bottle caps.
Now our toys are
cars, girls, or guys
and other things (??!!)
We were standing in the
halls saying good-bye.
Fumbling for words
not knowing what to
say.
We all know we
left our marks,
if just on one another's
souls.
Did I ever say I
love you — ?
No, probably not.
